PEACE TALK PREMATURE

GERMANY DETERMINED TO MAKE CLEAN SCORE

REPORTED LOSS OF RUSS WARSHIP DENIED.

London, Nov. 27.—Authoritative denial is given here to a report that the Russian cruiser Filba had struck a mine in the Gulf of Finland and had gone down with 450 men. The report is declared to be absolutely untrue.

Berlin, Nov. 27.—(Via London, 1:45 p. m.)—The Cologne Gazette, commenting today on a newspaper dispatch dealing with the renewed peace talk, writes:

"It is premature to talk about peace and it strikes us as frivolous. No German diplomat and no German soldier thinks of concluding an illusionary peace with the powers which we have beaten and confidently hope to continue beating.

"In Germany everybody from the kaiser to the day laborer is determined to make a clean score this time. Talk in England about peace is a bluff."

An Official Statement.

An official announcement given out in Berlin today says: "English ships did not attack the coast of Flanders again yesterday. There is no actual change along the battle front in the western arena. To the north of Langemarck we have taken a group of houses and made a number of prisoners.

"Our attack in the Argonne region has made further progress. French attacks in the neighborhood of Apremont and to the east of St. Mihiel were repulsed.

"In the eastern arena of the war there were no decisive engagements yesterday."

An official report says:

"The fighting in Russian Poland has assumed the proportions of a continuous battle. In western Galicia our troops have repulsed the Russians. Marked progress has been made in the fighting in the Carpathians.

"Near Kolbura river, in Servia, the enemy's center is in a very strong position near Lazarevaltz. We attacked and took 1,200 prisoners, three guns, four ammunition wagons and three machine guns. To the south of Ljid (?) we took the eastern heights and 300 prisoners. From Valjevo our troops have advanced to Kosjovici."

FIGHTING IS SLACKENED.

Engagements Along Western Line of Lighter Character.

Paris, Nov. 27.—(3:47 p. m.)—The French war office gave out an official announcement this afternoon as follows:

"The slacking of the artillery fire of the enemy was noted all along the line during the day of Nov. 26. Two infantry attacks directed against the heads of bridges, which we had thrown down on the right bank of the Yser, to the south of Dixmude, were easily repulsed.

"There was no other engagement on

Today's War News Given in Summary.

The campaign in France and Belgium, commonly regarded as the main conflict of the European war, seemed today to have entered, at least temporarily, upon a new phase. For the time being Germany has relinquished the offensive, which she held so relentlessly during the earlier weeks of the war. Official statements from Berlin and Paris showed that fighting, which has been diminishing steadily in severity for the last two weeks, has now flattened out to a mere series of detached skirmishes involving only small numbers of men. It remained to be seen whether this state of affairs was the prelude to another German onslaught as London has been predicting, or whether it meant that Germany had adopted new tactics which would thrust upon the allies the burden of the attack in an effort to drive out the invaders.

The French statement said that in the Argonne, where some of the most spirited fighting has been in progress recently, there were only small engagements yesterday. Ground was taken by the Germans and retaken by the allies, but the insignificant scale of these operations, measured by the magnitude of the war as a whole, is shown by the statement that the fighting involved no more than one battalion, and the disputed ground extended over no more than 25 yards. The German statement reports some progress in this region. At a few other points further west in France and in Belgium there were small brushes.

The situation in Russian Poland, the present object of such great concern to all, is dismissed in the German statement in one short sentence. It is merely said that there were no decisive engagements in the east yesterday.

An official Austrian statement is to the effect that the fighting has assumed the character of a continuous battle. In Western Galicia, it is said, the Russians have been repulsed by the Austrians. Latest advices from Berlin state that the outcome has not yet been decided, although partial German victories are reported.

Opposed to this are the unofficial statements from Petrograd, Paris and London that Germany has been defeated decidedly, and Earl Kitchener's announcement in parliament

MAY DECIDE ON NEW YORK STOP

President Much Rested by Brief Visit With His Daughter.

Williamstown, Mass., Nov. 27.—Thoroughly rested by his short visit here President Wilson planned to leave at 4 p. m. today. His original intention was to go straight through to Washington, but he may decide to stop over in New York Saturday and Sunday to visit his firend, Col. E. M. House. Should he decide not to stop in New York he will arrive in Washington at 9 a. m. tomorrow.

Mr. Wilson called on President Garfield, of Williams college this morning for a brief visit and later began working on some correspondence.

President Wilson plans soon to see Henry Van Dyke, American minister to the Netherlands, who is reported to have a message from Queen Wilhelmina relative to means of bringing about peace in Europe. It was suggested here today that the president stop over in New York on the way back to Washington to see Mr. Van Dyke, but members of Mr. Wilson's party heard he expected to get through to Washington and wouldn't meet the minister until after his return to the capital.

IVY REYNOLDS IS ACQUITTED

Man Accused of Wife Murder Freed Under Court's Instructions.

Connersville, Ind., Nov. 27.—Ivy L. Reynolds was acquitted today of the murder of his wife on February 16 last by poisoning, after Judge George L. Gray had reversed a previous decision and instructed the jury to find the defendant not guilty.

Judge Gray last Wednesday overruled a motion of the defense to order the acquittal of Reynolds, but today announced that he had looked further into the evidence and had decided that a case against the defendant had not been established.

The trial had occupied the court for sixteen days and was one of the most sensational ever held in this city. The state made much of the fact that Reynolds had married Miss Dora Gerber, of Morencie, Mich., eleven days after the death of his first wife. A trip, on which Reynolds met Miss Gerber at Toledo, Ohio, and registered at a hotel there as Mr. and Mrs. Reynolds, also figured largely in the evidence offered by the state.

HARD TASK TO JOIN CARRANZA

Vera Cruz, Nov. 27.—John R. Silliman, the personal representative of President Wilson in Mexico, is finding difficulty in joining Gen. Carranza. Mr. Silliman is in Mexico City, while Gen. Carranza is here. The railroad line between the two cities is cut. Mr. Silliman has received instructions from Washington to continue with Carranza, and it is believed here that he will have to undertake a lengthy automobile trip to carry out his orders.

Gen. Carranza today established his

This Fort Wayne Party Is One of the Number That Inspected 3,400 Miles of Lincoln Highway.

Left to right—Frank Holloway, Frank E. Bohn, Peter D. Smyser, Dr. E. W. Dodez.

LOCAL BOOSTERS TRAVEL HIGHWAY

Fort Wayne Party Goes Over Route of the National Road.

At exactly 10:20 o'clock Friday morning Dr. E. W. Dodez, appointed special inspector by W. M. Griffin, councillor for northern Indiana, accompanied by Frank E. Bohn, Peter D. Smyser and Frank Holloway, started from the end of the concrete road at the outskirts of New Haven to travel the section of the Lincoln national highway between that point and Ligonier, and the party is one of a great number that started out the same day to inspect every inch of the 3,400 miles of the route from New York to San Francisco.

The results of the inspection will be reported to J. T. Partington, of Detroit, secretary of the Lincoln National Highway association. Each inspector was instructed to set his speedometer and get the distance covered and it was shown by Dr. Dodez that the concrete road is exactly four miles in length and is probably one of the best sections along the entire route.

The instructions also directed that the signs along the route be counted and the number reported, that the road conditions be looked over carefully and such suggestions as may be deemed necessary be sent to the secretary of the association.

In posters sent out by the organization the people of the United States generally are advised to "see America first," through the medium of this highway and to imbue the tourist with the idea of "over the Lincoln National highway for me next year."

It is also intended to demonstrate that every city and town located on the route ought to have an organization to boost the project for the commercial value, as tourists passing over the course will spend some money in each of them every summer.

It is proposed that the entire route be covered by the various parties in twelve hours, which will set a record of practically 300 miles an hour.

RAIN CHECKING FIRES.

Downpour in Arkansas Big Help to the Situation.

Little Rock, Ark., Nov. 27.—Rain which began falling over southern Arkansas yesterday became general over the entire state today and from all points came reassuring reports that the forest fires were subsiding. The local weather bureau predicted a continued fall of rain tonight; no acurate estimate of the losses suffered has been made, but the lumber loss has been great.

PUTS BLAME ON AMERICAN

Tennessee's Launch Helmsman Failed to Heed Warning.

TURKEY EXPLAINS FIRING OF SHOTS

Mr. Bryan Says This Latest Report Closes Disturbing Incident.

Washington, Nov. 27.—The Turkish commander of the fort of Smyrna lays all responsibility for the firing upon the cruiser Tennessee's launch to the indifference to the helmsman of the launch, who, it is said, did not heed warning of the presence of mines.

Secretary Bryan today issued a supplemental statement on the Tennessee incident based upon the latest communication from the Turkish minister of war to Ambassador Morgenthau in Constantinople.

"The war minister's report," said the statement, "states that he ascertained from the commander of Smyrna that two blank shots of warning were first fired and that the sentinel after waiting two minutes was obliged to fire the third shot in another direction from that of the launch, which latter shot was merely to prevent the helmsman of the launch from holding its course which lead directly onto the mines at the entrance of the port and to rescue him from a very certain danger. The commander of Smyrna expresses very great regret that such an obligation was presented to the sentinel of the port which he attributes to the indifference of the helmsman of the launch."

Secretary Bryan said this latest report closes the incident.

ARRIVES AT FALMOUTH.

Philadelphia Steamer Carried Food and Clothing for Belgians.

Philadelphia, Pa., Nov. 27.—A cable message here today announced the arrival at Falmouth, England, of the steamship Thelma, the first of the two Philadelphia steamers sent to Europe loaded with food and other supplies for the Belgian war sufferers contributed by the people of this city. The Thelma is bound for Rotterdam and left here Nov. 12. The second ship, the Norwegian steamer Orn, left Wednesday.

HONOR COMING OF CHRISTMAS SHIP

Notable Gathering at American Luncheon Club in London.

London, Nov. 27.—(3:23 p. m.)—There was a large gathering at the American Luncheon club today at a repast given in honor of the arrival at Devonport this week of the Christmas ship Jason, bringing Christmas presents from the children of America to the young folk of the warring countries of Europe.

John Callan O'Laughlin, representing the newspapers in the United States who aided in collecting the presents sent by the children of America, was the guest of honor. The Jason is preparing to leave Devonport tomorrow for France, and consequently her officers could not be present. Walter L. Page, the American ambassador, presided. Among those present were Lord Northcliffe, Sir George Riddell and Robert P. Skinner, the American consul general.

Mr. O'Laughlin described the origin of the enterprise and the American women and children contributed to the unique undertaking. Sir George Riddell expressed the appreciation of Great Britain.

Mr. Page explained that the British government had taken charge of the gifts and that they would be distributed through the British and Belgian relief committees.

Washington, Nov. 26.—China has applied for and will be paid in a few days $200,000 of the $1,175,000 balance of the Boxer indemnity remitted by the United States. It is being devoted to the education of 850 Chinese students in the United States. The remission of the money was authorized by congress.

ACTION TWO MONTHS AGO

Wilson Voiced Disapproval of Aerial Attacks on Unfortified Cities.

VIEWS GIVEN IN UNOFFICIAL FORM

Were Communicated to U. S. Diplomats in Warring Countries.

Washington, Nov. 27.—President Wilson has communicated unofficially to the diplomatic representatives of the United States in the belligerent countries of Europe his disapproval of attacks by bombs from air craft dropped on unfortified cities occupied by noncombatants.

The president was careful not to take the matter up officially and did not even make his communication through the state department, but personally addressed the American ambassadors abroad. The president took this course, it became known today, nearly two months ago.

The facts came to light through the publication of a report that the president had discussed the matter with European diplomats here. This, however, was denied by some of the prominent diplomats mentioned in connection with it, including the German ambassador.

Method Not Disclosed.

Just how the American diplomats abroad were to convey President Wilson's feeling in the matter to the foreign governments has not been disclosed as white house officials in the ab

NEAR DEATH IN GAS-FILLED ROOM

Arthur W. Smith is Revived With Much Difficulty.

Hearing moans coming from the bath room and smelling escaping gas, Mrs. J. A. Graham, landlady of the Home hotel on Barr street, between Main and Columbia streets, broke the lock on the door leading to the room and found Arthus W. Smith lying in an unconscious condition on the floor overcome with gas at 10:40 o'clock Friday morning. She immediately called for the police who with the aid of the pulmometer, revived the young man after fifteen minutes of use.

The young man, who is seventeen years old, is the son of W. B. Smith, a printer, and has been living in Fort Wayne only a few weeks. It is thought that he had gone into the room to take a bath and had lighted the gas burner but had turned it on full and that escaping gas filled the room. He was found on the floor beside the tub.

Physicians succeeded in restoring natural respiration after laboring twenty minutes with the lad, and he was pronounced out of danger, though unable to explain how he came so near death. It is said that failure of discovery of his plight five minutes more would have meant certain death for the boy.

As soon as Mrs. Graham discovered the plight of young Smith, she called the police and Officers George Eisenhut and George Heller, with Dr. J. H. Gilpin, secretary of the board of health, hastened in the patrol wagon with the pulmotor to the aid of the asphyxiated man. The pulmotor did its work well and in about twenty minutes Dr. Gilpin pronounced Smith out of danger.

The bathroom in which Smith came so near death is the some in which a young man was killed by gas in the same way about two years ago.

LAST-MINUTE NEWS

NOW BRITISH COLLIER IS BLOWN UP.

London, Nov. 27.—(5:00 p. m.)—The British admiralty this evening announced that the collier Khartoum had been blown up today by a mine off Grimsby. The crew of the Khartoum was landed at Grimsby. Grimsby is on the south bank of the Humber 14 miles southeast of Hull. The Khartoum was 315 feet long, 40 feet beam and 20 feet deep. The vessel was built at Stockton in April 1893.

THIRTY MUTILATED BODIES RECOVERED.

Sheerness, Eng., Nov. 27.—Thirty bodies from the British battleship Bulwark were recovered from the river Thames today. The Bulwark was blown up off Sheerness yesterday, presumably as the result of an internal explosion. Most of the bodies so far recovered are mutilated almost beyond identification. Many pathetic scenes were witnessed as relatives gathered in an effort to obtain information concerning the men on the ill-fated warship.

CALLS MOSLEMS TO HOLY WAR.

Constantinople, Nov. 27.—(Via London 2:02 p. m.)—The proclamation of a holy war announced for the first time some ten days ago was published here today. It is signed by the sultan and twenty-eight Moslem priests and calls upon the Moslem world to participate in a holy war against Great Britain, Russia and France.

COWS HAD MERELY GONE ON A SPREE

Lafayette, Ind., Nov. 27.—When Samuel Shearer, a farmer living near here walked out onto the pasture this morning, he beheld a strange sight—nothing less than an orgie. Bessie, one of his best milk producers, lay on the sward with her legs pointing to the sky. And from Bessie's lips came unmistakable hiccoughs. Three other cows were disposed in various sitting and reclining positions about the field. Darby, a fat Jersey, was engaged in a persistent attempt to emulate her ancestry of nursery lore which "jumped over the moon." The farmer invited

CATTLE PLAGUE IS NOW CHECKED

Washington, Nov. 27.—Satisfied that the ravages of the foot and mouth disease among cattle have been checked and that the epidemic is now under control, officials of the bureau of animal industry today determined to begin lifting the quarantine imposed on the cattle markets of various states.

Plans were made at the bureau today for the immediate lifting of the quarantine in parts of eastern Iowa and southern Illinois. As rapidly as the bureau can be assured that all infected

DROPS DEAD AFTER RELEASE FROM PRISON.

Waupun, Wis., Nov. 27.—The wish of Davis Jacobs, 60, who had spent twenty years in state's prison for murder, that his life not be ended within the walls, was granted on Thanksgiving day only to be followed, it became known today, by the old man falling dead a few moments after eating dinner with his son at a local restaurant outside the prison.

A parole from the governor had been granted and the son arrived to accompany the father home.

Queen of Greece in Military Regalia

Athens, Greece, Nov. 27.—Queen Sophia of Greece has put on her war regalia and she is now honorary head of the First regiment of volunteers. The title was bestowed upon her when the Greeks gained control recently of Corfu channel and took possession of the southern part of Albania.

Queen Sophia is Kaiser Wilhelm's sister; she is 44 years of age and she has three sons and two daughters.

STOPS PAYMENTS TO CURB LIQUOR

Washington, Nov. 27.—Gross violations of the law against selling liquor to Indians or taking liquor onto an Indian reservation caused Cato Sells, commissioner of Indian affairs, today to resort to drastic measures to stop what he believes has become a practice on the Osage reservation in Oklahoma.

Commissioner Sells has invoked the law which empowers him to suspend payments to the Indians when he is convinced intoxicating liquors are within convenient reach of Oklahoma, and has directed the Osage reservation to suspend the December payment of several hundred thousand dollars "unless he is satisfactorily assured by the chiefs and head men of the tribe and the county and town officers, and also the leading citizens of Powhuska, that the prohibition of selling liquor to Indians or introducing it into Indian country is strictly enforced.

URGE U. S. TO AID MOVEMENT

South American Countries Want Warships to Quit Neutral Waters

Washington, Nov. 27.—Determined to reduce the effects of European war on trade of South American countries, the principal nations of South America are endeavoring, it was disclosed today, to secure the co-operation of the United States in a movement that would bring about an agreement with the belligerent powers of Europe to withdraw their warships from the neutral waters of the two Americas.

Extension of the territorial waters of a neutral country from the present limit of three miles to much larger limits that would permit an unmolested coastwise trade between the two Americas, the calling of a general conference of diplomatic representatives of the twenty odd republics of this hemisphere and provisions which would make impossible for warships to sustain themselves with supplies in neutral waters are among the suggestions which have been formally communicated to the United States government for consideration.

Argentina, Chile, Brazil, Peru and Uruguay have taken an active part in the negotiations. President Wilson and Secretary Bryan will confer on the subject when the former returns from Williamstown, Mass., and in the interval South American diplomats were busy today discussing with each other various suggestions advanced by their governments. None of the nations has gone beyond sounding out the European belligerents informally and some of the latter have expressed a favorable interest.

COOK GOES IN; ELLINGHAM OUT

Indianapolis, Nov. 27.—Homer L. Cook today succeeded Lew G. Ellingham of Decatur, as secretary of state. Mr. Cook was the second among the new officials elected Nov. 3 to assume office, Dal J. With the exception of George A. Bittler, of Fort Wayne, newly elected treasurer of state, and Charles A. Greathouse re-elected state superintendent of instruction, all of the new officials will have taken their places by January 1, 1915. Mr. Bittler will [illegible]

INDIANA CITIES SHOW TRADE GAINS

Reports to Chicago Newspaper Point Returning Prosperity.

Chicago, Nov. 27.—Indiana cities, in common with others in the central west, are showing encouraging signs of returning trade and industrial prosperity, according to reports printed by the Tribune here today. The Indiana reports are as follows:

SOUTH BEND.—South Bend is in a fair way of witnessing a good revival of business, following six months of depression. Within the last few weeks the large manufacturing institutions have been figuring on orders from Great Britain and Russia. Already the Studebaker corporation has received orders from England for automobiles, wagons, sleds, and harness to the extent of $15,000,000. Of this amount $6,500,000 is for harness. The Davies Shirt company has been asked to take as large a portion of an order for 600,000 dozen army shirts as it can make, and the South Bend Woolen company has been requested to accept an order for 25,000 blankets at a cost of $125,000. The supplies are for the British armies. All the big factories have been increasing their forces and it is expected that by Jan. 1 all of South Bend's thousands of factory employes will have returned to work.

Optimism at Hammond.

HAMMOND.—Aside from the railroad equipment industries, Hammond plants are running normal—in some instances better. A growing feeling of optimism is felt. Among the larger plants the W. B. Conkey Printing company is running full time with day and night shifts, while the F. S. Betz surgical instrument factory and the Reid-Murdoch canning plants are operating full handed and ful time. The war has added its share in toning up activity. More men are being employed at the Calumet stock yards, a big horse shipping center for the British government. The Goshen Shirt company is expecting to sign a contract for 25,000 shirts for the British army.

Rush Orders at Auburn.

AUBURN.—Automobile factories and equipment plants here are rushed with orders. The same conditions generally are reported by other lines of factories. The only plant that is shut down is the of the Champion division of the International Harvester company, which will resume operations Jan. 1. Merchants say trade is opening up, and the bank clearings are showing steady gains.

War Helps Out at Elkhart.

ELKHART—Elkhart manufacturers generally are optimistic, and some report increased orders during the last two weeks. Up to the present only a few men have been added, but the prospects are regarded as improving. Factories that make material needed in Europe in the war zone are in the best condition. The Elkhart Carriage and Harness company reports many signs of reviving prosperity, and last week started a consignment of automobiles to New Zealand. The Elkhart Brass Manufacturing company worked overtime last week filling rush orders for equipment for American warships. G. A. Briggs of the Chicago Telephone Supply company, and the Briggs Magneto company said telephone orders have been increasing remarkably of late. The Sidway Mercantile company, the largest makers of go-carts in the world, said the turning point has been evident for the last ten days. The Buescher Band Instrument company and C. G. Conn company report steadily increasing business.

Predict Boom at Evansville.

EVANSVILLE.—Manufacturers here think industrial conditions of the country are going to improve from this time on. F. R. Wilson of the Hercules Buggy company, says future orders now are coming in, and that after the first of the year he thinks the plant will be running under normal conditions. The Indiana Tie company, one of the largest industries here, has announced that winter work will be started at once with an increased force of employes, and that half enough orders have been received to run the plant full capacity until spring. Flour manufacturers here, who do a big business in the southern states, predict a revival in trade. They are optimistic about the export trade outlook.

Rush On at Huntington.

HUNTINGTON.—Not in the history of Huntington have manufacturing industries been so rushed with orders. The sudden business revival has caused many factories to run overtime in order to meet the demands. Foreign orders have had little to do with the business awakening here, practically every order being confined to the United States. The Schacht Rubber company had the largest business the last month since its organization. The Schaff Brothers Piano company for the first time in its history was compelled to run on Thanksgiving day. The Majestic Furnace company's gross business for the year is far in excess of that of one year ago. J. W. Caswell of the Cedar Chest company, is optimistic concerning the outlook, and declares new orders coming in will soon cause full capacity runs. The Barker-Brown Shoe company likewise is encouraged, as is the Huntington Machine and Foundry company. The United States Needle company has its full product sold at this time. This is the first time for more than a year that every manufacturer in the city expresses satisfaction at present conditions.

Overtime Work at Kokomo.

KOKOMO.—Two thousand men have returned to work in this city within the last two weeks. With the reopening of the Kokomo Steel and Wire company last Monday, 1,200 men resumed work. Other factories which report increased business are the Pittsburgh Plate Glass company, Globe Stove and Range company, and the two Opalescent Glass factories. The Pittsburg Glass company has contracted for a new addition to cost $200,000. The working force will be increased from 750 to 900 men as soon as the new building is completed. Owing to the closing of the Belgian Opalescent glass factories by the war, the two local factories are working overtime to meet the demand. An effort is being made to secure Belgian workmen, war refugees to work in the factories. Local automobile companies, the Haynes and Apperson, report a good outlook.

GREATEST BATTLE OF WAR; THEN SILENCE

London, Nov. 27.—11:55 a. m.—While the belief grows hourly that the Russians in northern Poland have won the greatest battle of the war, actual details of the operations in this locality still are withheld and the whole incident is beginning to take on the aspects of a mystery.

From Petrograd comes a report that the patience of the Russian people, awaiting official confirmation of the reported victory, is approaching the breaking point and the same thing may be said of the public here.

German reports, without entering into any such details as dates, describes successful operations in the region of this great battle, but admit that the German army has not yet succeeded in bringing the struggle to a close.

It is evident that the comparative failure of the Austro-German operations along the Czentoschowa gave the Russians opportunity to envelop Gen. von Hindenberg after this brilliant German leader had thrown a wedge into his antagonists' center. The Russians to the south, safe on their own front, were able to strike northward, thus breaking the enemy who had passed east beyond their right flank.

Profess to Be Astonished.

Military critics at Petrograd profess to be astonished at the German assault on Lodz, maintaining that such a movement made the defeat of the invaders inevitable. The critics declare that unless the German advance toward Kutno and Lodz was part of a larger movement, the operation was too hazardous to be credible. A third German army in the vicinity of Wielun has initiated an advance which is believed in London to have been started too late to be of any use.

On the other battle fronts quiet prevails. Along the Franco-Belgian line the opposing armies seem content to face each other and nothing has transpired to indicate that the Germans have started the expected resumption of their effort to break through the allied lines on their way to the coast.

Postpone Invasion of Egypt.

Thirty miles to the east of the Suez canal the forces are in touch with Turkish invaders, but there is no sign of a general action in this vicinity and it is expected the invasion of Egypt probably will be postponed for the reason that the Turks would appear to be hard pressed in Armenia and around the Persian gulf.

Additional details concerning the loss off Sheerness yesterday of the battleship Bulwark and her entire crew with the exception of 14 men make the admiralty theory that she was blown up by an internal explosion more and more plausible. An official inquiry, which is being held in private, was opened in Sheerness this morning. Unofficial investigations serve to confirm the belief that the destruction of the Bulwark was caused by an internal explosion.

BLAST SINKS BRITISH WARSHIP; NEAR 800 DIE

London, Nov. 27.—The British battleship Bulwark was blown up yesterday while at anchor at Sheerness, at mouth of the Thames river. The accident was due to an explosion of the magazine while ammunition was being taken aboard. Only twelve of the 800 on board were saved. The official announcement of the disaster was made by Winston Spencer Churchill, first lord of the admiralty at 4 o'clock yesterday afternoon.

When the news of the disaster was first received in London the populace thought the bulwark had been attacked by a German submarine. But the admiralty soon set at rest such rumors by announcing that the survivors had said that the explosion was from within and not from without. This was further indicated by the fact that the explosion was not accompanied by any swell or agitation of the water, as would have been the case had the explosion been from the outside.

The explosion, according to the authorities, took place at 7:55 a. m. A vice admiral and a rear admiral, who were at Sheerness, reported that they were convinced that the cause was a magazine explosion, because there was no upheaval of the water and when the smoke had cleared the ship had entirely disappeared.

In the house of commons, when he announced the disaster, Mr. Churchill said that the loss of the ship did not sensibly affect England's military position. He added that he deeply regretted the loss of all but twelve men on board. The force of the explosion was so great that the houses in Sheerness, and even in Southend, seven miles away, on the other side of the Medway, were shaken violently. The people fled into the streets in alarm when the great clouds of smoke and flame shot into the air. The vessel had disappeared beneath the waves in three minutes. Small craft rushed to the scene and picked up the handful of men struggling in the water. Some of the crew were badly mutilated.

A touch of the dramatic was added to the catastrophe by the fact that the band was playing when the explosion occurred.

Although only fifteen years old and no longer on the first fighting line, the Bulwark was still a useful unit. The loss of the ship, however, was not compared with the heavy loss in trained officers and men. For a long time the Bulwark was the flagship of Admiral Lord Charles Beresford in the Mediterranean.

APPRAISER WILL BE HERE TODAY

Cattle on John Nail's Farm to Be Killed Saturday.

Dr. Siegler, government veterinarian, is expected here Friday afternoon to appraise the cattle on the John Nail farm, near Maples, which is infected with the hoof and mouth disease. Dr. Siegler has been in Muncie for the last few days and it is expected that he will come direct to Fort Wayne, after he has completed his work there.

The trench in which the cattle are to be buried will not be completed until Saturday noon. The killing of the cattle will be done by Drs. W. C. Griffin and H. H. Cohenour, government veterinarians, both of whom are now here.

Will Kill Chickens.

Dr. W. F. Myers, county veterinarian, and C. Henry, county agent, were at Maples Friday morning to see that all chickens in the neighborhood are locked up. When Dr. Myers gave the order Thursday there was a tendency to ignore it. The county veterinarian took with him his shotgun and all stray chickens will be shot. Dogs also will be shot if they are permitted to run at large.

The rise in the price of poultry of all kinds which is reported to have taken place in some states cannot, in the opinion of experts in the department of agriculture, be in any way attributed to the hoof and mouth disease. This disease does not affect poultry at all, and the federal quarantine of various states now lays no embargo upon shipments of poultry.

It is true that when a case of foot and mouth disease is found upon a farm that farm is absolutely quarantined by the state or local authorities. No produce of any kind can leave it, the owner is not even permitted to drive his horses on the public highway, and in some cases his children are not allowed to go to school until the exposed stock has been done away with and the entire premises thoroughly disinfected. Since the disease, moreover, is readily communicated from farm to farm by cats, dogs, poultry and human beings, the local authorities use their own discretion in determining what restrictions should be imposed upon shipments of produce from the area in the immediate

TAKEN DESPITE THE GUARANTEE

One Mexican Employed by Funston at Vera Cruz is Arrested.

Washington, Nov. 27.—Despite Carranza's guarantees that the Mexicans employed by Major General Funston in the administration of Vera Cruz would not be molested, the arrest of one such Mexican was reported to the state department today by Consul Canada. No details were given.

The new civil government at Vera Cruz has been announced but has not yet been put in full operation. Consul Canada reports the police are still under military control. Continued quiet prevails and Gens. Aguilar and Martines have reiterated Carranza's promise of protection for American life and property.

Gens. Hay and Villareal, Carranza chieftains, recently reported under arrest in Mexico City, are in Monterey with Carranza garrisons. Latest dispatches to the state department report Gen. Villa and his forces at Tula, about 40 miles from Mexico City. Communication is slow from Mexico City and

NEW DETAILS OF THE BOMBARDMENT

London, Nov. 27.—7:45 a. m.—Some new details of the bombardment of Zeebrugge, Belgium, which the Germans were preparing as a naval base, have reached the London newspapers. The correspondent of the Express on the Belgian frontier, telegraphs that refugees report that the first shell thrown by the British warships on Zeebrugge fell among the German submarines in the inner harbor. About twenty sailors had been killed or wounded, the submarines were ordered to make a dash for safety to the English channel and try to run the gauntlet of the fleet.

Some of the submarines returned to Zeebrugge, the correspondent laconically remarks, and he adds that the fate of the others is unknown.

Describing the bombardment the correspondent of the Daily Mail says:

"The submarines lying in the basin hid themselves below during the bombardment in order to prevent their destruction. When the warships retreated they rose again and went in pursuit, but soon returned.

NEWS OF FORT WAYNE'S NEIGHBORS

HAD NARROW ESCAPE.

Warsaw, Ind., Nov. 27.—Fred Von Blon is confined to his home just west of the city and may be seriously injured as the result of a bad accident which occurred at the Union street crossing of the Pennsylvania railroad. The storm buggy in which Mr. Von Blon and W. A. Bugby, of North Manchester, were riding was struck by westbound passenger train No. 11 and was reduced to kindling wood. The horse, which was the finest in the Daugherty livery stable, was killed. Mr. Von Blon's companion was only slightly injured.

RESORT KEEPERS ARRESTED.

Bluffton, Ind., Nov. 27.—Sheriff J. A. Johnston has begun serving warrants for the arrest of persons against whom the grand jury reported indictments, thirty-two in number. Mrs. Frances Stout, living on East Market street, was arrested on a charge of running a house of prostitution, and furnished bond of $200. Mr. and Mrs. Ed Alberson were arrested, also charged with running a house of ill-repute, and furnished bond in the sum of $100 each.

CATTLE SCOURGE NEAR EATON.

Hartford City, Ind., Nov. 27.—The hoof and mouth disease has been discovered among the stock on the Frank Cox farm, west of Eaton. Twenty-five hogs, twenty-six cattle and forty sheep either had the disease or had been exposed. A United States inspector destroyed the stock Thursday. It is said the disease on the Cox farm has been traced directly to hog cholera serum sent from Chicago. This serum was manufactured at the stockyards.

MOTORCYCLIST INJURED.

Hicksville, O., Nov. 27.—To be thrown from the rear seat of a motorcycle high into the air, to alight upon the head and shoulders and slide for a distance of forty or more feet, was the experience of Vern Monroe, of St. Joe. Monroe was picked up in an unconscious condition and taken to the H. Breitenbach home, where he remained until afternoon, when he was removed to his home.

HOME AND SCHOOL CLUB.

Portland, Ind., Nov. 27.—A home and school association among parents of the Portland high school was formed Wednesday night and regular monthly meetings will be conducted. Mrs. George Bishop has been elected temporary president. It is planned to make the school buildings of the city more of a social center and similar organizations are planned for each of the grade buildings.

FOUND A TARANTULA.

Markle, Ind., Nov. 27.—While taking some canned corn from a box, which was sitting near where the bananas are hung, Miss Edna Wolfeale, a clerk in the T. M. Redding grocery, found a large tarantula in the corn box, it possibly having crawled in the box to get away from the cold. The spider was very much alive, but was captured by Mr. Redding and put in a glass jar.

500 SHEEP QUARANTINED.

Defiance, O., Nov. 27.—A herd of 500 sheep among which there are suspected cases of cattle and hoof disease infection, has been quarantined in Highland township. The herd is the property of S. Shelly, of Henry county, and was brought here from Chicago some time ago.

FIRE DESTROYS FARMHOUSE.

Bluffton, Ind., Nov. 27.—Fire which is supposed to have originated from soot falling upon the roof from a chimney destroyed the farm home of Joseph Garrett, in Chester township. Insurance of $1,200 will only partially cover the loss.

AVILLA PARENT-TEACHER CLUB.

Avilla, Ind., Nov. 27.—Thirty-three patrons of the public schools here responded to an invitation issued by the teachers and a Parent-Teacher club was organized with Mrs. L. W. Yeiser as president; Mrs. John Adams, vice-president; Mrs. David Shanline, secretary, and Mrs. Marion Eley, assistant secretary. Regular meetings of parents and teachers will be held during the school term.

HOPE TO LIFT QUARANTINE.

Kendallville, Ind., Nov. 27.—The health authorities believe they now have the diphtheria epidemic in this city under control and hope to be able to lift the quarantine the first of the coming week. There have been no new cases for two days and action will depend on developments between this time and Monday. When the schools are reopened every pupil will be examined before being readmitted. All the physicians will be pressed into service to aid in the examinations. The school buildings already have been thoroughly disinfected.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Say Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.

Choose Your Toys—Make a Deposit, and We Will Hold Them for You Until Xmas.

This Is the Heart of TOYLAND

Our Toy Section never held such a wealth of Toys from the Toy centers of the world as is shown this season.

Readers of this advertisement have, no doubt, seen from time to time statements to the effect hat there would be few toys for American children this Christmas. However true that statement may be in the majority of instances, it is totally disproved in OUR TOY SECTION. So far in advance do we order, and in such great quantities, that the Toys for The People's Store are among the first made and the first shipped. We repeat, THERE IS NO SHORTAGE OF TOYS HERE.

The children, and the fathers and mothers of children are invited to visit the Toy Section any day, whether to purchase or merely to examine at leisure the multitude of interesting things pertaining to the holiday season.

In its much enlarged and improved surroundings the Toy Section this year offers facilities for enjoyment never equaled in the history of the store. Third Floor.

THE SENTINEL'S DAILY SCRIPTURE READING.

1 Peter 1:1-11.

1 Peter, an apostle of Jesus Christ, to the strangers scattered throughout Pontus, Galatia, Cappadocia, Asia and Bithynia,

2 Elect according to the foreknowledge of God the Father, through sanctification of the Spirit, unto obedience and sprinkling of the blood of Jesus Christ: Grace unto you, and peace, be multiplied.

3 Blessed be the God and Father of our Lord Jesus Christ, which according to his abundant mercy hath begotten us again unto a lively hope by the resurrection of Jesus Christ from the dead,

4 To an inheritance incorruptible, and undefiled, and that fadeth not away, reserved in heaven for you,

5 Who are kept by the power of God through faith unto salvation ready to be revealed in the last time.

6 Wherein ye greatly rejoice, though now for a season, if need be, ye are in heaviness through manifold temptations:

7 That the trial of your faith, being much more precious than of gold that perisheth, though it be tried with fire, might be found unto praise and honour and glory at the appearing of Jesus Christ:

8 Whom having not seen, ye love; in whom, though now ye see him not, yet believing, ye rejoice with joy unspeakable and full of glory:

9 Receiving the end of your faith, even the salvation of your souls.

10 Of which salvation the prophets have inquired and searched diligently, who prophesied of the grace that should come unto you:

11 Searching what, or what manner of time the Spirit of Christ which was in them did signify, when it testified beforehand the sufferings of Christ, and the glory that should follow.

FRIDAY, NOVEMBER 27, 1914.

Developing a Big Idea.

It is announced in Washington that the bureau of immigration will ask the help of congress in the work of establishing a national labor exchange—or a series of exchanges—which will assist in connecting the jobless man with the manless job. The bureau has been working on the exchange idea a good while. Under the law it is empowered to promote a "beneficial distribution" of aliens admitted to the United States. Should congress amend the laws so as to make an express inclusion of American wage earners in the "beneficial distribution," the bureau would, it points out, be fully empowered to handle the question of unemployment.

That the idea is a big one will not be questioned, and its development will be watched with uncommon interest. Two instances of recent date give one an insight into its possibilities. Last summer the state labor commissioner of Oklahoma telegraphed Washington for from 10,000 to 15,000 men to aid in harvesting the state crops. Announcement of the fact from Washington brought instant response. After the fire at Salem, Mass., the relief committee asked the federal labor department to help it place in boot and shoe factories and textile industries some 3,500 persons who had been thrown out of employment. Records show that places for more than half this number were found by the bureau of labor at Washington.

Development of the plan on a still larger scale would seem to be a valuable and important governmental service that should not be overlooked. The terrific influx of immigration which may be reasonably expected when the European war is finally brought to a close will make it still more necessary and still more useful than at present. It will be a splendid thing if the federal government can engage to keep in close touch with the labor needs and the labor opportunities of every section of the country, and to equalize the supply and the demand to fit conditions as they may develop.

If the claims of those who for many years have been preaching the advantages of an American merchant marine are well-founded, their fondest dreams promise to be realized by the operation of the new law which permits the registration of foreign-built vessels under the American flag. In three months the total tonnage of vessels so placed under American registry has amounted to 308,390 tons, eighty-seven vessels being included in the list. The American bureau of navigation is making the confident prediction that with the restoration of normal conditions following the war the United States will outstrip Germany, now in second place as to merchant marine.

It is said that Fort Wayne restaurant keepers who had been planning to get together on an advance in prices have been unable to reach an agreement and that the old schedules for the menu will remain in force. While news of the failure of the combination on Thanksgiving day did not reach the public in time to be incorporated in the list of things for which the Fort Wayne public might be thankful, those who dine at the restaurants are privileged to go right ahead and be grateful, just the same.

The Allen county marriage license market enjoyed its usual pre-Thanksgiving boom on Wednesday, somewhat more than a score of couples selecting the holiday season in which to wed. Come to think of it, the business in marriage licenses needs the stimulation of the occasional holiday in order to enable it to keep a respectable distance ahead of the divorce complaint record in these modern times of ours.

"Without Result."

Philadelphia Bulletin:—"The army never was needed at Vera Cruz, and its despatch there has proved without result save in its cost of American lives and money."

"Occupation Necessary."

Philadelphia Record:—"The American occupation of Vera Cruz was necessary; it continued as long as the necessity continued; it is no longer necessary, and it has ended."

"Mexico's Capital."

Providence Journal:—"To rule Mexico from its capital has been impossible since Diaz gave it up. And nobody who has attempted it has stayed long in Mexico City."

"One Fact Stands Out."

Atlanta Constitution: — "Whatever other interpretation one reads in the welter of circumstance in Mexico, one fact stands out in indisputable relief: The one strong man admittedly needed for the pacification of the country has not yet put in his appearance."

"Shortest Way to Peace."

Washington Post:—"Since the great majority of the military chieftains of Mexico stand behind Villa and Gutierrez, the shortest way to peace and order is to place Gutierrez in control of civil affairs, and make his control effective by military force."

'It Is Well."

Detroit Free Press:—"It is well that the American government is getting out from a place it ought never to have entered. We hope it will not go into Mexico again. We hope it will not be obliged to do what it once did without necessity."

"The Omens."

Philadelphia Evening Ledger:—"Good fortune may prevent the translation of this event into a great catastrophe, but all the omens are the other way. The average citizen cannot share the optimism of the administration. He fears the outcome."

THE PRESIDENT IN THE SENATE.

(Kansas City Star.)

It is suggested that President Wilson may sit with the senate in certain executive sessions, when the senate is considering appointments or treaties.

That was what the framers of the constitution had in mind when they proposed that the president make treaties and appointments "by and with the advice and consent of the senate." The senate was to be a sort of council for the executive. So when Washington was president he naturally undertook to obtain its advice and consent in person.

One of the most interesting accounts of early congressional procedure is found in the "journal" of Senator William Maclay of Pennsylvania, an original senator from that state. He tells how Washington came to the senate with Knox, his secretary of war, to obtain its advice and consent on an Indian treaty.

The treaty was read and explained, and an embarrassing silence followed. Washington evidently expected that the treaty would thereupon be ratified, and the presiding officer, Vice President Adams, was just about to put the question when Maclay objected. The matter, he said, was one that deserved further consideration and he suggested that it go over till anotrch day. Washington arose, wrathfully muttering that that would defeat the very object of his coming to the senate. But the other senators were with Maclay. As he says, they didn't enjoy the idea of having their consent forcibly taken from them under the overawing presence of Washington. They preferred to discuss the matter when the great man was not present. So there was nothing for Washington and Knox to do but withdraw.

Perhaps the senators of the present day will feel freer. But it may be guessed that many of them won't feel altogether enthusiastic over the prospect of discussing presidential policies in the presence of the man who is in charge of the disposition of the patronage.

RILEY LAUDS WORK OF EVANGELISTS

Hoosier Poet, Wintering in Florida, Sends Verses to Revivalist.

Greenfield Ind. Nov. 26.—The union tabernacle meetings in this city conducted by the Rev. Dr. W. W. Hall of Pittsburgh and assistants are attracting interest throughout Hancock county. The tabernacle seats 2,500 persons and overflow meetings are held in the Christian church, across the street. A number of persons have announced their desire to unite with a church organization. There is no "excitement," loud prayers or shouting, the only demonstration when persons go forward upon the invitation, being applause or the chautauqua salute. A blank card is given the convert and he fills it out, expressing his church preference.

Music is a feature of the services. One night a large chorus of men conduct the singing and another night boys and girls sing. Soloists also are heard. Last night a special service was given by "The Sunshine Booster Choir" of boys and girls. Wednesday night the evangelist will speak on "Home, Sweet Home."

The Rev. Mr. Hall, the evangelist, has received the following from James Whitcomb Riley, who is in Florida:

"Dear Mr. Hall—These lines are a greeting to you and an epitome of your first sermon in Greenfield. You are at liberty with them. With love,

"THE BARD OF BRANDYWINE."

"The Evangelist."

Hail, Harbinger of God's good news!
"Good news" to pulpits and to pews—
Oh, hear His voice in "Peace Be Still,"
And dwell entwined in His sweet will.

"The Purpose?" Ah, with glad accord,
Put on the armor of the Lord,
And forth to battle! All as one
The fight! the fight! is now begun.

"The Plan?"—'Tis writ with pencil pure
Line and dimension straight and sure;
Inquire of Him—"Lord, what to do?"
Then let Him have His way in you.

"The Motive?" That all tongues confess
To Him—our hope and righteousness!
Tho' now the view be darkly dim—
Through faith we'll win the world to Him!

"And Victory?" It will be won!
God's promise through His Promised Son!
We'll sing it in the realms above—
Enraptured by Enraptured Love!

DO NOT FAVOR A RADICAL CHANGE

American Naval Officers Say European War is Not Indicating It.

Washington, Nov. 27.—While American navy officers have watched with critical eyes the deadly work of torpedoes fired from submarines and of contact mines in the European war, nothing has developed as yet which indicates any radical change in battleship construction to offer greater defense against underwater attacks.

The problems presented are not new. They have been studied by naval constructors of every power since the Russian-Japanese war when many fine ships fell victims to mines and torpedoes. Forecasts of [illegible] clings to concentration of offensive power in terms of larger guns, bigger and swifter ships and wider cruising radius, even at the expense of defensive armor.

The heavy losses sustained by the British navy by submarine attacks has brought up for renewed discussion the subject of armoring the bottoms of warcraft. Recent issues of English service journals have noted a plan to cover the entire bottom of a battleship with four inches of armor plating. It was urged that the experiment be tried with an old ship which should be subjected to actual test with the explosion against her hull of the most powerful modern torpedoes. The ship also would be driven into contact mines of various types to determine their effect, it was said.

American naval experts believe there it little doubt of the result. They say four inches of armor would resist any known torpedo or mine successfully. To equip a ship in that way, however, the enormous weight of the armor would require a reduction in weight elsewhere and the only way it could be accomplished would be to reduce the size and number of guns, the thickness of surface armor, the weights of engines and [illegible] cruising radius and their usefulness as instruments with which to strike swift, terrible blows at distant points before word of their coming had gone out, would vanish. Cruisers and swift merchant vessels would take care only to keep out of range of their guns. The terrific power of the modern dreadnaught would be a thing of the past.

It is not impossible, however, that some degree of protection for the bottoms of battle craft will be considered in future. Heretofore constructors have relied almost wholly upon increasing numbers of watertight compartments to keep torpedoed ships afloat. The loss of the British battleship Audacious, one of the most modern fighting machines in the world, has shed new light on the subject. Details of that disaster are lacking, but many believe the Audacious ran into a mine which sent her to the bottom. Her compartments kept her afloat until her crew was rescued; but one by one they gave way under the increasing pressure of the water and finally she went down.

Navy officers are unwilling as yet to predict what effect on naval construction that will have. They say it is a question of balance between offense and [illegible] tain, however, that in planning new ships, the subject of armored bottom, or at least partial armor for the midships sections of the bottom, will be carefully weighed.

GET RID OF THAT MISERABLE FEELING.

You may learn something from the experience of Mrs. William Troute, Ilion, N. Y., who was sick for a long time from a badly disordered stomach. "I felt miserable all of the time," she writes. "I was tired and had no appetite. A friend advised me to take Chamberlain's Tablets. I did so and my appetite improved and I gained rapidly in health." For sale by all dealers.—Adv.

MODEL VAGRANT SHOWS IN COURT

Young Colored Gentleman on Way to Church When He Was Pinched.

The model vag made his debut in the city court Thursday morning and whether it was the alliterative euphony of his blue-blooded name or the exalted moral and religious character he gave himself that won him release is not determined, but he was turned loose. Arlington Armstrong, a young gentleman of color, neither uses tobacco, profanity or strong drink, neither steals nor begs and was on his way to church when he was pinched Thursday evening by Officer Ernest Paul. Armstrong blew in last Saturday, spent his nights in the bum room at police headquarters until Wednesday evening, when the municipal lodgings were so crowded he would not venture in, so he put in the night walking the streets. Thursday evening Officer Paul picked him up on a loitering charge and sent him in. Armstrong had been on his feet without sleep for twenty-four hours. He promised to find a job or quit the city.

Both Were Ailing.

Tom Smith, a floater, knew Wednesday evening he was going to have a headache Thursday and he bought a quart bottle of red liquor and held it hostage for the oncoming pain. His comrade, Parry Pain, had lamed his wrist husking corn near Zanesville and he took a partnership interest in the crystal jug of ready relief. Then they went to bed at the Salvation Army quarters on West Main street, taking their medicine flask with them. Thursday they were attacked by miseries and distresses as fully expected and they ministered themselves copiously from the bottle. When they had touched bottom all their agony had not been routed, but it being Thanksgiving and the lid down they resorted to cider. Both were happily stewed when Officer Paul picked them off Thursday evening. They went over for fifteen days on drunk charges and will have a chance for complete recovery.

Other City Court Cases.

John Crawford and Joseph Knox, two young men who had been lodging for several nights in a barn on Hayden street premises, were complained of by the owner and were arrested. They agreed to find work or leave town.

Gust Sammers, who drives a popcorn and confectionery wagon, was found guilty of obstructing the streets and was fined $5 and costs. He had stopped with his wagon for half an hour Thursday evening in front of the federal building on East Berry street. He has been repeatedly warned by officers for violating the law.

Judge Kerr bound Albert Bashara, a Syrian youth aged 17, over to the circuit court on a charge of petit larceny. His bond was fixed at $500. Bashara, who has been out of the reform school two years, stole $25.40 from the cash register in the Fredericks meat market on Wells street Wednesday afternoon.

John Slattery and Pat Keefe, two drunks kept over from Thursday, were turned loose.

The child neglect charge against Clayton Shuster was continued until December 3 and he was allowed to go on his own recognizance.

FRIARS HOLD ANNUAL DINNER.

Club Entertains Players of Both Teams and Officials.

Members of the Friar club were hosts Thursday night following the Thanksgiving football game at League park against Walsh hall, to the members of the visiting club, Father Farley, the officials and newspaper representatives at an elegant dinner.

The affair was one of those thoroughly enjoyable informal affairs with an elegant menu, nicely prepared and as nicely served and the entertainment was in keeping with the reputation of the Friars for doing things right.

CANDIDATE FOR SPEAKER.

William Habermel, of Harrison County, to Make Race, It Is Said.

Indianapolis, Ind., Nov. 27.—Word from Corydon says that William Habermel, who was elected representative from Harrison county, is a candidate for speaker of the house of representatives. He is a member of the Harrison county bar and served as assistant clerk of the house at the 1909 session of the legislature. He spent most of the recent campaign in making democratic speeches in the southern part of the state.

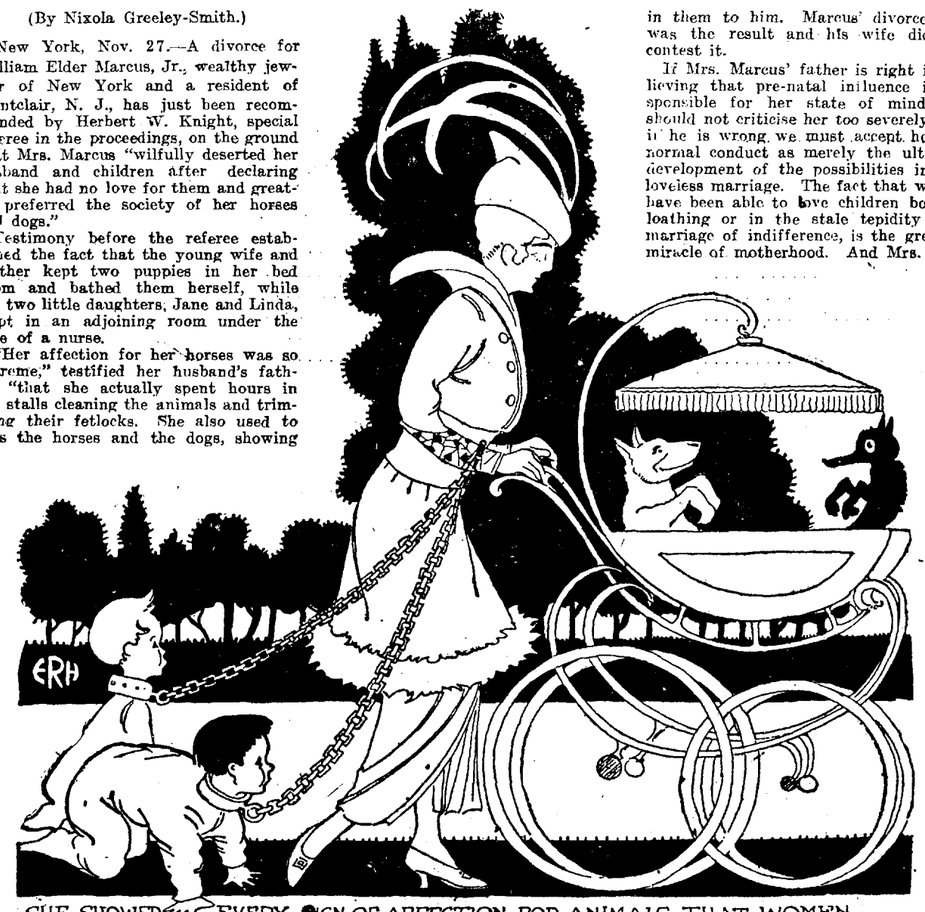
SHE HATED HER BABIES, BUT KISSED HER DOGS AND HORSES, SO HUBBY GOT A DIVORCE.

(By Nixola Greeley-Smith.)

New York, Nov. 27.—A divorce for William Elder Marcus, Jr., wealthy jeweler of New York and a resident of Montclair, N. J., has just been recommended by Herbert W. Knight, special referee in the proceedings, on the ground that Mrs. Marcus "wilfully deserted her husband and children after declaring that she had no love for them and greatly preferred the society of her horses and dogs."

Testimony before the referee established the fact that the young wife and mother kept two puppies in her bed room and bathed them herself, while her two little daughters, Jane and Linda, slept in an adjoining room under the care of a nurse.

"Her affection for her horses was so extreme," testified her husband's father, "that she actually spent hours in the stalls cleaning the animals and trimming their fetlocks. She also used to kiss the horses and the dogs, showing every sign of affection for animals that women usually show towards human beings."



SHE SHOWED EVERY SIGN OF AFFECTION FOR ANIMALS THAT WOMEN USUALLY SHOW TOWARD BABIES.

Before her marriage Mrs. Marcus was Dorothy Cooksey, daughter of George A. Cooksey, of Pasadena, Cal., who, when he heard of his daughter's extraordinary predilection for animals, exclaimed despairingly, "Dorothy should never have been born! Pre-natal influences are responsible for her conduct!"

The two fathers-in-law made many efforts to reconcile their warring children and in 1912 induced them to [illegible]

father and mother should overrule all considerations of a personal nature so long as we have health and strength sufficient therefor.

"I, Dorothy, disclaim any moral obligation to my children, but with this exception, I promise to do my best to carry out this agreement because my father asks me to and I believe it is my duty to abide by his advice in this."

Two months later, however, Mrs. Marcus bade her husband a final farewell telling him that she did not love [illegible] one may be merely one of those to whom the miracle didn't happen. Even miracles miss fire sometimes.

Love for little helpless animals, for puppies and kittens is just an extension of the maternal instinct. No woman is to be censured for loving them. Mrs. Marcus' queerness lay in not loving more tenderly and profoundly the little helpless things that were peculiarly her own. She should not have loved her [illegible]

THE MYSTERY OF THE SHELLS.

The police have no solution of the mystery of the several thousand exploded shotgun shells found in and about the dying embers of a campfire near the Stellhorn bridge, south of the city, Thursday, by Detective Sergeant Junk and Officer Dan Kintz. The attention of the police was directed to the place by Chester Agster, 202 West Jefferson street, and Jule Darnell, 2212 John street, who reported that when they crossed the bridge Wednesday night, en route to Decatur with two young ladies in an auto they noticed puffs of smoke at rapid intervals as there were a succession of explosions. They said also that they had been shot at. When they returned to Fort Wayne they reported to the police.

FORD DRIVER LIED.

Willett S. Clayton, 635 Prospect avenue, was run into from the rear on the New Haven road Thursday and his car was damaged. The car that ran into him was a Ford bearing license No. 64,756, Indiana, and the driver of it gave his name as Williams and his address as 516 Webster street. There is no such address on Webter street and no man named Williams residing in that vicinity. The person to whom the number was issued by the secretary of state will be procured and the owner of the auto identified by the police.

RELATION OF JAPAN TO WEST

Prime Minister Says Some Forceful Things in Magazine.

Tokio, Nov. 27.—(Correspondence of the Associated Press.)—In an article entitled, "Japan and the European Armageddon," Count Shigenobu Okuma, the prime minister, writing in the Japan Magazine, about the war, says some forceful things about Japan's relation to the west.

"It will be our one ambition at this time," he writes, "to show the west what it is slow to believe, that we can work harmoniously with great Occidental powers to support and protect the highest ideals of civilization, even to the extent of dying for them. Not only in the far west, but anywhere else that may be necessary, Japan is ready to lay down her life for the principles that the foremost nations will die for. It is to be in line with these nations that she is at this time opposing and fighting what she believes to be opposed to these principles."

The premier continues: "She entered the alliance with Great Britain to stand for and die for what Anglo-Saxons are everywhere ready to defend even unto death. It is Japan's aim and ambition to participate in all world-movements toward noble diplomacy, international relations and the principle of equal opportunity and peace, and to prevent by our proper means the outbreak or continuance of bloodshed between nations. Japan's relation to the present conflict is as a defender of the things that make for higher civilization and a more permanent peace."

Count Okuma devotes a considerable space to an historical resume of the causes of the present international war. Speaking generally, he thinks that war is always due to an uneveness of advancement in the progress of civilization, which like water, must find its level. When its force is obstructed there will be violence and bloodshed. War also is a result of the pressure offered in resistence to the growth of civilization.

Speaking in particular, the premier is inclined to find the root of the present war in the weakness of the Balkan peninsula. "Like China," he affirms, "it is a seething crater in the world's diplomacy. From conditions apparently insignificant in themselves, half the world can be set on fire and plunged into distress and decimated."

* * *

The occupation of the South Sea Islands has greatly pleased the Japanese. One historian claims that Ualan or Kusaie island in the East Carolines was inhabited by the Japanese in ancient days. In the heart of the island forest, he says, may be seen the ruins of an old castle resembling closely those seen in the more ancient parts of Japan. The remnants of the system of fortifications shows it to be an exact copy of the type constructed in the early Tokugawa period. It was at this epoch that many Japanese warriors and publicists went to the South Seas having been expelled from the empire on account of their adoption of Christianity.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; a delightful effervescent

OVER HALF THE WORLD AT WAR

Area of the Gigantic Conflict is Most Staggering.

London, Nov. 27.—(Correspondence of the Associated Press.)—With the addition of Turkey and Portugal to the ranks of the belligerents, the area of hostilities has been extended to approximately 58 per cent. of the land surface of the globe, and about 56 per cent. of the total population of the earth must be classed as technically belligerent, says the London Daily Chronicle.

In round numbers, out of a total land surface of 51,500,000 square miles (excluding the uninhabitable regions in the Arctic and Antarctic), 30,000,000 square miles are occupied by the eleven belligerents powers and about 1,000,000,000 of the 1,800,000,000 human beings on earth are directly involved in the great war.

Apportioning the area and population between the two opposing groups, it will be found that there is a vast preponderance of both on the side of Britain and her allies, which own 27,500,000 square miles and have about 840,000,000 people under their rule, against the 2,000,000 square miles and 160,000,000 people to the credit of Germany, Austria-Hungary and Turkey.

If the disputed areas are analyzed by

to 9,300,000 square miles (leaving out of account the interior of Arabia—a political no man's land, of about a million square miles), the total area of the continent being about 16,500,000 square miles Hence over 56 per cent. is at war. Of the population of Asia 475,000,000 out of 980,000,000—say 40½ per cent.—must be classed as belligerent.

Africa is, proportionately, even more affected than Europe. About 10,500,000 square miles out of 11,700,000—nearly 90 per cent.—and 125,000,000 of the 137,000,000 inhabitants—over 90 per cent.—are at war. The only neutral regions are the Italian and Spanish colonies, and the native states of Abyssinia and Liberia.

Curiously enough Australasia and Oceania, although the most remote from the primary zone of hostilities, have the highest percentage of belligerency of any of the continental divisions of the earth, over 95 per cent. in area, and 94 per cent. in population.

South America occupies the happiest position of all. Out of an area of over 7,500,000 square miles and a population of about 52,500,000 only 128,500 square miles of territory and 350,000 human beings are subject to any of the combatants.

The percentage of area is less than 2 and of population less than 1.

Thus the continent whose very name was formerly regarded as denoting the most favorable soil on earth for the germination of wars has, strangely enough, the distinction of being almost entirely at peace, while more than half of the world is at war.

RADIUM FOUND IN COLORADO.

Streak of Valuable Ore Uncovered Near Idaho Springs.

Idaho Springs, Colo., Nov. 27.—A streak of radium ore running up into spectacular values was uncovered in the Jo Reynolds mine near Idaho Springs recently. The payrock is pitchblende, the highest grade ore from which radium is extracted, and is altogether different from the carnotite deposits of western Colorado and Utah. Pitchblende is found in considerable quantities only in Austria and in Colorado—in Gilpin county and near Idaho Springs.

The Jo Reynolds vein is about eighteen inches wide and samples brought to Idaho Springs assay very high in radium values. This mine was opened up many years ago by "Diamond Jo" Reynolds, a Mississippi steamboat captain, who made it one of the most profitable gold-producing properties in Colorado. It has always remained in the Reynolds family and now is being worked by a nephew, Roscoe B. Morton, a Denver clubman.

HUSBAND WANTED HER TO BE GAY—SHE PREFERRED HOME—DIVORCE.

MRS. MYRTLE LILLIAN JONES, MOVIE STAR.

Los Angeles, Nov. 27.—James Jones, matinee idol of the movies, owes the wreck of his marital life to the fact that he didn't understand that some feminine movie stars care more for a home than the plaudits of the public.

At least that's the way his wife explains it. She ought to know. She's a movie queen herself.

"Our troubles," said Mrs. Myrtle Lillian Gonzales Jones, 'were the outcome of my husband not understanding that we movie stars are very domestic when not acting before the camera. We are not gaiety seekers. I at least am not. We are home bodies."

Mrs. Jones was recently granted a divorce on charges of desertion and non-support.

"We have," she continued, "a fine little son, and when my work was over I wanted to get home as quick as I could to pick up the baby and have a real comfy, homey sort of time. But not for Mr. Jones. We hadn't been married very long before he began to think the women of different types from me were more attractive than I, and he began associating with them.

"I didn't like the gaiety he liked, so I stayed home with the baby, and he came home when there wasn't any other place to go. Of course there was only one logical termination—the divorce court."

LOWER COURT IS GIVEN SCORING

Judge Anderson Frees Terre Haute Editor Under $1,000 Bond.

Indianapolis, Nov. 27.—The United States court took a hand yesterday in the contempt proceedings of Judge Redman, of the Vigo circuit court, with the result that Charles Clogston, managing editor of the Terre Haute Post, who was arrested for contempt Tuesday, was released on an order of Judge A. B. Anderson. Friends of Clogston in the court room at the federal building signed bond in the sum of $1,000. The hearing was set by Judge Anderson for Dec. 16.

The action of the federal court came after attorneys for the Terre Haute newspaper obtained a writ of habeas corpus directed against Dennis Shea, sheriff of Vigo county, who had Clogston in jail under an order from the Vigo circuit court. The writ was served on William Corbin, a deputy sheriff at Terre Haute, after midnight Wednesday by Merrill Wilson, chief deputy United States marshal, the writ directing Shea to appear in the United States court here at 3 o'clock this afternoon.

Federal Judge Warns.

On admitting Clogston to bail Judge Anderson pointed out to Sheriff Shea and Frank Foley, a deputy prosecuting attorney for Vigo county, that any attempt at interference with witnesses before the federal grand jury will be severely punished. The court also warned Shea and Foley that Clogston is now in the custody of the United States court and that any annoyance of him will be dealt with severely. He also told Clogston to report to the court any annoyance he may experience while under bond.

The $1,000 bond was signed by David W. Henry, Earl E. Houck, Felix F. Blankenbaker, James A. Cooper, jr., and Everett Sanders, all of Terre Haute. After his release Clogston returned to Terre Haute, where a Thanksgiving dinner prepared by Mrs. Clogston awaited him. It was the first meal he had had outside the Vigo county jail since Tuesday.

Clogston was sent to jail after the publication of an article in the Terre Haute Post concerning the selection of members of the Vigo county grand jury. This article was regarded by Judge Redman, who was elected judge of the Vigo circuit court at the recent election, to be in contempt of the court. Clogston was cited to appear last Tuesday, and it was only a few hours after the writ first was served that he was remanded to jail.

Admitted to Bail.

The petitioners seeking the release of the newspaper man set forth that Clogston had not been given an opportunity to answer the charges or to attempt to purge himself of the allegation. After denying a motion to quash the writ, filed by James W. Noel, attorney for Sheriff Shea, Judge Anderson held that the newspaper man should be admitted to bail.

Attorney Noel for the sheriff contended that the proceeding was one in which the Vigo county court had authority to act and declared that while there was a contention that the record was not complete in the sentencing of Clogston, courts are given a wide latitude in fixing their own rule. He contended the offense charged was one within the jurisdiction of the Vigo circuit court. Mr. Noel said the petitioner should have sought relief before the supreme court of Indiana and that the court could admit him to bail pending the appeal.

Answer for Clogston.

That argument was answered by James W. Cooper, of cousel for the Terre Haute Post, who said an appeal was asked from the decision of Judge Redman, but the latter did not fix an appeal bond. Noel contended that the action of Redman was justified as the continuation of the publication of stories of the sort referred to might result in the public losing its respect for the court.

Before overruling the motion to quash the writ, Judge Anderson put some pointd questions to Deputy Prosecuting Attorney Foley regarding the summoning of witnesses before the Vigo county grand jury.

The Vigo county grand jury was impaneled on Monday?" Judge Anderson asked.

"Yes, your honor," Foley answered.

"And witnesses were subpoenaed who had already been subopenaed to testify before the federal grand jury, isn't that true?"

Foley said he did not known that that was the case.

"You know that the federal grand jury had been impaneled to investigate this very Terre Haute business, didn't you?" the court asked.

"Yes."

Court Grows Emphatic.

"I want to serve notice on you right now that if you interfere with any witnesses before the federal grand jury this court will proceed against you. You and the deputy prosecuting attorney may take that information back to your chief."

Judge Anderson then reviewed briefly the circumstances leading up to the arrest of Clogston and his incarceration, declaring that the newspaper man had not been given an opportunity to answer the charges and that he was remanded to jail without the courts having heard any evidence whatever.

Heard No Evidence.

"The court adjudged this petitioner guilty of contempt without hearing any evidence whatever. Is that due process?" Judge Anderson asked of Attorney Noel, and the latter replied that it would not be due process without the hearing of any evidence.

"Mr. Clogston, you are at liberty to go," the court said, addressing the newspaper man, after the bond had been signed and the signers sworn. "You will render a public service if you will notify me of any attempt to embarrass you in the least."

It was declared that the failure of the Terre Haute court to permit Clogston to offer testimony was not "due process of law."

The application sets forth that no commitment papers were issued for Clogston's incarceration and that he was hurried to jail without having been given an opportunity to make a defense.

TO WARD OFF WINTER COMPLEXION ILLS.

To keep the face smooth, white and beautiful all winter, there's nothing quite so good as ordinary mercolized wax. Rough, chapped or discolored skin, inevitable in this weather is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, the latter being applied at bedtime and washed off mornings. Creams, powders and rouges, on the other hand, are apt to appear conspicuous at this season, because of alternating expansion and contraction of the skin, due to changing temperatures. I advise you to try this simple treatment. Get an ounce of mercolized wax at any drugstore and use like cold cream. This will help any skin at once, and in a week or so the complexion will look remarkably youthful and healthy.

Winds and flying dust often cause squinting and other contortions which make wrinkles. You can quickly get rid of every wrinkle, however produced, by using a harmless face bath made by dissolving 1 oz. powdered saxolite in ½ pt. witch hazel.

OLD LAWYER FAST PASSING

Wickersham Sees Menace in New Relations With Client.

Chicago, Nov. 27.—A plea for the maintenance of the highest ethical standing of the legal profession was made here by former Attorney General George W. Wickersham, president of the association of the bar of New York, at a dinner given by the Chicago Bar association. He suggested that the American method of examination by the courts or boards for admission to the bar is a memory test rather than a trial to determine the thoroughness of the candidate's qualifications. Bar associations, he said, might do much to amend this situation.

The speaker professed a liking for and a belief in the old family lawyer who was a friend of his client, whose training was at the disposal of the latter, who drew the last will and who faithfully became its executor, and who in his friendship was often interposed to prevent domestic injustice. The old order had changed to a degree, it appeared in the address when the guest of the evening said:

"What is to become of the old time relation of mutual confidence and esteem between counsel and client, if the most sacred and solemn facts of life shall be dealt in as merchandise and formulated by the employes of incorporated commercial companies, instead of by the trusted adviser and friend of a lifetime, the repositor of family secrets, the moderator of asperities, the harmonizer of difficulties, the wise guide who restrains the angry parent or the jealous husband from irreparable acts of injustice, and from testamentary declarations which may constitute legacies of hate. Only the bar itself can prevent the immeasurable loss to civilization which would follow the debasement of its true functions to a merely mercantile basis."

Pointers for Women.

Almost every woman who has raised a family will remember instances where she has prevented serious sickness by having the right medicine at hand ready for instant use when needed. A common cold can be cured much more quickly when properly treated as soon as the cold has been contracted instead of waiting until it has become settled in the system. You will find Chamberlain's Cough Remedy especially efficient in cases of colds and croup in children. When given as soon as the child becomes hoarse, which is the first symptom of croup, it will prevent the attack. For sale by all dealers.—Adv.

BUYS MORE PROPERTY.

Portion of Bank Block Purchased by Home Telephone Company.

The Home Telephone and Telegraph company has closed a deal with Charles S. Bash, owner of the Bank block, for the purchase of forty-five feet immediately west of its present location on East Main street at a price said to be in the neighborhood of $45,000 or $1,000 a front foot.

Officials say that the company's business has reached such proportions that more switchboard and office room will be needed in the very near future and while the telephone company does not expect to erect a new building at the present time eventually a modern fireproof building will be constructed to be used in conjunction with their present building.

MARION LAYMEN TO SPEAK SUNDAY

George D. Lindsay and "Tony" George Will Address Lyon Meeting

Two laymen of Marion, George D. Lindsay, editor of the Marion Chronicle, and "Tony" George, former sheriff of itician, will address the second Lyon tician, will address the second Lyon preparatory meeting to be held Sunday afternoon at 3 o'clock at the First Presbyterian church.

Dr. Lyon conducted revival meetings at Marion the first part of this year and these two laymen will tell of the work that was accomplished there during the evangelist's stay. This will be the second preparatory meeting, the first being held last Sunday when two residents of Muncie were present.

Rev. Charles Manchester was in communication with Mr. Lindsay Friday morning and he was told that undoubtedly "Tony" George would accompany Mr. Lindsay here. It was also stated that Mr. George is a very interesting speaker as well as forceful. He is not only noted for his speaking but also for his large size. It is hoped that a large attendance will be present.

NINETY NEWSIES ENJOY DINNER.

Were Thanksgiving Guests of A. C. W. at Weinand's Restaurant.

Ninety newsboys of the city arose from the tables Thursday afternoon at Weinand's restaurant on Court street, where they were the guests of the Associated Christian Workers, with joyful hearts after storing away the greatest portion of a Thanksgiving turkey dinner.

So great was the joy of all that all efforts on the parts of the waiters and the two chaperons, Glenn A. Smiley and Joseph Fitch to keep them quiet was of no avail. However it is reported that the boys all acted as gentlemen should as they all kept in their seats and did not throw bits of victuals at each other as is usually the case in a large crowd of boys.

The little fellows were given all they desired to eat provided it was asked for and which none hesitated in doing. Following the dinner which consisted of turkey, sweet potatoes, Irish potatoes, celery, cranberry sauce, pumpkin pie and all other things that go with a Thanksgiving dinner, large, big red apples were passed to all. This seemed to cause the greatest excitement as every one was afraid they would be missed and consequently they made a good deal of noise.

The proceeds from the play "Her Gloves," given at the St. Paul's auditorium October 29 and 30, were used in defraying the expenses of this feed. This is the first time the A. C. W. has done this kind of work but all feel that a great work has been started.

Draws Another Crowd.

"On Plymouth Rock," which was repeated Thursday evening at the Plymouth Congregational church at the request of many people who were unable to attend the night before, drew another large crowd and the receipts were nearly as large as the previous evening.

Will Repeat "What's Next?"

"What's Next?" the three-act comedy given with great success Thursday evening by the Emmaus Young People, will be repeated Friday evening at the school hall. The play was given without a hitch and most liberal applause was given at the close of each act.

Give Pleasant Entertainment.

Mrs. Almedia B. Waltz, who gave readings of Victor Hugo's "Les Miserables," and Miss Ethel Doud, who rendered several vocal selections, gave a very clever entertainment at the Wayne Street M. E. church Thursday evening in place of the regular Thanksgiving services.

ELKS' MEMORIAL.

Services Will Be Held the First Sunday in December.

The annual Elks' memorial services will be held in the newly decorated lodge room on Sunday afternoon, Dec. 6. During the past year there have been twelve deaths in the order.

The general eulogy will be delivered by Harry Hilgemann, prosecuting attorney, while the eulogy in memory of the departed brothers who have passed away during the year will be delivered by Harry Hogan.

REPRODUCE HIGHWAY.

Lincoln Thoroughfare Will Be Shown at Panama Exposition.

A reproduction of the Lincoln highway as it runs through the northern part of Indiana will be made as an exhibit of the state's natural resources for the Panama-Pacific exposition. This will be done by means of a cyclorama about fifty feet long, built in relief, showing farms, cities, etc. The larger factories and other institutions along the highway also will be shown.

TURK SHOTS NOT AIMED AT LAUNCH

Washington, D. C., Nov. 27—The launch from the American cruiser Tennessee which attempted to enter the closed harbor of Smyrna, was signaled that it was approaching a mine field before shots were fired as a warning to the little craft, according to the explanation of the Turkish minister of war to American Ambassador Morgenthau. This was announced by Secretary of State Bryan last night.

Mr. Bryan said he had received from Mr. Morgenthau a note addressed to the envoy by the Turkish minister of war, recording a previous conversation with reference to the Tennessee incident.

"The note," Mr. Bryan said, "contains the statement from governmental officials that the shots were fired after a signal had been given to prevent the launch from approaching mines, and they were not fired in the direction of the launch."

Mr. Bryan said he could not tell from the massage whether the Turkish minister of war made the formal explanation in response to the representations which Mr. Morgenthau had been instructed to make, but he believed further dispatches would clarify this point.

SERVICES AT HEBREW TEMPLE.

The usual services tonight at 7:45 will be conducted at the temple, corner of Wayne and Harrison streets, by Rabbi Meyer Lovitch. The subject of the discourse will be "A Grateful Heart." At the services on Sunday morning at 11:15 in the Sunday school rooms Rabbi Lovitch will talk on "Puritan Ideals."

CITY BREVITIES

Charles L. Biederwolf, secretary of the Commercial club, is in receipt of a number of letters from contractors and architects inquiring regarding the proposed convention hall.

Any Fort Wayne manufacturer who desires to arrange for space at the Panama-Pacific exposition can do so by consulting with Charles L. Biederwolf, secretary of the Commercial club.

The Commercial club is in receipt of a communication from the United Five and Ten Cent stores, who are contemplating the establishment of a store in this city. The headquarters of the company is at Philadelphia.

Frank Scholes, W. D. Ebbinghaus and Wayne Bell, government surveyors, working on the proposed Lake Erie to Lake Michigan canal, will leave Friday evening for New Paris, where they will work for several days.

Crossed wires caused a small blaze at the Nickel Plate buffet at 1022 Calhoun street, shortly before noon Thursday. The damage was slight.

E. J. Golden has returned from Chicago, where he went to buy spring hats from the Dunlap company.

C. M. Best, formerly of Seattle, Wash., who represents the National Life association, is in the city looking over the ground with the purpose in view of locating here if conditions look favorable. Mr. Best is the company's representative in northern Indiana, and expects to take up residence either in Fort Wayne or South Bend.

The Opportunity circle of King's Daughters will meet Saturday afternoon at the home of Miss Bessie Devilbiss, of East Pontiac street.

URGES BUSINESS MEN TO ACTION

Adjutant General Writes Concerning the National Guard.

Various labor organizations of Fort Wayne are in receipt of a letter from F. L. Bridges, adjutant general of the state, urging them to support the National Guard of the state.

In part the letter says: "The National Guard is entitled to your respect as a law enforcing body, your help to keep it built up with the best of men and your moral support."

The adjutant general has also written a letter to the Commercial club. The letter says: "It seems strange that so few of the business men of our state take an interest in the affairs of one of the largest institutions of the state, having nearly 2,500 men in its organization and having local companies in more than thirty cities and towns in this state. It would seem that men interested in seeing that money collected for taxes is properly spent would investigate this organization. Do you know whether this money is judiciously expended and whether the organization is being kept up to a proper standard of efficiency? In cases where you business men believe the standard of efficiency is low it would seem that you should take an interest in effecting a reorganization so that when the use of the National Guard becomes necessary you might be confident that these services will be rendered properly and effectively."

In view of Governor Ralston's recent order in mustering out of service battery B these letters are particularly interesting at this time.

A steamship wreck in Scotland was traced to the battery in a sailor's pocket electric lamp, which was said to have affected the compass.

THE DEATHS.

PATTEE.

Mrs. Lora A. Pattee, aged 70 years, died at the home of her niece, Mrs. Charles O. Troxell, Thursday afternoon at 1:30 o'clock, following an illness of four weeks. Death was due to apoplexy. She was born in Reading, Pa., but years ago moved to Lafayette where she was united in marriage to Mr. Pattee, who preceded her in death eleven years ago. Since the death of her husband she had lived with her niece in this city.

She is survived by one grandson, F. Daniels, of Indianapolis; one niece, Mrs. C. O. Troxell; two nephews, William Light, of Fort Wayne, and E. Light, of Lima, O.

Funeral services Friday afternoon at 4 o'clock at the residence on Pfeiffer avenue, Rev. T. M. Hill officiating. Saturday morning the remains will be sent to Lafayette for burial.

CONRAD.

Clarence Conrad, a graduate of the International Business college, son of Mrs. William Conrad, of 1006 East Jefferson street, died at the St. Joseph hospital Thursday evening at the age of eighteen years. Death was due to peritonitis and followed an operation which the young man underwent a few days ago.

His father preceded him in death by a year. The young man was a member of the St. Mary's Catholic church and of the Young Men's sodality of the same congregation. He is survived by his mother and two brothers, Lester and Robert Conrad.

Funeral services Monday morning at 8:30 o'clock at the residence and at 9 o'clock at the St. Mary's Catholic church. Interment in the Catholic cemetery.

TROWBRIDGE.

Mrs Frances L. Trowbridge, aged 56 years, wife of George Trowbridge, of 211 West Superior street, died at 5:40 o'clock Friday morning at the Hope hospital, where she had been confined since last Monday. Death was due to complications from which she had suffered for the past year.

Funeral services Monday morning at 10 o'clock from the Peltier undertaking parlors; interment at Lindenwood.

FUNERAL NOTICES.

Wagner—Funeral services for Clifford T. Wagner will be held Saturday afternoon at 2 o'clock at the residence, 1118 Hurd street, Rev. G. F. Byrer officiating.

Ensch—Funeral services for Mrs. Margaret Ensch will be held Saturday morning at 8:30 o'clock at the residence, 452 East Suttenfield street, and at 9 o'clock at St. Peter's Catholic church. Burial at the Catholic cemetery.

Broadcloths

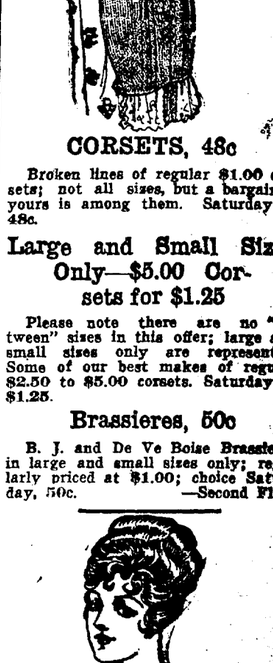
So fashionably in demand—so beautiful—are here in all their loveliness. All the wanted blue shades, the dark rich browns, the hunter's and Russian greens—not a color that's not represented—not a quality that is missing from this showing.

And every piece of broadcloth in stock is sponged and shrunk—ready to send to the tailor and dressmaker. Splendid grades at $1.50, $2.00 and $2.50—the finest we have ever shown at the prices.

Fur Fabrics

—used for making coats and capes, as well as for trimmings—these fashionable fabrics are in great demand. We have an especially fine showing of them—the finest in town, our customers tell us. They come in clever imitations of baby lamb broadtail, caracul and seal—so closely resembling the genuine that a close inspection is necessary to tell them from genuine fur. Priced at $1.50 to $5.00 a yard.

We also direct attention to the line of Scotch mixtures, tweeds and plaid coatings we are now showing—wonderful fabrics and wonderful values.



These Four New Styles in Wirthmor Waists On Sale Tomorrow And All at $1.00

No. 16. An exceedingly pretty style, the body of Waist being of voile, the front panels, collar of organdie exquisitely embroidered, cuffs of organdie. The pretty glass buttons, the corded seams, the use of hemstitching to define the organdie panels all unite to add distinctiveness to this very desirable Waist.

No. 13. A simple but altogether pleasing style. Front, back and sleeves trimmed with cluster tucks, the front and collar prettily ornamented with a very dainty lace in unconventional design, and added attractiveness gained through the use of hemstitching and novelty crystal buttons.

No. 14. A semi-tailored model, made of soft gray Taxon flannel, collar and cuffs effectively trimmed with fine plaid taffeta (dark green and red combinations, with either color predominating), the same material used to cover large ornamental buttons on front and cuffs.

No. 15. A decidedly smart semi-tailored model of a very good quality of madras, with collar and vest of organdie. Linen and large novelty buttons on front and cuffs. So very carefully and dependably tailored that long and satisfactory wear is absolutely assured.

As always in the past, these Waists will likely meet with a very ready response, and if you want to provide yourself with one or more for your own use, or perhaps to lay away for a Christmas gift, better come in tomorrow.

Furs of Beauty and Quality

And, of course, of fashionable kind and effect. The most economical purchaser will find that her money for furs goes farthest and safest at this store. The purse that need not figure on expenditure, with just beauty in view, will fairly revel in these glorious furs.

A stock of twenty-six thousand dollars' worth of gorgeous furs, with no two pieces alike, must mean necessarily a wonderful selection, and that is what this store offers. See the separate furs and sets of

HEAD OF POLICE FORCE 21 YEARS

Captain Stoll the Recipient of Congratulatory Greetings.

Twenty-one years ago today Captain Henry Stoll resigned a position on the city police department to take a position as detective for the Pennsylvania, with jurisdiction between and including Chicago and Crestline. That was the first step in the organization of the magnificent police system now in existence on the Western division, much of the credit for which belongs to Captain Stoll.

He remained in that position alone eighteen months, when he was instructed to get two men. A year later it was decided to organize a department and Captain Stoll was appointed lieutenant and instructed to take on another man. February 2, 1896, he was appointed captain, with jurisdiction over the Western system, which then extended to and included Chicago and Crestline. Then there were fifty-eight watchmen or officers on the division who were supposed to be out over the line looking after the interest of the company and its patrons. They did not always perform their duties faithfully, however, and it is even hinted that some were in the habit of spending hours in groceries, saloons and elsewhere, playing cards. From these watchmen Captain Stoll selected his patrolmen and put in force the police system now declared to be one of the very best of the many railway police departments of the country. Captain Stoll's present force includes two lieutenants, E. A. Clark and U. H. Strasser, and sixteen patrolmen and they not only look after the interests of the company, but of the entire territory adjacent to the Pennsylvania tracks. Captain Stoll also has supervision over eighty-two street crossing watchmen between Crestline and Clark Junction.

Captain Stoll's department has been a great school for men in police work, for some of the best detectives, police inspectors, captains and lieutenants took their first lesson there. Among them are G. C. Baker, police inspector Pennsylvania Northwest system; F. M. Kosher, in similar office on Southwest system; Seymour Harrod, police inspector at Buffalo; George Coling, inspector at Pittsburg; Edward Distel, [illegible] of police, Philadelphia division; [illegible] Beiman, chief Erie police, Pittsburg; J. M. Neufer and W. G. [illegible] to the Southern railroad [illegible] at Pennsylvania police headquarters, where Captain Stoll spent the greater portion of the day. On his desk was an open box of cigars for those who called to congratulate him, and the callers included many who are not connected with the Pennsylvania railway. Captain Stoll is a Scottish Rite Mason, an Elk and a member of the Royal Arcanum and ranks high in the regards of members of those societies.

HAD BIG FEAST.

Locomotive Firemen and Auxiliary Enjoy Turkey Dinner.

A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen and Engineers, and Hyacinth lodge, No. 33, Ladies' Society to the B. L. F. & E., had an all day social, which included a feast at noon, at which turkey figured prominently in the bill of fare. The affair took place at Unity hall and it is estimated that fully 300 people were there during the day to participate in the fesivities at some hour at least, and the greater portion was there all day. Following the feast at noon, came cards, music and other amusements, and then another turkey feast, this time served alone by the ladies of Hyacinth lodge. In the evening, after the banquet, came more cards and dancing, thus fittingly closing one of the most enjoyable days the brotherhood and the Ladies' Society ever had. The personnel of the committee is as follows: Ladies' Society—Mrs. William Grayless, Mrs. G. Ludwig, Mrs. D. Janness, Mrs. M. A. Coleman. Brotherhood—D. Janness, chairman; William Grayless, Bert Young, A. H. Hartwig, W. M. Smith and Mr. Sheckler.

FELL BENEATH A CAR.

Yard Conductor J. W. McKenzie Has Leg Crushed Off.

J. W. McKenzie, for twelve years employed in the yards of the Pennsylvania as a switchman and later yard conductor, fell at 11:42 o'clock Thursday, while running at the side of some moving cars and rolled over so that his right leg was caught by the wheels and crushed between the knee and the ankle. The unfortunate man was picked up and hurried to St. Joseph hospital, where Dr. C. B. Stemen amputated the limb three inches below the knee. The patient passed through the operation in good shape and will recover.

Mr. McKenzie was the conductor in charge of shifting engine 7195 and crew and the accident happened near Lafayette street.

He is married and has five children, the family home being at 1814 Lafayette street. He has been employed by the company over twelve years, his first service being in the capacity of crossing watchman at Calhoun street, commencing that work August 11, 1902. In November of that year he was transferred to the yards, where he has worked ever since.

MOTHER AND SISTER THERE WHEN BOY FACES MURDER CHARGE.

Mrs. John Tugwell, mother of accused murderer, and her daughter, Phamie Tugwell, as they appeared in court.

Los Angeles, Nov. 26. While his mother collapsed in a faint and was carried from the room and his father was arrested in the court room on an embezzlement charge, nineteen-year-old Percy Tugwell, charged with the murder of Mrs. Maud B. Kennedy, a wealthy widow of this city, was given his preliminary hearing here recently before Justice Summerfield.

The proceedings were marked by a series of dramatic sensations. Mrs. Tugwell, the young prisoner's mother, sat white faced and weeping, through two grilling hours of nervous strain and then fell fainting into her husband's arms shortly after he was arrested, and had to be carried from the room.

One of the most sensational moments of the hearing was when Henry Kellor, a new witness introduced by the prosecution to testify that he had seen a man and woman struggling in the vacant lot where Mrs. Kennedy met her death.

FIGHTS HIS WAY INTO POLITICS

J. G. Blaine 3rd. Following in Steps of Noted Grandsire.

Providence, R. I., Nov. 27.—"Like father like son" adage does not follow in the case of Councilman James G. Blaine, 3d, whose entrance into politics was like a cloud from a clear sky to the ward committee who decreed that "they didn't want Blaine as a candidate."

"He's only lived here since 1911," the committee opined.

"That's no argument," fired back young Blaine.

He made it plain that if he lacked the necessary qualifications to represent the people in the common council, that surely was debatable. But to sidetrack in min order to consummate a trade with the opposition party was "not good politics," and he would fight it out in caucus, and fight it he did to the tune of winning the nomination and subsequent election by a vote of 690 to 444.

"College men are apathetic toward holding office, and it is a mistake," said the athletic Blaine when found by the American reporter lunching with United States Senator Henry F. Lippitt at the Turks Head club. "We hear criticism from college men about things political, but to my mind they should devote time to this great problem whereby the people would directly get the benefit by their service."

Graduating from Harvard in 1911 and having the world before him, with no legacies other than his name, he started "selling insurance" in this city, and now holds the position of agency director.

"Are you going to follow in the footsteps of your grandfather?" asked the reporter.

"I cannot answer that question," was the reply with a smile. "I have at least made a start and am willing to leave my continuance in office to the discretion of the citizens."

With his wife, formerly Miss Marion Dow, of Bangor, Me., and daughter, Elizabeth, Blaine lives at No. 133 Power street, in the fashionable "east side," contented with his lot and determined to improve his condition as the years roll on.

Why Let a Terrible Cough Hang On and Wear You Out?

Loosen Its Grip with that Wonderful Throat and Lung Medicine, Foley's Honey and Tar Compound.

Coughs that "hang on" mostly settle on the lungs, and they fairly eat the life out of you. They use up your strength, lower your vitality, and pave the way for serious lung and bronchial diseases.

FOLEY'S HONEY AND TAR COMPOUND leaves healing behind it as it glides down your throat. It covers raw, inflamed, irritated surfaces with a soothing healing coating. It stops the racking, tearing cough and eases stuffy wheezy breathing.

WILL G. RICHMOND, Inglewood, Cal., says: "FOLEY'S HONEY AND TAR acts so well in harmony with nature, it is more like a food than a medicine."

E. J. SARGENT, Dallas, Texas, writes: "I had a terrible cough which words will not describe. I spent much money and tried many kinds of treatment, but found nothing which would cure me. At last I tried FOLEY'S HONEY AND TAR and it completely relieved me of all bad symptoms and my cough entirely disappeared."

For all coughs, colds, croup, bronchial affections, la grippe coughs, throat and lung trouble, you will find it a medicine without a peer. Every good druggist is glad to sell it, for it gives satisfaction to his customers and contains no opiates. You cannot [illegible] substitute to do for you what FOLEY'S HONEY AND TAR will do. The Public Verdict Proven By Our Business

Our Forced-to-Vacate Sale

The Greatest Sale Ever Held in November—Buyers Pour in From Distances of 50 Miles, to Save

We thank the public, most heartily, for this proof of their confidence in our word and the quality of our goods.

We sell only reliable goods. You cannot buy a shoddy or skimped garment from us, and every article in our store is a very real bargain.

This Saturday we will have a much larger sales force to take care of business, than here-to-fore. The volume of our business, the last two Saturdays, was so much beyond our expectations that we regret we were unable to give to all, proper attention.

MERCHANT MARINE PROBLEM RETURNS

President is Preparing to Back Up His Original recommendations.

(By Gilson Gardner.)

Washington, Nov. 27.—The bill providing for a government-owned merchant marine promises to absorb a large share of interest at the coming session. The president is preparing to back up his original recommendation and to urge that prompt action be taken on this measure. All the reasons originally suggesting this policy remain, and have been reinforced. The transfer of foreign ships to the American flag has failed to supply the need for an American merchant marine, and today practically all of our commerce with foreign countries is being carried in English bottoms. Should anything interfere with the British control of the highways of the ocean, our neutral commerce would be cut off.

* * *

That the impartial distribution of relief to people in foreign countries merely prolongs the agony of the present war, is the statement of Bolton Hall, the eminent publicist.

"We frown," says he, "on supplying goods for the use of the unwounded soldiers, but we seem to think it a virtue to send money and goods for the wounded soldiers. That Americans should send money to do for the belligerents what their governments would have to do for them if we did not do it, is on a par with supplying food for the exhausted men or ammunition for those who have to defend themselves. It is helping to prolong the war. This idea will not be popular with those who are guided by sensibility rather than by sense. But we have at our own very doors ample and harrowing distress and misery to occupy all our time and attention. Every charity is compelled to cut down its budget and hundreds are suffering who might be helped, whilst, at great expense, we are sending aid and merchandise for 'the poor soldiers,' whose past support of government bent on warfare is mainly responsible for this present evil. 'See America first' and you will find enough to do without lending aid and comfort to the gunmen who are on the murder job. If, however, we decide to help along the war, let us at least decide first on which side we are."

The first report of the federal industrial relations commission will be made to congress when it meets Monday, December 7. This is not a final report with the final recommendations of the commission, but is a report of progress and a summary of the hearings which have been held. The final report will be made next August when the commission is by law required to end its work. The preliminary report promises to be one of the most interesting documents ever contributed on our industrial problems. It is to be quite unlike previous reports in that it is not merely to set out endless unsifted and undigested "testimony," nor yet a lot of vague glittering generalities. It will deal with facts in a frank and perfectly courageous way and whether or not one agrees eventually with the recommendations as to remedies, it will be hard for anyone to get behind the facts set forth. One important accomplishment will be the statement by the commission of what the industrial problems are. This much at least will have been done. The report will furnish excellent reading for any person interested in the problem of poverty. Persons interested may secure copies of the report by writing to their congressman or senator, as undoubtedly it will be printed as a public document as soon as received by congress.

The silliest thing done by the present or any other congress was the refusal by the democratic caucus to permit a vote in the house of representatives on the constitutional amendment giving women the right to vote. This was silly because it was unnecessary and poor politics. There are votes enough in the house on both sides without doubt to defeat the amendment. It could, therefore, safely have been brought in, debated and disposed of by a record roll call. This would have removed from the shoulders of the democratic party, as such, the stigma of party hostility to woman suffrage. It would have enabled individual democrats to go on record favoring it, and would have allowed others opposing it to state their position [illegible] length. It would also have saved the president the embarrassment of continuous delegations waiting on his doorstep for a chance to interview him as to whether he has again changed his mind on the subject, or the right of some new excuse for putting off a vote on it.

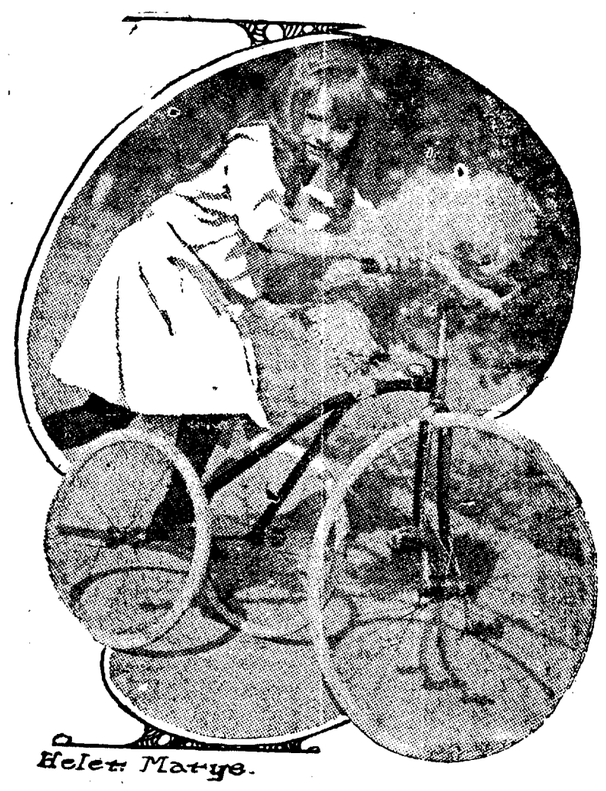
RUSSIA NO PLACE FOR LITTLE GIRLS, SO HELEN STAYS IN WASHINGTON.



HELEN MARYE TEACHING HER DOG, "FUZZY," TO RIDE A VELOCIPEDE.

Washington, Nov. 27.—Petrograd is no place just now for small children—no place for fun-loving, little American girls who like to ride velocipedes in the parks. That's what Mr. and Mrs. George T. Marye decided when the latter was sent to Russia as American ambassador a few months ago.

So little Helen Marye, her fuzzy little dog and her velocipede were left behind in Washington in charge of a relative when her parents went away to the czar's country.

CREMATION PROMISE KEPT.

Widow Has Body of Soldier Disinterred at Marion Home.

Marion, Ind., Nov. 27.—Mrs. Florence Brown, of New York, widow of Frederick E. Brown, who died at the Marion soldiers' home, November 4, came to this city last week to carry out a promise she had made her husband several years ago to have his body cremated.

Frederick E. Brown was formerly a well-to-do business man of Dayton, O., but had reverses. He decided to enter the soldiers' home here, and his wife took up work in stenography in New York. Her former home was at Winchester, Va., and at her husband's death a telegram was sent there. She first learned of her husband's death after a letter she had written him was returned to her with the word "deceased" written across the envelope.

The body of Frederick E. Brown was disinterred at the soldiers' home cemetery under direction of Mrs. Brown and was shipped to Indianapolis for cremation. The ashes will be sent to Winchester, Va., and buried in the family lot, beside the body of his first wife, who was a sister of the present Mrs. Brown.

SAYS WIFE IS EXTRAVAGANT.

Former Millionaire, Sued for Divorce, Says He's Worth Only $18,000.

Muncie, Ind., Nov. 27.—Louis Friedman, known in the days of the famous oil boom as "the millionaire oil operator," now is worth only $18,000, according to his cross-complaint in a suit for divorce brought against him by Mrs. Lena Friedman. The husband asserts that the wife spends $75 a week for food for the family; that she spends $2,000 a year for clothing, and that she is otherwise extravagant.

The two were divorced in Madison county in 1911, but remarried six months later. Mrs. Friedman once filed a suit for divorce in the Grant county circuit court at Marion, but this did not come to trial. Friedman says his wife caused their young son to practice music lessons to such an extent that the boy's health was seriously endangered because of a nervous breakdown.

New Treatment for Bronchitis Asthma, Catarrh and Head Colds

Vick's Vap-O-Rub Croup and Pneumonia Salve Relieves by Inhalation and Absorption. No Dosing.

When Vick's "Vap-O-Rub" Croup and Pneumonia Salve is applied externally, the body warmth releases vapors of Pine Tar, Camphor, Thymol, Menthol, and Eucalyptol. These vapors are inhaled direct to the lungs and air passages where internal medicines can not go. They loosen the phlegm, open the air passages and stimulate the mucous membrane to throw off the disease germs. For catarrh and head colds melt a little in a spoon and inhale the vapors, also apply well up the nostrils. For asthma and hay fever follow the instructions given above and also rub Vick's well over the spinal column, thus relaxing the nervous tension. Vick's is not a "cure" for these diseases, but it has at least the merit of containing no harmful habit-forming drugs, and it is sold by all druggists on thirty days' trial. If it fails to relieve in your case, the purchase price will be immediately refunded.

For sore throat, tonsilitis, deep colds, and bronchial troubles, apply hot wet towels over the chest and throat to open the pores of the skin. Then rub Vick's well in and cover with a warm flannel cloth. The next morning the phlegm is loosened, head is clear, and, in addition, the absorption of Vick's through the skin has taken out that tightness and soreness. Three sizes—from 25c. up.

ARMY AVIATORS TO GET NEW TEST

Warlike Conditions Will Be Simulated as Far as Possible.

Washington, Nov. 27.—Aerial reconnoisance work in which actual warlike conditions will be stimulated as far as possible, is to be the test for army aviators this year who enter the contest for the Mackay trophy, presented several years ago by Clarence H. Mackay through the Aero Club of America. It is awarded annually for the best record in carrying out certain prescribed conditions.

It was announced at the war department today that marines, artillery and cavalry will be moving about the territory over which the aviators must fly. The contest will be held near San Diego, Cal., about December 18, and will be participated in by the Fourth regiment of marines, the artillery garrison from Fort Rosecrans and a squadron of cavalry from San Ysedro, Cal.

The reconnoissance is to start from a point about 100 miles away from San Diego. The goal of each flight is to be North island at San Diego, on which is located the aviation school. The cup is to be competed for by teams, each composed of a pilot and observer. Accuracy of locations of the troops below, with their composition and strength, also the time required to make the flight will be counted in the judging. As complete a report as possible with a map must be submitted at the terminus. Fifteen minutes before starting each team will be given a copy of the instructions. The fliers will be disqualified if they get below 2,500 feet, and for every minute they are below 3,000 feet points will be deducted. There will be five judges, three representing the war department and two the Aero Club of America.

ENJOIN SHERIFF IN MAKING SALE

Error in Publication for Selling Cressler Lands Postpones Action.

An error in the legal publication giving notice of the sale of the Cressler real estate to satisfy judgments and liens in the case of the Kerr Murray Manufacturing company compelled a postponement of the sale that was to have been held at the door of the Allen county court house Monday afternoon. Because the legal publications stated that the sale would be held at the door of the Wells county court house in Bluffton, Thomas E. Elison, attorney for Alfred D. Cressler, filed a complaint in the circuit court Monday morning for an injunction to restrain Sheriff A. C. Gladieux from making the sale of the $100,000 worth of property, included in which is the Cressler home at Wayne street and Fairfield avenue, and the large tract of land lying north of the Pennsylvania right of way between the St. Mary's river and the Grand Rapids and Indiana railroad. The sale is based on judgments obtained in the Wells circuit court last September by John W. Brewer and the First, Old and Hamilton National banks of Fort Wayne against the Cresslers. The Wells circuit court ordered the sale and in drawing up the legal notice of sale, which was published in a Fort Wayne newspaper, the advertisement was made inadvertently to read that the sale would take place at the court house in Bluffton. The plaintiff in the injunction suit says he would be greatly inconvenienced and made to suffer damage to the extent of $1,000 should the sale be held as advertised. He therefore asked for an injunction against Sheriff Gladieux and demanded $500 damages. The effect will be to postpone the sale three weeks to permit a valid notice of the sale to be published.

Asks for Divorce and $1,000.

Gladys Shaw has begun action in the $1,000 alimony. The couple were married February 28, 1912, and separated November 27, 1914. The wife complains of cruel and inhuman treatment, charging that her husband has repeatedly struck and beaten her with his fists, used profane language toward her, applied vile epithets to her and has been quarrelsome and abusive since their marriage. She says also that he has falsely accused her of infidelity.

Change of Venue in Hanna Cases.

Samuel D. Hanna and John H. Immel filed affidavits in the circuit court Friday for change of venue from Judge Eggeman in the trial of the joint case against them for forgery and Judge Edward O'Rourke was appointed to try the case. Samuel D. Hanna also asked a similar change of venue in the trial of the case against him for perjury. These criminal cases grew out of the failure of the Hanna-Brackenridge company in this city over a year ago.

Leniency for Wayward Lad.

Albert Bashara, 17 years old, was given a suspended sentence of from one to eight years in the Jeffersonville reformatory Friday afternoon, after he had pleaded guilty to petit larceny. He promised to steer his course by safer charts than heretofore. His brother, Allen Bashara, has promised to look after him. Young Bashara stole $25 from the cash register in the John Fredericks meat market on Wells street Wednesday evening.

Notes of the Courts.

It was expected that the hearing of Mrs. Velma Myers and Misses Naomi and Millicent Myers, on charges of larceny, would take place in the circuit court Friday afternoon, and the young shoplifters were brought in, but Judge Eggeman postponed the hearing until 10 o'clock Saturday morning. He desires to make some inquiries about the circumstances of the young women.

William G. Dickmeyer was given judgment for $211 in the circuit court against Chriat Siebold.

FRIARS PLAY IN EXCELLENT FORM

Take Walsh Hall Down the Line and Show Some Real Foot Ball.

(By Morton B. Williams.)

It takes a big team to beat Walsh hall of Notre Dame, but the Friar aggregation turned the trick yesterday at League park. The visitors came down here with the expectation of repeating what Corby has been doing successively and successfully each Thanksgiving day. Father Farley's bunch of footballers did not play thesort of game that was generally expected, but confined themselves to straight football and attempted no trick plays that are so much used by universities.

Themost probable reason for the local's trimming them was that in the first quarter Laird successfully drop kicked fifty-two yards, excelling his kick of Sunday by seven yards, and getting into the class with Brickley. This kick disheartened thevisitors and they played with less snap and vigor than before. The playing was fast on both sides and the Friars have shown the result of the week's practice.

Walsh kicked off and the first crack out of the box Birtschi made thirty yards on a forward pass. This looked good for the locals but in three downs they were unable to make any marked gain and they punted. When the Friars next gained possession of the ball another pass got them within striking distance of the goal but the ball went over. The locals next got the ball on their own twenty-eight and Laird on a fake punt gained twenty yards. One would not have supposed that he would try for a field goal from that distance but he made the attempt and for the second time within a week he was successful. Laird made the Friars' three points by himself. Walsh elected to kick and the Friars seemed unable to hold the ball and Walsh worked its way to within two yards of the locals' goal line. Things looked dark for the Friars at this time but their line held four times and they punted out of danger. The locals got their next score when Streider made a touchdown after a thirty-five yard run. Laird kicked goal. Nothing more of note was done in this quarter, which ended with the Friars in possession of the ball on the forty-five yard line and the score 10 to 0 in the locals' favor.

Almost at the outset of the second period Carmody grabbed a long forward pass out of the air and scored the visitors' first and only touchdown. Bush kicked the goal. The ball then went fro mone end of the field to the other for a couple of times until Grady, who had been making large gains on a certain kind of fake pass, held the ball too long and Chambers grabbed it and ran about twenty yards for a touchdown. Laird, as usual, kicked goal. There was nothing more of interest during the remainder of the period. When the whistle blew the Friars were leading by a ten point margin and had the ball on Walsh's thirty.

The third quarter almost saw a Notre Dame rally, for the visitors made three first downs but when the Friars were being beaten back so close to their own goal posts as to be uncomfortable they broke up the rally. No score was made by either side in this period although each side came close. During the last partof the quarter the locals worked the ball down to Walsh's seven yard line when time was called.

The first minute of the last period saw the Friars make their last touchdown. Laird carried it through after attempts had been made by the other backs. Walsh was on her way to a touchdown about the middle of the game but she stopped in the center of the field and the rest of the play was around the visitor's goal. When thegame ended the ball was in Walsh's possession in her own territory and the score 24 to 7.

Laird played the game of his life. His kick showed practice and precision, his runs were fine and his work on the defensive excellent. He scored just an even half of the locals' points and his drop kick probably started things going for the Friars. Running him a close second was Streider, without whose remarkable plunges through the line made touchdowns possible. The two big men of the Notre Dame team were Bush, who seems to have got dodging down to a science.

The line-up and score:

Walsh Hall, 7.	Pos.	Friars, 24.
Carmody	L.E.	Birchi
Welsh	L.T.	Robbins
Fienz	L.G.	Ellenwood-Junard.

Goals on touchdown—Laird, 3.

Officials — Erehart, Indiana, referee; Kennedy, Chicago, umpire; Dr. Leach, head linesman.

The Preliminary.

The West Ends made good their claim to the city championship in the curtain raiser for the big game by defeating the Bachelors. There is no other amateur team in the city that has a claim to that honor now. The game was slow at times, but the winners had no cinch making their touchdowns owing to the playing of the Bachelor backfield on the defensive. Centlivred scored the lone touchdown of the defeated side.

OUTLAWS CLAIM TO HAVE GRABBED TWO COAST BASEBALL STARS.

Left to Right: Justin Fitzgerald and Walter Schmidt, star coast players said to have been grabbed by the Federals.

San Francisco, Cal., Nov. 27.—According to the most recent "inside stuff" Justin Fitzgerald and Walter Schmidt, the two fastest base runners in the San Francisco club of the Pacific Coast league, have been "hooked" by the outlaws. President Madison, of the Kansas City Federals, claims to have purchased the services of these two players for the coming season. Fitzgerald was regarded as the best hitter on the Frisco line-up last year; he played in the outfield.

Walter Schmidt was one of the best catchers in the Pacific Coast league. If organized base ball loses the services of these two players it will be felt keenly as both are young and promising men. Schmidt is of big league caliber and would have gone into the big brush long ago had it not been for the fact that local magnates were unwilling to weaken their team by releasing him. At present the doughty catcher is playing with the Imperial Valley Winter league, but if it is true that he has jumped to the Federals he will be forced to quit the Valley league and will be forever blacklisted by organized base ball.

Fitzgerald has already seen big league service with the New York Americans, where he played a couple of years. He later played with Portland and was secured from that club by the Frisco team. At present Fitzgerald is on a barn-storming tour with Happy Hogan's team in the Hawaiian islands.

NEW BASEBALL TRADE IS ON.

New York and Philadelphia American Leaguers Dickering.

New York, Nov. 27.—A baseball trade between the New York and Philadelphia American league clubs involving Ray Caldwell, of the Yankees, and Rube Oldring and Jack Lapp, of the Athletics, is under consideration, according to reports published here today. President Ban Johnson, of the American league, is said to have urged Connie Mack, while on a recent visit east, to arrange the deal with the double purpose of saving Caldwell from the Federal league, with which he is reported to have signed for next season, and of strengthening the New York club for the good of the circuit.

"What Next," play by Walther league, Emmaus church, at School Hall, Thursday and Friday nights.

NEXT GAME HERE IS RUBBER EVENT

Friars and Congerville Have Each Won a Football Game.

When the Friars and the Congerville team, of Muncie, meet Sunday afternoon in the closing foot ball battle of the season, the affair will be a rubber event, as each has won a victory over the other.

Frank Rinehart, business manager and publicity promoter of the Friar Athletic board, made an effort early in the season to get hold of this club as a substitute for the Alexandria eleven, which was not considered strong enough for a local booking.

He went so far in the matter as to offer the club a flat payment of $200 for the game, but it had already booked for the day and, as every real foot ball club should do, it declined to cancel and lost some money by doing so.

Flushed with the success of its two last undertakings the Friar club is full of fight and ready to get into the Congerville struggle with a vim that spells defeat for the opposition and all of the men feel sure they can close their season with a win in spite of the fact that they will have but two days to recover from the Walsh hall game.

The announcement that the season would close with the Walsh hall game was an error, as Congerville had already been scheduled and in securing the game a club is being brought here that would gladly have been welcomed at any stage of the year's gridiron activities.

Some high class foot fall has been put on by the Friars this year and the patrons have shown their appreciation by paying the advanced prices that were adopted this fall. There was some doubt in the minds of the athletic board members as to the probable outcome of such a radical change, but the public has responded cheerfully and the attendance has been fully as good as it was when only two bits was charged at the gate.

Clothing for the poor of Fort Wayne will be received at the Sentinel office, on West Wayne street, and distributed to worthy people through the Fort Wayne Mother's club and the various charitable organizations.

HOSTS GATHER FOR BIG GAME

Army and Navy Forces Take Philadelphia in Advance of Contest.

Philadelphia, Nov. 27.—The advance forces of the army and navy began to arrive in Philadelphia today for the annual football battle between the West-point cadets and the Annapolis midshipmen on Franklin field tomorrow. The movement will become general late today and by tomorrow the central part of the city will be in complete possession of the arms of the government. Extra seats have been erected at Frankin field and the largest crowd that ever saw an army-navy football game in this city will be on hand to cheer their favorites. As a whole the army-navy game is the most spectacular on the football schedule of the year. The uniforms of officers, the parading across the field of the battalions of gray clad cadets and the regiment of blue uniformed midshipmen, the martial music of the big brass bands and the comingling of the colors of the American flag and the blue and gold of the navy, black, gold and gray of the army and red and blue of the University of Pennsylvania, give a picturesque setting that is inspiring. President Wilson, who saw last year's game, will not be here but several members of his cabinet, including the secretaries of war and the navy, will be on hand to root for the gridiron warriors.

SOCIETY

A tea of beautiful appointment was given by Miss Irene Comparet at her home in Lake avenue, this afternoon, from 3 to 5 o'clock, in honor of her guest, Miss Mildred Van Horn, of Evanston, Ill. During the tea Miss Comparet announced that the date of her approaching wedding to City Forester Carl J. Getz will be December 31. The guests were ushered to the dining room for refreshments and as they left the room each was given a favor of a yellow chrysanthemum by little Louise Walker. In the chrysanthemum was a tiny card bearing the names of Miss Comparet and Mr. Getz and the day set for their marriage. The house was very attractive with its decoration of foliage, ferns and chrysanthemums. Assisting Miss Comparet in meeting the callers were Miss Elizabeth O'Rourke and Miss Larene Travers. Mrs. Herbert Zur-Muehlen presided at the tea table and Misses Marjorie Dailey, Louise Tyger and Ada Gumpper served in the dining room.

Many Fort Wayne friends are interested in the announcement of the approaching wedding of Andrew Winslow S. Ellison, son of Mr. and Mrs. Thomas E. Ellison, of this city, to Miss Tecla Sievert, of St. Mary's Ohio. The engagement was announced at the home of Miss Sievert at a luncheon she gave recently, which is characterized by the Evening Leader of St. Mary's as a very pretty affair. Mr. Ellison is employed with the Ford Automobile company, Detroit, and holds a responsible position. Miss Sievert has a number of friends in this city. The wedding will be a December affair.

Beyer—Hockemeyer.

Miss Anna Hockemeyer, daughter of Mr. and Mrs. Henry Hockemeyer, of 1217 Summit street, and Mr. Edwin Beyer, a son of Rev. and Mrs. John Beyer, of Car Creek, took place on Thanksgiving day at 4 o'clock at the home of the bride. The marriage ceremony was performed by the groom's father in the presence of relatives and intimate friends. Miss Leona Hockemeyer, sister of the bride, and Mr. Gerald Beyer, the groom's brother, were bridesmaid and groomsman. The bride wore a beautiful gown of white crepe de chine and carried a bouquet of bride roses. The bridesmaid's gown was cream color and her flowers were yellow chrysanthemums. Rev. Mr. Byrer played the wedding march as well as officiating at the marriage service for his son and new daughter. After congratulations had been extended to the bride and groom an elaborate wedding dinner and Thanksgiving feast was served to the seventy-five guests present. The table where the bridal party sat was decorated with a big cake and bouquets of flowers. The bride and groom will not take a wedding trip, but will be at home for the present with the bride's parents. After their own home in South Harrison street is finished the bride and groom will begin housekeeping. The groom is a carpenter and is employed by the bride's father.

Bostick—Kover.

Miss Ruth Kover, daughter of Mr. and Mrs. E. W. Kover, of Howell street; and Mr. William E. Bostick, a son of Mrs. Louise Bostick, of 426 East Wayne street, were married on Wednesday evening at 8:30 o'clock at the home of the bride by Rev. C. O. Shirey, assisted by Rev. Samuel Wagenhals, with whose congregation the groom is a member. Mrs. Arthur Kover played the wedding music and also sang before the bride and groom entered the room, "I Love You Truly." There were no attendants. The bride wore a gown of white crepe de meteor, trimmed handsomely with princess lace and held a bouquet of bride and sunburst roses mingled with stevia, with a shower of embroidered tulle ribbon and swansonia. The rooms were decorated with palms, clusters of yellow and white chrysanthemums and russet oak leaves. The bride's table at the elegant supper suitable for Thanksgiving eve, was decorated with tall yellow candles and roses, both white and yellow, arranged in small bouquets. Each supper table had an ornamentation of the flowers and candles. The effect was lovely throughout. About fifty guests were present, including relatives. The bride made a beautiful appearance, her wedding costume enhancing her blonde beauty and the sweetness of her face. The bride is an especially lovely young woman in every way. Mr. Bostick is a young man of fine character and enjoys a wide circle of friends. He is a meter tester in the employ of the Traction company. After they return from their wedding trip Mr. and Mrs. Bostick will go to housekeeping at 1806 Howell street, in a home already furnished and ready for occupancy. Miss Esther Kover, who is studying in Toledo, and who is a sister to the bride, came home for the wedding.

AT THE TEMPLE.

A pair of hard-headed ruralites in the back woods of Maine bickering, arguing and quarreling every minute they are awake and still occupying the same storeroom and the intervention of a sweet-faced girl as mediator furnishes the theme for the Temple's sterling head-line act on the week-end bill of vaudeville. This sketch, "The Chalk Line," is the famous success in which Harlan E. Knight and company are appearing and which is a headline act that would grace any bill. Mr. Knight introduces a couple of bass solos that are musical gems.

Bensee and Baird's singing and talking act is one of the best ever seen even at the Temple. Both the young people have excellent voices and Miss Baird's dancing is exceptionally good. They close with a Highland dance number that gets over big. A comedy magical act as done by Ziska and company is always a welcome diversion and the applause that greets their efforts indicates how thoroughly they are enjoyed.

LULU FADO—NEWEST OF DANCES.

Miss Neill posing for third step position. Smaller picture (above) shows same position lady with partner; lower picture shows fourth step position.

(Taught by Edna Neill, formerly with Pavlowa in imperial Russian ballet.)

Can you dance the lulu fado?

If you can, you are not only up to the procession, but ahead of the band, for the lulu fado has just arrived!

If you can't, here's your chance to learn to whirl and glide and dip, and tap your toes and snap your fingers in this fantastic and picturesque new Spanish dance.

The new dance is practically unknown in America, but it leads off the list of society dances that Miss Edna Neill, formerly with Pavlowa's imperial Russian ballet, brought over from Paris this fall. Miss Neill is introducing the modernized fandango to American dancers.

Directions for the Dance.

The first step in the lulu fado is two slow walking steps and four fast walking steps. The lady going backward and gentleman forward in a regular one-step position. This is continued four times. The count is 1, 2,—1, 2, 3, 4,—1, 2,—1, 2, 3, 4.

Second step—lady polkas backward—the gentleman forward, keeping the same position with the arm as in first step.

Third step—This is the characteristic step of the lulu fado which shows its Spanish origin. The couple separate—the gentleman making a circle to the right—the lady a circle to the left. They continue the same step as in the first step only they are each going around a circle away from each other. Now step 1—2, 1—2—3—4—snapping the fingers on 4 and 1 and clapping the hands on 1 when the lady and gentleman complete the circle and meet. Continue this twice then come together face to face, gentleman steps forward with left—lady back with right foot and continue the first step.

Fourth step—The turn is now made which may be called the pivot turn and is unlike any other turn used in the other dances.

The right foot is used as a pivot, the left foot moving or used to make the turn. The left foot touching the floor turn on a complete turn. The pivot is done two or three turns with a great deal of swing.

Now begin with the first step again and repeat the whole series.

If there are several couples dancing together the lady may change partners on the third step. That is instead of returning to her original partner at the end of the circle she may go forward to the next man, who is next to the left of her original partner.

This is the way the lulu fado is danced in the rural districts of Spain.

AT THE JEFFERSON.

MILLION DOLLAR MYSTERY
Heads Jefferson List of Attractions,

Followed by "The Barefoot Boy."

With only one more week of suspense, today's installment of the Million Dollar Mystery marks the last milestone in the remarkable race which has been in progress for the last few months, and one that will end with the bestowal of $10,000 on several lucky persons throughout the United States. To say that today's batch of thrills are more exciting than the last would be but reiterating a statement made each time a new episode of this brilliant serial appeared. The resources of the directors of this picture for developing thrilling climaxes and exciting action seem well-nigh inexhaustible and each succeeding episode has proved stronger, more interesting and productive of greater situations than the last, and today's installment reaches the high water mark of them all.

Together with this excellent feature we have the phenomenal Kalem actress, Marguerite Courtot, starring in a sweet pastoral drama, "The Barefoot Boy."

Miss Courtot was practically unknown six months ago and her sudden rise to fame was one of the seven wonders of the moving picture world.

Last, but by no means least on the roster, we have another consignment of Pathe War News, with visualized incidents of the present conflict.

AT THE EMPRESS.

People who want to laugh and laugh heartily cannot afford to miss the new show at the Empress. This bill, which opened at the Empress yesterday afternoon for the last half of the week, contains laughs of all sorts and variety and of various lengths and intensity. There is scarcely a moment during the course of the whole show when the audiences are not howling with merriment.

The big laugh act of the bill is contributed by Buch Brothers, gymnasts exceptional and comedians extraordinary. Their acrobatic work is performed on a trampoline and alone would make this act a headliner. Their comedy is mighty amusing and when the smaller mmember of the team ejects about a half bushel or so of beans from his mouth as the other member of the team hits him, the fun gets intense.

Jones and Johnson, two colored comedians, have another one of the big laugh acts.

Quaint Fashions of '60 in This Gown

With its square bodice and skirt falling in stiff straight folds this evening gown is remindful of the quaint fashions of 1860, which is often called "the period of good taste in American fashions."

The gown, which is of the "made in America" brand is white faille brocaded with silver, and a stiff band of white faille makes a prim, old-fashioned trimming for the bodice.

NOSTRILS AND HEAD STUFFY FROM A COLD OR CATARRH?

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Adv.

TINY DRINK FROM SPRING IS FATAL

Water in Texas Spring is Filled With Acid and Arsenic.

Guadalupe, Texas, Nov. 27.—One small drink of the water of "Stinking Seep," a small spring that is situated in Culberson county, about fifteen miles southwest of here, means certain death to whatever living thing that imbibes it. The spring is in the heart of a desert region and countless numbers of cattle, wild animals and birds have come across it and in a half-famished condition drank from the little pool of water. Within a few minutes they fell to the ground in the throes of death.

For many yards surrounding the spring the ground is strewn with the bones of the victims of the deadly water. It is said that in the early days before the fatal properties of the spring were generally known many wayfaring men who happened along the dim trail that runs nearby welcomed the sight of the small hole of water and brought quick end to their lives by drinking of it. Its dangerous qualities are now so well known that human beings avoid it, and the cattle of the ranch are protected from it. It is only birds and wild animals that now fall victims to its death-dealing effects.

Dr. William B. Phillips, of Austin, director of the bureau of economic geology and technology of the University of Texas, visited the "Stinking Seep" not long ago and took from it a sample of the water, which he analyzed. This analysis shows 79 grains of free sulphuric acid per gallon and a trace of arsenic. Some of the water which Dr. Phillips placed in a galvanized iron bucket ate a hole through the bottom within thirty hours.

ENJOYED DAY TOGETHER.

A most delightful afternoon and evening was spent by about 200 members of the Turnverein and their families at the Turner hall Thanksgiving day. Such a good time was enjoyed that similar affairs will be held each year.

The afternoon was spent in a general good time and at 6 o'clock a sumptuous dinner was served. In the evening a program of music and comical acts was rendered on the auditorium stage.

DEADLY MINES THEY PLANT IN SEA—HERE'S ONE ON DRY LAND.

This great, big, steel ball is one of the deadly mines feared by all navigators. Many similar ones are being washed ashore on the British coast. The one which is seen in the photo was washed ashore at Sizewell, Suffolk, England, just after its dangerous explosives had been removed by a torpedo instructor.

CALLS DIVORCE GREATEST EVIL

Kansas City Bishop Puts Blame for Increase on Lawmakers.

Kansas City, Mo., Nov. 27.—The alarming growth of the divorce evil and the futile attempts to reduce it are attributable largely to the class of citizens the people choose to enact their laws, according to Bishop Thomas F. Lillis, of the Roman Catholic diocese of Kansas City.

Bishop Lillis returned yesterday from Washington, where he went to attend the meeting of the board of trustees of the Catholic university. "I was shocked," he said, "when upon reaching home I read in the newspapers that in Jackson county there were 180 applicants for divorce and of this number 175 were granted.

Is the Greatest Evil.

"Those figures are shocking to our boasted civilization and our ideas of Christianity. The marriage bond was instituted ages ago and in matrimony we have the foundation of all human society. If one blight is greater than another surely the divorce is the greatest we have in the United States today.

"Because of divorce and the ease with which married couples can be separated, disorder and chaos reign in the family and decadence of morals is the consequence. Christ defined the relations of the marriage state and His apostles wrote of this union. At no time did He or they teach that this union could be dissolved and the parties free to enter into another marriage.

Forget Divine Teaching.

"The principal cause I believe to be the utter forgetfulness of divine teaching and disregard for the practices of the Christian ages. No law is plainer than that the bond of unity between man and woman in wedlock should not be interfered with by man.

"Every year we try to legislate with a view to reducing divorce to a minimum. But with each year the divorce evil grows. The attempts are futile because in many instances we send men to our legislatures who would rather aid divorce than prevent it. Occasionally it is better for a couple to be separated, but it is never good to have their difficulties aired before the public. It gives young people a bad impression."

DEMOCRATS MAY ALSO URGE IT

Republicans Plan Campaign to Secure Tariff Commission.

Washington, Nov. 27.—The executive committee of the republican national committee has decided to begin immediately a campaign in favor of the creation by the congress of a permanent tariff commission. The publicity bureau of the national organization will carry on the propaganda. The idea is that the demand for a commission shall be made prominent in the national campaign in 1916.

Numerous quiet conferences of influential men in the republican party have been held since the recent election, some of them here and some of them in New York city, and the decision was reached that the best way to approach the tariff question is through the advocacy of the establishment of a permanent commission to deal with the subject. It seems to be agreed that the public could probably not be interested in a movement looking to a revision of the tariff in the old way.

During the Taft administration a tariff board was created, composed of three members at the beginning, and later increased to five members, but it was legislated out of office by the democrats when they came into control of the house of representatives. Under the new proposal a tariff commission with a wide range of powers would be provided. The present thought of the republican leaders is to carry on the campaign in favor of an independent commission of at least seven members—a commission that would take its place alongside the interstate commerce commission and the trade commission.

Since the democrats came into control of the government they have from time to time given some consideration to the question of establishing a tariff commission, but the subject has not been presented to the congress in a formal way. One influential democratic senator said today that he would not be surprised to see the democrats take up the subject within the next two years and enact a tariff commission law. "If the republicans count on making an issue out of it, we may be forced to provide for a commission," said he.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Nov. 27.—Unexpected sharp declines at Liverpool caused a heavy setback today in wheat prices here. Much selling resulted in Chicago and there was no solid support until the break amounted to 2½c a bushel. Opening prices, which were ⅜@⅝c to 2⅛c lower, were followed by a further drop, and then a rally of about 1c from the low point that preceded.
The close was weak, 2¾c to 3⅛c net lower.
Corn fell with wheat. After starting ⅜@½c to 1⅛@1¼c down, quotations recovered nearly all of the loss.
The close, however, was weak at ⅝c to ⅞c net decline.
Notwithstanding the oats reflected the weakness of other cereals, there was no general unloading.
Provisions eased off a little, influenced by the course of grain.

GIRLS.

Who Can Learn Dressmaking?

Never fear that because you may now be unskilled you cannot learn dressmaking. If you can read plain English and thread a needle we can teach you by the S. T. TAYLOR SYSTEM of dressmaking to turn out the most elegant gowns imaginable. With average industry, application and care our STUDENTS cannot help becoming first-class dressmakers. There are ABSOLUTELY NO SERIOUS DIFFICULTIES to overcome. Everything is made so clear, plain, simple and easy to understand that the pupil, however unskilled at the start, is led step by step to a full understanding of each detail of dressmaking and ladies' tailoring from foundation to finish. EACH PUPIL is instructed separately and not in classes. Call, write or phone for further information regarding terms, etc. S. T. is spreading slowly northeastward, the rainfall extending northward this morning over Arkansas and western Tennessee. The storm has given nearly seven inches of rain at Galveston this week.
Another storm has appeared over British Columbia and is giving some rains over western Washington.
While somewhat cooler weather is reported this morning from the northwest and the Lake Superior region, warm weather for the season continues general over the central and eastern states.
While the southwestern storm may spread far enough northward to give rains over the southern part of Indiana, fair weather will continue in this section tonight and Saturday. It will be colder tonight, with lowest temperature slightly below freezing.

the rest of the front of Belgium and as far as the Oise, nor was there any action on the Aisne or in Champagne. Nevertheless Rheims was rather violently bombarded during the time that a number of journalists from neutral countries were making a visit to the city.
"In the Argonne some infantry attacks resulted in the loss and then the recapture of certain trenches. The men engaged in this fighting never exceeded a battalion. The ground lost and then retaken was never more than 25 yards.
"Along the heights of the Meuse and in the Vosges there is nothing to report."

CLERGYMEN WOULD FIGHT.

Resent Recent German Military Decree Exempting Them.

Berlin, Nov. 27.—The Evangelical clergymen of Berlin and its suburbs have signed a declaration protesting against the military decree which says that student clergymen, clergymen ordained or clergymen who have been pensioned may not be called to arms. In their protest the clergymen declare that this decree cannot be justified and is an insult to them. All other classes and professions have the honor of being able to fight for their country with arms, and they would do likewise. They are going to petition the retchstag to abolish this decree.
In her recent engagement with the Russian black sea fleet the Turkish cruiser Goeben lost eleven men killed. It is said that only one shot, and that above the water line, struck the Goeben.

STILL HOPES FOR FRIENDSHIP.

Emperor William Would See Germany and France Firmly United.

Paris, Nov. 27.—Emperor William is described in a letter received by one of the editors of Patrie, from a certain captain "M.," undergoing treatment at a hospital in the German fortress of Metz, as having visited the French wounded, saying:
"I give my imperial homage, gentleman, to your valor and notwithstanding the cruel circumstances of the present war I do not despair of seeing one day Germany and France united by ties of sincere friendship."
Telegraphing from Petrogard regarding the fighting around Lodz in Russian Poland yesterday, the correspondent of the Matin says: One German army corps which was surrounded by Russian troops, surrendered in a body. This represents nearly fifty thousand prisoners. Another corps, which also had been cut off, has now been completely put to rout.
"The Russians are attacking along the Czenotochowa-Cracow line with redoubled intensity."

ACTION TWO MONTHS AGO

(Continued from Page 1.)

sence of the president declined to discuss the subject. It is believed here, however, that the president called attention to the article in The Hague convention of 1907, to which all the principal belligerents are signatory, which provides for notice of twenty-four hours before bombardment or attack, in order that non-combatants may remove themselves from the danger zone.
Whether there have been any unofficial responses from the belligerents was not known here today, but American diplomats were instructed by the president, it is understood, to handle the matter with such discretion and delicacy as would tend to end at once aerial attacks without notice and at the same time preserve the friendship which the United States feels toward all the belligerents involved.

Mentioned No Violation.

It is not believed that the president mentioned any specific violation, but expressed his views on the general subject of aerial attacks. Through unofficial character of the communication it was intended by the president to bring about a better understanding about aerial warfare without perhaps even mentioning the fact that they were doing so at the request of the president, as such methods of obtaining a desired end are not unusual in diplomacy.

WAR LOAN IS FAR OVERSUBSCRIBED

London, Nov. 27.—(2:45 p. m.)—Chancellor of the Exchequer Lloyd George announced in the house of commons today that the war loan of £350,000,000 ($1,750,000,000) had been greatly oversubscribed.

In the course of a statement concerning financial conditions in the country the chancellor stated that the financial deadlock which followed the outbreak of war was due to inability to collect outstanding debts abroad.

As an instance Mr. Lloyd George referred to the United States which, he said, owed Great Britain about a thousand million sterling ($5,000,000,000), "but we could do no business," he added.

LOCKRIDGE IS ON THE PROGRAM

Fort Wayne Man Speaker at Council of English Teachers.

Chicago, Nov. 27.—President Wilson's practice of reading his message to congress was approved here today in a paper read at the fourth annual meeting of the Council of Teachers of English and in another paper his injunction to preserve strict neutrality with reference to the European war was scrupulously observed.

Commendation came from Orton Lowe, assistant superintendent of schools of Allegheny county, Pennsylvania.

"Not all pupils can be taught to write or even to speak well, but almost anyone of average intelligence may be taught to read," he said. "Reading is the most vital branch of English. Especially is this true of orating. President Wilson recognized this when he returned to the practice of delivering state papers by word of mouth."

Among the other speakers was Ross F. Lockridge, of Indiana university, who advocated free and frank discussions of civic problems among students, rather than the old-fashioned two-sided debate where the aim is to best a rival rather than to elucidate the subject.

WARMEST IN 42 YEARS.

Chicago Thanksgiving Weather of the Unusual Sort.

Chicago, Nov. 27.—Yesterday was the warmest Thanksgiving day Chicagoans have enjoyed in forty-two years, according to officials of the weather bureau today. The thermometer registered 64 degrees between 3 and 4 o'clock yesterday afternoon. Overcoats were discarded and base ball games were played throughout the entire city. The cold wave, however, is predicted by the weather bureau officials by tomorrow night.

CROKER WEDS INDIAN MAID.

Former Tammany Leader Takes Miss Edmondson as Bride.

New York, Nov. 27.—Richard Croker, one time leader of Tammany hall, was married in the home of Nathan Straus here yesterday to Miss Bulah Benton Edmondson, the granddaughter of a Cherokee Indian chieftain. Mr. Croker is 73 years old and his bride, who is a singer, is 23 years old. A large crowd assembled in front of the Straus home when it became known that the announced plan of a church wedding had been changed at the last moment.

Mr. and Mrs. Croker left this afternoon for Palm Beach, Fla., to spend their honeymoon at Mr. Croker's winter home. In April they will go to Mr Croker's estate in Ireland.

PEACE TALK PREMATURE

GERMANY DETERMINED TO MAKE CLEAN SCORE

REPORTED LOSS OF RUSS WARSHIP DENIED.

London, Nov. 27.—Authoritative denial is given here to a report that the Russian cruiser Pallada had struck a mine in the Gulf of Finland and had gone down with 460 men. The report is declared to be absolutely untrue.

Berlin, Nov. 27.—(Via London, 1:45 p. m.)—The Cologne Gazette, commenting today on a newspaper dispatch dealing with the renewed peace talk, writes:

"It is premature to talk about peace and it strikes us as frivolous. No German diplomat and no German soldier thinks of concluding an illusionary peace with the powers which we have beaten and confidently hope to continue beating.

"In Germany everybody from the kaiser to the day laborer is determined to make a clean score this time. Talk in England about peace is a bluff."

An Official Statement.

An official announcement given out in Berlin today says: "English ships did not attack the coast of Flanders again yesterday. There is no actual change along the battle front in the western arena. To the north of Langemarck we have taken a group of houses and made a number of prisoners.

"Our attack in the Argonne region has made further progress. French attacks in the neighborhood of Apremont and to the east of St. Mihiel were repulsed.

"In the eastern arena of the war there were no decisive engagements yesterday."

An official report says:

"The fighting in Russian Poland has assumed the proportions of a continuous battle. In western Galicia our troops have repulsed the Russians. Marked progress has been made in the fighting in the Carpathians.

"Near Kolbura river, in Servia, the enemy's center is in a very strong position near Lazarevaltz. We attacked and took 1,200 prisoners, three guns, four ammunition wagons and three machine guns. To the south of Ljid (?) we took the eastern heights and 300 prisoners. From Valjevo our troops have advanced to Kosjovici."

FIGHTING IS SLACKENED.

Engagements Along Western Line of Lighter Character.

Paris, Nov. 27.—(3:47 p. m.)—The French war office gave out an official announcement this afternoon as follows:

"The slacking of the artillery fire of the enemy was noted all along the line during the day of Nov. 26. Two infantry attacks directed against the heads of bridges, which we had thrown down on the right bank of the Yser, to the south of Dixmude, were easily repulsed.

"There was no other engagement on

Today's War News Given in Summary.

The campaign in France and Belgium, commonly regarded as the main conflict of the European war, seemed today to have entered, at least temporarily, upon a new phase. For the time being Germany has relinquished the offensive, which she held so relentlessly during the earlier weeks of the war. Official statements from Berlin and Paris showed that fighting, which has been diminishing steadily in severity for the last two weeks, has now flattened out to a mere series of detached skirmishes involving only small numbers of men. It remained to be seen whether this state of affairs was the prelude to another German onslaught as London has been predicting, or whether it meant that Germany had adopted new tactics which would thrust upon the allies the burden of the attack in an effort to drive out the invaders.

The French statement said that in the Argonne, where some of the most spirited fighting has been in progress recently, there were only small engagements yesterday. Ground was taken by the Germans and retaken by the allies, but the insignificant scale of these operations, measured by the magnitude of the war as a whole, is shown by the statement that the fighting involved no more than one battalion, and the disputed ground extended over no more than 25 yards. The German statement reports some progress in this region. At a few other points further west in France and in Belgium there were small brushes.

The situation in Russian Poland, the present object of such great concern to all, is dismissed in the German statement in one short sentence. It is merely said that there were no decisive engagements in the east yesterday.

An official Austrian statement is to the effect that the fighting has assumed the character of a continuous battle. In Western Galicia, it is said, the Russians have been repulsed by the Austrians. Latest advices from Berlin state that the outcome has not yet been decided, although partial German victories are reported.

Opposed to this are the unofficial statements from Petrograd, Paris and London that Germany has been defeated decisively, and Earl Kitchener's announcement in parliament that Germany has suffered the greatest reversal of the war. For nearly a week these claims have been made with the utmost confidence, yet the Russian war office withholds any word of decisive developments.

MAY DECIDE ON NEW YORK STOP

President Much Rested by Brief Visit With His Daughter.

Williamstown, Mass., Nov. 27.—Thoroughly rested by his short visit here President Wilson planned to leave at 4 p. m. today. His original intention was to go straight through to Washington, but he may decide to stop over in New York Saturday and Sunday to visit his firend, Col. E. M. House. Should he decide not to stop in New York he will arrive in Washington at 9 a. m. tomorrow.

Mr. Wilson called on President Garfield, of Williams college this morning for a brief visit and later began working on some correspondence.

President Wilson plans soon to see Henry Van Dyke, American minister to the Netherlands, who is reported to have a message from Queen Wilhelmina relative to means of bringing about peace in Europe. It was suggested here today that the president stop over in New York on the way back to Washington to see Mr. Van Dyke, but members of Mr. Wilson's party heard he expected to get through to Washington and wouldn't meet the minister until after his return to the capital.

IVY REYNOLDS IS ACQUITTED

Man Accused of Wife Murder Freed Under Court's Instructions.

Connersville, Ind., Nov. 27.—Ivy L. Reynolds was acquitted today of the murder of his wife on February 16 last by poisoning, after Judge George L. Gray had reversed a previous decision and instructed the jury to find the defendant not guilty.

Judge Gray last Wednesday overruled a motion of the defense to order the acquittal of Reynolds, but today announced that he had looked further into the evidence and had decided that a case against the defendant had not been established.

The trial had occupied the court for sixteen days and was one of the most sensational ever held in this city. The state made much of the fact that Reynolds had married Miss Dora Gerber, of Morencie, Mich., eleven days after the death of his first wife. A trip, on which Reynolds met Miss Gerber at Toledo, Ohio, and registered at a hotel there as Mr. and Mrs. Reynolds, also figured largely in the evidence offered by the state.

HARD TASK TO JOIN CARRANZA

Vera Cruz, Nov. 27.—John R. Silliman, the personal representative of President Wilson in Mexico, is finding difficulty in joining Gen. Carranza. Mr. Silliman is in Mexico City, while Gen. Carranza is here. The railroad line between the two cities is cut. Mr. Silliman has received instructions from Washington to continue with Carranza, and it is believed here that he will have to undertake a lengthy automobile trip to carry out his orders.

Gen. Carranza today established his temporary capital in the light house building. He will soon issue some of his long promised decrees of reforms, especially that one relating to tariff. It is his desire to reduce the import duties on necessities and possibly increase them on luxuries.

HONOR COMING OF CHRISTMAS SHIP

Notable Gathering at American Luncheon Club in London.

London, Nov. 27.—(3:23 p. m.)—There was a large gathering at the American Luncheon club today at a repast given in honor of the arrival at Devonport this week of the Christmas ship Jason, bringing Christmas presents from the children of America to the young folk of the warring countries of Europe.

John Callan O'Laughlin, representing the newspapers in the United States who aided in collecting the presents sent by the children of America, was the guest of honor. The Jason is preparing to leave Devonport tomorrow for France, and consequently her officers could not be present. Walter L. Page, the American ambassador, presided. Among those present were Lord Northcliffe, Sir George Riddell and Robert P. Skinner, the American consul general.

Mr. O'Laughlin described the origin of the enterprise and the American women and children contributed to the unique undertaking. Sir George Riddell expressed the appreciation of Great Britain.

Mr. Page explained that the British government had taken charge of the gifts and that they would be distributed through the British and Belgian relief committees.

PREPARE TO PAY CHINA.

Latter Wants Installment of Remitted Boxer Indemnity.

Washington, Nov. 26.—China has applied for and will be paid in a few days $200,000 of the $1,175,000 balance of the Boxer indemnity remitted by the United States. It is being devoted to the education of 350 Chinese students in the United States. The remission of the money was authorized by congress.

COWS HAD MERELY GONE ON A SPREE

Lafayette, Ind., Nov. 27.—When Samuel Shearer, a farmer living near here walked out onto the pasture this morning, he beheld a strange sight—nothing less than an orgie. Bessie, one of his best milk producers, lay on the sward with her legs pointing to the sky. And from Bessie's lips came unmistakable hiccoughs. Three other cows were disposed in various sitting and reclining positions about the field. Darby, a fat Jersey, was engaged in a persistent attempt to emulate her ancestry of nursery lore which "jumped over the moon." The farmer hurried for a veterinarian, fearing the bovines had contracted the foot and mouth disease. The doctors found that the cows had merely gone on an alcoholic spree. They ate a pile of "pumice" (apple pulp) left near a cider press.

ACTION TWO MONTHS AGO

Wilson Voiced Disapproval of Aerial Attacks on Unfortified Cities.

VIEWS GIVEN IN UNOFFICIAL FORM

Were Communicated to U. S. Diplomats in Warring Countries.

Washington, Nov. 27.—President Wilson has communicated unofficially to the diplomatic representatives of the United States in the belligerent countries of Europe his disapproval of attacks by bombs from air craft dropped on unfortified cities occupied by noncombatants.

The president was careful not to take the matter up officially and did not even make his communication through the state department, but personally addressed the American ambassadors abroad. The president took this course, it became known today, nearly two months ago.

The facts came to light through the publication of a report that the president had discussed the matter with European diplomats here. This, however, was denied by some of the prominent diplomats mentioned in connection with it, including the German ambassador.

Method Not Disclosed.

Just how the American diplomats abroad were to convey President Wilson's feeling in the matter to the foreign governments has not been disclosed as white house officials in the ab

CATTLE PLAGUE IS NOW CHECKED

Washington, Nov. 27.—Satisfied that the ravages of the foot and mouth disease among cattle have been checked and that the epidemic is now under control, officials of the bureau of animal industry today determined to begin lifting the quarantine imposed on the cattle markets of various states.

Plans were made at the bureau today for the immediate lifting of the quarantine in parts of eastern Iowa and southern Illinois. As rapidly as the bureau can be assured that all infected cattle have been destroyed in any locality the quarantine will be lifted from that particular district. Discovery of the disease among cattle and hogs at Waterford, Va., resulted in the determination of the bureau to impose a quarantine covering parts of Loudon county, Virginia.

NEAR DEATH IN GAS-FILLED ROOM

Arthur W. Smith is Revived With Much Difficulty.

Hearing moans coming from the bath room and smelling escaping gas, Mrs. J. A. Graham, landlady of the Home hotel on Barr street, between Main and Columbia streets, broke the lock on the door leading to the room and found Arthus W. Smith lying in an unconscious condition on the floor overcome with gas at 10:40 o'clock Friday morning. She immediately called for the police who with the aid of the pulmometer, revived the young man after fifteen minutes of use.

The young man, who is seventeen years old, is the son of W. B. Smith, a printer, and has been living in Fort Wayne only a few weeks. It is thought that he had gone into the room to take a bath and had lighted the gas burner but had turned it on full and that escaping gas filled the room. He was found on the floor beside the tub.

Physicians succeeded in restoring natural respiration after laboring twenty minutes with the lad, and he was pronounced out of danger, though unable to explain how he came so near death. It is said that failure of discovery of his plight five minutes more would have meant certain death for the boy.

As soon as Mrs. Graham discovered the plight of young Smith, she called the police and Officers George Eisenhut and George Heller, with Dr. J. H. Gilpin, secretary of the board of health, hastened in the patrol wagon with the pulmotor to the aid of the asphyxiated man. The pulmotor did its work well and in about twenty minutes Dr. Gilpin pronounced Smith out of danger.

The bathroom in which Smith came so near death is the some in which a young man was killed by gas in the same way about two years ago.

DROPS DEAD AFTER RELEASE FROM PRISON.

Waupun, Wis., Nov. 27.—The wish of Davis Jacobs, 60, who had spent twenty years in state's prison for murder, that his life not be ended within the walls, was granted on Thanksgiving day only to be followed, it became known today, by the old man falling dead a few moments after eating dinner with his son at a local restaurant outside the prison.

A parole from the governor had been granted and the son arrived to accompany his father home.

"We will have a Thanksgiving dinner here first, father, because we cannot arrive home in time to eat with the folks," said the son.

The two went into a restaurant together. As they left Jacobs dropped dead of heart failure.

LOCAL BOOSTERS TRAVEL HIGHWAY

Fort Wayne Party Goes Over Route of the National Road.

At exactly 10:20 o'clock Friday morning Dr. E. W. Dodez, appointed special inspector by W. M. Griffin, councillor for northern Indiana, accompanied by Frank E. Bohn, Peter D. Smyser and Frank Holloway, started from the end of the concrete road at the outskirts of New Haven to travel the section of the Lincoln national highway between that point and Ligonier, and the party is one of a great number that started out the same day to inspect every inch of the 3,400 miles of the route from New York to San Francisco.

The results of the inspection will be reported to J. T. Partington, of Detroit, secretary of the Lincoln National Higiway association. Each inspector was instructed to set his speedometer and get the distance covered and it was shown by Dr. Dodez that the concrete road is exactly four miles in length and is probably one of the best sections along the entire route.

The instructions also directed that the signs along the route be counted and the number reported, that the road conditions be looked over carefully and such suggestions as may be deemed necessary be sent to the secretary of the association.

In posters sent out by the organization the people of the United States generally are advised to "see America first," through the medium of this highway and to imbue the tourist with the idea of "over the Lincoln National highway for me next year."

It is also intended to demonstrate that every city and town located on the route ought to have an organization to boost the project for the commercial value, as tourists passing over the course will spend some money in each of them every summer.

It is proposed that the entire route be covered by the various parties in twelve hours, which will set a record of practically 300 miles an hour.

RAIN CHECKING FIRES.

Downpour in Arkansas Big Help to the Situation.

Little Rock, Ark., Nov. 27.—Rain which began falling over southern Arkansas yesterday became general over the entire state today and from all points came reassuring reports that the forest fires were subsiding. The local weather bureau predicted a continued fall of rain tonight; no accurate estimate of the losses suffered has been made, but the lumber loss has been great.

PUTS BLAME ON AMERICAN

Tennessee's Launch Helmsman Failed to Heed Warning.

TURKEY EXPLAINS FIRING OF SHOTS

Mr. Bryan Says This Latest Report Closes Disturbing Incident.

Washington, Nov. 27.—The Turkish commander of the fort of Smyrna lays all responsibility for the firing upon the cruiser Tennessee's launch to the indifference to the helmsman of the launch, who, it is said, did not heed warning of the presence of mines.

Secretary Bryan today issued a supplemental statement on the Tennessee incident based upon the latest communication from the Turkish minister of war to Ambassador Morgenthau in Constantinople.

"The war minister's report," said the statement, "states that he ascertained from the commander of Smyrna that two blank shots of warning were first fired and that the sentinel after waiting two minutes was obliged to fire the third shot in another direction from that of the launch, which latter shot was merely to prevent the helmsman of the launch from holding its course which lead directly onto the mines at the entrance of the port and to rescue him from a very certain danger. The commander of Smyrna expresses very great regret that such an obligation was presented to the sentinel of the port which he attributes to the indifference of the helmsman of the launch."

Secretary Bryan said this latest report closes the incident.

ARRIVES AT FALMOUTH.

Philadelphia Steamer Carried Food and Clothing for Belgians.

Philadelphia, Pa., Nov. 27.—A cable message here today announced the arrival at Falmouth, England, of the steamship Thelma, the first of the two Philadelphia steamers sent to Europe loaded with food and other supplies for the Belgian war sufferers contributed by the people of this city. The Thelma is bound for Rotterdam and left here Nov. 12. The second ship, the Norwegian steamer Oru, left Wednesday.

FILES PLEA IN ABATEMENT.

Voting Machines Furnish Basis for Action at Terre Haute.

Terre Haute, Ind., Nov. 27.—A plea in abatement in the election contest of Charles L. Pulliam against Eli H. Redmon for the circuit court judgeship here was filed before the county commissioners today. It is based on the ground that there is no state statute which provides for a contest before commissioners when voting machines were used in the election.

Queen of Greece in Military Regalia

Athens, Greece, Nov. 27.—Queen Sophia of Greece has put on her war regalia and she is now honorary head of the First regiment of volunteers. The title was bestowed upon her when the Greeks gained control recently of Corfu channel and took possession of the southern part of Albania.

Queen Sophia is Kaiser Wilhelm's sister; she is 44 years of age and she has three sons and two daughters.

STOPS PAYMENTS TO CURB LIQUOR

Washington, Nov. 27.—Gross violations of the law against selling liquor to Indians or taking liquor onto an Indian reservation caused Cato Sells, commissioner of Indian affairs, today to resort to drastic measures to stop what he believes has become a practice on the Osage reservation in Oklahoma.

Commissioner Sells has invoked the law which empowers him to suspend payments to the Indians when he is convinced intoxicating liquors are within convenient reach of Oklahoma, and has directed the Osage reservation to suspend the December payment of several hundred thousand dollars "unless he is satisfactorily assured by the chiefs and head men of the tribe and the county and town officers, and also the leading citizens of Powhuska, that the prohibition of selling liquor to Indians or introducing it into Indian country is strictly enforced.

URGE U. S. TO AID MOVEMENT

South American Countries Want Warships to Quit Neutral Waters

Washington, Nov. 27.—Determined to reduce the effects of European war on trade of South American countries, the principal nations of South America are endeavoring, it was disclosed today, to secure the co-operation of the United States in a movement that would bring about an agreement with the belligerent powers of Europe to withdraw their warships from the neutral waters of the two Americas.

Extension of the territorial waters of a neutral country from the present limit of three miles to much larger limits that would permit an unmolested coastwise trade between the two Americas, the calling of a general conference of diplomatic representatives of the twenty odd republics of this hemisphere and provisions which would make impossible for warships to sustain themselves with supplies in neutral waters are among the suggestions which have been formally communicated to the United States government for consideration.

Argentina, Chile, Brazil, Peru and Uruguay have taken an active part in the negotiations. President Wilson and Secretary Bryan will confer on the subject when the former returns from Williamstown, Mass., and in the interval South American diplomats were busy today discussing with each other various suggestions advanced by their governments. None of the nations has gone beyond sounding out the European belligerents informally and some of the latter have expressed a favorable interest.

COOK GOES IN; ELLINGHAM OUT

Indianapolis, Nov. 27.—Homer L. Cook today succeeded Lew G. Ellingham of Decatur, as secretary of state. Mr. Cook was the second among the new officials elected Nov. 3 to assume office, Dal J. Crittenberger, of Anderson, having succeeded Wm. H. O'Brien, of Lawrenceberg, as auditor of state, last Tuesday. Messrs. Cook and Crittenberger and the men they succeeded are all democrats.

With the exception of George A. Bittler, of Fort Wayne, newly elected treasurer of state, and Charles A. Greathouse re-elected state superintendent of instruction, all of the new officials will have taken their places by January 1, 1915. Mr. Bittler will not succeed Wm. H. Vollmer until February 1, while Mr. Greathouse will wait until March 15 to begin his new term of two years.

John Kartwright, of Evona, Mo., age ninety-seven, has never used tobacco.

INDIANA CITIES SHOW TRADE GAINS

Reports to Chicago Newspaper Point Returning Prosperity.

Chicago, Nov. 27.—Indiana cities, in common with others in the central west, are showing encouraging signs of returning trade and industrial prosperity, according to reports printed by the Tribune here today. The Indiana reports are as follows:

SOUTH BEND.—South Bend is in a fair way of witnessing a good revival of business, following six months of depression. Within the last few weeks the large manufacturing institutions have been figuring on orders from Great Britain and Russia. Already the Studebaker corporation has received orders from England for automobiles, wagons, sleds, and harness to the extent of $15,000,000. Of this amount $6,500,000 is for harness. The Davies Shirt company has been asked to take as large a portion of an order for 600,000 dozen army shirts as it can make, and the South Bend Woolen company has been requested to accept an order for 25,000 blankets at a cost of $125,000. The supplies are for the British armies. All the big factories have been increasing their forces and it is expected that by Jan. 1 all of South Bend's thousands of factory employes will have returned to work.

Optimism at Hammond.

HAMMOND. Aside from the railroad equipment industries, Hammond plants are running normal—in some instances better. A growing feeling of optimism is felt. Among the larger plants the W. B. Conkey Printing company is running full time with day and night shifts, while the E. S. Betz surgical instrument factory and the Reid-Murdoch canning plants are operating full handed and full time. The war has added its share in toning up activity. More men are being employed at the Calumet stock yards, a big horse shipping center for the British government. The Goshen Shirt company is expecting to sign a contract for 25,000 shirts for the British army.

Rush Orders at Auburn.

AUBURN.—Automobile factories and equipment plants here are rushed with orders. The same conditions generally are reported by other lines of factories. The only plant that is shut down is that of the Champion division of the International Harvester company, which will resume operations Jan. 1. Merchants say trade is opening up, and the bank clearings are showing steady gains.

War Helps Out at Elkhart.

ELKHART—Elkhart manufacturers generally are optimistic, and some report increased orders during the last two weeks. Up to the present only a few men have been added, but the prospects are regarded as improving. Factories that make material needed in Europe in the war zone are in the best condition. The Elkhart Carriage and Harness company reports many signs of reviving prosperity, and last week started a consignment of automobiles to New Zealand. The Elkhart Brass Manufacturing company worked overtime last week filling rush orders for equipment for American warships. G. A. Briggs of the Chicago Telephone Supply company, and the Briggs Magneto company said telephone orders have been increasing remarkably of late. The Sidway Mercantile company, the largest makers of go-carts in the world, said the turning point has been evident for the last ten days. The Buescher Band Instrument company and C. G. Conn company report steadily increasing business.

Predict Boom at Evansville.

EVANSVILLE.—Manufacturers here think industrial conditions of the country are going to improve from this time on. F. R. Wilson of the Hercules Buggy company, says future orders now are coming in, and that after the first of the year he thinks the plant will be running under normal conditions. The Indiana Tie company, one of the largest industries here, has announced that winter work will be started at once with an increased force of employes, and that half enough orders have been received to run the plant full capacity until spring. Flour manufacturers here, who do a big business in the southern states, predict a revival in trade. They are optimistic about the export trade outlook.

Rush On at Huntington.

HUNTINGTON.—Not in the history of Huntington have manufacturing industries been so rushed with orders. The sudden business revival has caused many factories to run overtime in order to meet the demands. Foreign orders have had little to do with the business awakening here, practically every order being confined to the United States. The Schacht Rubber company had the largest business the last month since its organization. The Schaff Brothers Piano company for the first time in its history was compelled to run on Thanksgiving day. The Majestic Furnace company's gross business for the year is far in excess of that of one year ago. J. W. Caswell of the Cedar Chest company, is optimistic concerning the outlook, and declares new orders coming in will soon cause full capacity runs. The Barker-Brown Shoe company likewise is encouraged, as is the Huntington Machine and Foundry company. The United States Needle company has its full product sold at this time. This is the first time for more than a year that every manufacturer in the city expresses satisfaction at present conditions.

Overtime Work at Kokomo.

KOKOMO.—Two thousand men have returned to work in this city within the last two weeks. With the reopening of the Kokomo Steel and Wire company last Monday, 1,200 men resumed work. Other factories which report increased business are the Pittsburgh Plate Glass company, Globe Stove and Range company, and the two Opalescent Glass factories. The Pittsburg Glass company has contracted for a new addition to cost $200,000. The working force will be increased from 750 to 900 men as soon as the new building is completed. Owing to the closing of the Belgian Opalescent glass factories by the war, the two local factories are working overtime to meet the demand. An effort is being made to secure Belgian workmen, war refugees to work in the factories. Local automobile companies, the Haynes and Apperson, report a good outlook.

GREATEST BATTLE OF WAR; THEN SILENCE

London, Nov. 27.—11:55 a. m.—While the belief grows hourly that the Russians in northern Poland have won the greatest battle of the war, actual details of the operations in this locality still are withheld and the whole incident is beginning to take on the aspects of a mystery.

From Petrograd comes a report that the patience of the Russian people, awaiting official confirmation of the reported victory, is approaching the breaking point and the same thing may be said of the public here.

German reports, without entering into any such details as dates, describes successful operations in the region of this great battle, but admit that the German army has not yet succeeded in bringing the struggle to a close.

It is evident that the comparative failure of the Austro-German operations along the Czentochowa gave the Russians opportunity to envelop Gen. von Hindenberg after this brilliant German leader had thrown a wedge into his antagonists' center. The Russians to the south, safe on their own front, were able to strike northward, thus breaking the enemy who had passed east beyond their right flank.

Profess to Be Astonished.

Military critics at Petrograd profess to be astonished at the German assault on Lodz, maintaining that such a movement made the defeat of the invaders inevitable. The critics declare that unless the German advance toward Kutno and Lodz was part of a larger movement, the operation was too hazardous to be credible. A third German army in the vicinity of Wielun has initiated an advance which is believed in London to have been started too late to be of any use.

On the other battle fronts quiet prevails. Along the Franco-Belgian line the opposing armies seem content to face each other and nothing has transpired to indicate that the Germans have started the expected resumption of their effort to break through the allied lines on their way to the coast.

Postpone Invasion of Egypt.

Thirty miles to the east of the Suez canal the forces are in touch with Turkish invaders, but there is no sign of a general action in this vicinity and it is expected the invasion of Egypt probably will be postponed for the reason that the Turks would appear to be hard pressed in Armenia and around the Persian gulf.

Additional details concerning the loss off Sheerness yesterday of the battleship Bulwark and her entire crew with the exception of 14 men make the admiralty theory that she was blown up by an internal explosion more and more plausible. An official inquiry, which is being held in private, was opened in Sheerness this morning. Unofficial investigations serve to confirm the belief that the destruction of the Bulwark was caused by an internal explosion.

BLAST SINKS BRITISH WARSHIP; NEAR 800 DIE

London, Nov. 27.—The Brilish battleship Bulwark was blown up yesterday while at anchor at Sheerness, at mouth of the Thames river. The accident was due to an explosion of the magazine while ammunition was being taken aboard. Only twelve of the 800 on board were saved. The official announcement of the disaster was made by Winston Spencer Churchill, first lord of the admiralty at 4 o'clock yesterday afternoon.

When the news of the disaster was first received in London the populace thought the bulwark had been attacked by a German submarine. But the admiralty soon set at rest such rumors by announcing that the survivors had said that the explosion was from within and not from without. This was further indicated by the fact that the explosion was not accompanied by any swell or agitation of the water, as would have been the case had the explosion been from the outside.

The explosion, according to the authorities, took place at 7:55 a. m. A vice admiral and a rear admiral, who were at Sheerness, reported that they were convinced that the cause was a magazine explosion, because there was no upheaval of the water and when the smoke had cleared the ship had entirely disappeared.

In the house of commons, when he announced the disaster, Mr. Churchill said that the loss of the ship did not sensibly affect England's military position. He added that he deeply regretted the loss of all but twelve men on board. The force of the explosion was so great that the houses in Sheerness, and even in Southend, seven miles away, on the other side of the Medway, were shaken violently. The people fled into the streets in alarm when the great clouds of smoke and flame shot into the air. The vessel had disappeared beneath the waves in three minutes. Small craft rushed to the scene and picked up the handful of men struggling in the water. Some of the crew were badly mutilated.

A touch of the dramatic was added to the catastrophe by the fact that the band was playing when the explosion occurred.

Although only fifteen years old and no longer on the first fighting line, the Bulwark was still a useful unit. The loss of the ship, however, was not compared with the heavy loss in trained officers and men. For a long time the Bulwark was the flagship of Admiral Lord Charles Beresford in the Mediterranean.

TAKEN DESPITE THE GUARANTEE

One Mexican Employed by Funston at Vera Cruz is Arrested.

Washington, Nov. 27.—Despite Carranza's guarantees that the Mexicans employed by Major General Funston in the administration of Vera Cruz would not be molested, the arrest of one such Mexican was reported to the state department today by Consul Canada. No details were given.

The new civil government at Vera Cruz has been announced but has not yet been put in full operation. Consul Canada reports the police are still under military control. Continued quiet prevails and Gens. Aguilar and Martinez have reiterated Carranza's promise of protection for American life and property.

Gens. Hay and Villareal, Carranza chieftains, recently reported under arrest in Mexico City, are in Monterey with Carranza garrisons. Latest dispatches to the state department report Gen. Villa and his forces at Tula, about 40 miles from Mexico City. Communication is slow from Mexico City and officials today expressed the opinion that Villa probably already has entered the capital.

DON'T WORRY

over what to give for Christmas. Whether you have a dollar or a hundred to spend you could select no more satisfactory and lasting gift than a pair of glasses. Mother, Father, Aunt, Uncle, Bill or Jane—any of them who wear or need them will appreciate the practical side of the gift.

Meigs' gift certificates make it as easy to give glasses as anything else. You can select from our complete lines any style and priced frame you wish, receiving with it a beautiful gift case and an order entitling bearer to have the lenses and frames changed to suit after Christmas without further charge.

Over twelve thousand people in and around Fort Wayne have had glasses made by C. A. Meigs, Eyesight Specialist, Lyric Theater Building. This and our promise to give you a year's trial and guarantee on all our work assures a gift of the best quality.

There's no need to spend much—no chance of spending foolishly if your gifts are Meigs' glasses. They'll be used and appreciated for years.—Adv. 27 2t

APPRAISER WILL BE HERE TODAY

Cattle on John Nail's Farm to Be Killed Saturday.

Dr. Siegler, government veterinarian, is expected here Friday afternoon to appraise the cattle on the John Nail farm, near Maples, which is infected with the hoof and mouth disease. Dr. Siegler has been in Muncie for the last few days and it is expected that he will come direct to Fort Wayne, after he has completed his work there.

The trench in which the cattle are to be buried will not be completed until Saturday noon. The killing of the cattle will be done by Drs. W. C. Griffin and H. H. Cohenour, government veterinarians, both of whom are now here.

Will Kill Chickens.

Dr. W. F. Myers, county veterinarian, and C. Henry, county agent, were at Maples Friday morning to see that all chickens in the neighborhood are locked up. When Dr. Myers gave the order Thursday there was a tendency to ignore it. The county veterinarian took with him his shotgun and all stray chickens will be shot. Dogs also will be shot if they are permitted to run at large.

The rise in the price of poultry of all kinds which is reported to have taken place in some states cannot, in the opinion of experts in the department of agriculture, be in any way attributed to the hoof and mouth disease. This disease does not affect poultry at all, and the federal quarantine of various states now lays no embargo upon shipments of poultry.

It is true that when a case of foot and mouth disease is found upon a farm that farm is absolutely quarantined by the state or local authorities. No produce of any kind can leave it, the owner is not even permitted to drive his horses on the public highway, and in some cases his children are not allowed to go to school until the exposed stock has been done away with and the entire premises thoroughly disinfected. Since the disease, moreover, is readily communicated from farm to farm by cats, dogs, poultry and human beings, the local authorities use their own discretion in determining what restrictions should be imposed upon shipments of produce from the area in the immediate vicinity of the infected farm.

The shrapnel is really a flying cannon, which shoots its charge while in flight or explodes on contact. Its speed of 500,000 feet a second is produced by a pressure of from 30,000 to 35,000 pounds a square inch from the powder that expels it from the gun.

NEW DETAILS OF THE BOMBARDMENT

London, Nov. 27.—7:45 a. m.—Some new details of the bombardment of Zeebrugge, Belgium, which the Germans were preparing as a naval base, have reached the London newspapers. The correspondent of the Express on the Belgian frontier, telegraphs that refugees report that the first shell thrown by the British warships on Zeebrugge fell among the German submarines in the inner harbor. About twenty sailors had been killed or wounded, the submarines were ordered to make a dash for safety to the English channel and try to run the gauntlet of the fleet.

Some of the submarines returned to Zeebrugge, the correspondent laconically remarks, and he adds that the fate of the others is unknown.

Describing the bombardment the correspondent of the Daily Mail says:

"The submarines lying in the basin hid themselves below during the bombardment in order to prevent their destruction. When the warships retreated they rose again and went in pursuit, but soon returned.

NEWS OF FORT WAYNE'S NEIGHBORS

HAD NARROW ESCAPE.

Warsaw, Ind., Nov. 27.—Fred Von Blon is confined to his home just west of the city and may be seriously injured as the result of a bad accident which occurred at the Union street crossing of the Pennsylvania railroad. The storm buggy in which Mr. Von Blon and W. A. Rugby, of North Manchester, were riding was struck by westbound passenger train No. 11 and was reduced to kindling wood. The horse, which was the finest in the Daugherty livery stable, was killed. Mr. Von Blon's companion was only slightly injured.

RESORT KEEPERS ARRESTED.

Bluffton, Ind., Nov. 27.—Sheriff J. A. Johnston has begun serving warrants for the arrest of persons against whom the grand jury returned indictments, thirty-two in number. Mrs. Frances Stout, living on East Market street, was arrested on a charge of running a house of prostitution, and furnished bond of $200. Mr. and Mrs. Ed Alberson were arrested, also charged with running a house of ill-repute, and furnished bond in the sum of $100 each.

CATTLE SCOURGE NEAR EATON.

Hartford City, Ind., Nov. 27.—The hoof and mouth disease has been discovered among the stock on the Frank Cox farm, west of Eaton. Twenty-five hogs, twenty-six cattle and forty sheep either had the disease or had been exposed. A United States inspector destroyed the stock Thursday. It is said the disease on the Cox farm has been traced directly to hog cholera serum sent from Chicago. This serum was manufactured at the stockyards.

MOTORCYCLIST INJURED.

Hicksville, O., Nov. 27.—To be thrown from the rear seat of a motorcycle high into the air to alight upon the head and shoulders and slide for a distance of forty or more feet, was the experience of Vern Monroe, of St. Joe. Monroe was picked up in an unconscious condition and taken to the H. Breitenbach home, where he remained until afternoon, when he was removed to his home.

HOME AND SCHOOL CLUB.

Portland, Ind., Nov. 27.—A home and school association among parents of the Portland high school was formed Wednesday night and regular monthly meetings will be conducted. Mrs. George Bishop has been elected temporary president. It is planned to make the school buildings of the city more of a social center and similar organizations are planned for each of the grade buildings.

FOUND A TARANTULA.

Markle, Ind., Nov. 27.—While taking some canned corn from a box, which was sitting near where the bananas are hung, Miss Edna Wolfeale, a clerk in the T. M. Redding grocery, found a large tarantula in the corn box, it possibly having crawled in the box to get away from the cold. The spider was very much alive, but was captured by Mr. Redding and put in a glass jar.

500 SHEEP QUARANTINED.

Defiance, O., Nov. 27.—A herd of 500 sheep among which there are suspected cases of cattle and hoof disease infection, has been quarantined in Highland township. The herd is the property of S. Shelly, of Henry county, and was brought here from Chicago some time ago.

FIRE DESTROYS FARMHOUSE.

Bluffton, Ind., Nov. 27.—Fire which is supposed to have originated from soot falling upon the roof from a chimney destroyed the farm home of Joseph Garrett, in Chester township. Insurance of $1,200 will only partially cover the loss.

AVILLA PARENT-TEACHER CLUB.

Avilla, Ind., Nov. 27.—Thirty-three patrons of the public schools here responded to an invitation issued by the teachers and a Parent-Teacher club was organized with Mrs. L. W. Yeiser as president; Mrs. John Adams, vice-president; Mrs. David Shanline, secretary, and Mrs. Marion Eley, assistant secretary. Regular meetings of parents and teachers will be held during the school term.

HOPE TO LIFT QUARANTINE.

Kendallville, Ind., Nov. 27.—The health authorities believe they now have the diphtheria epidemic in this city under control and hope to be able to lift the quarantine the first of the coming week. There have been no new cases for two days and action will depend on developments between this time and Monday. When the schools are reopened every pupil will be examined before being readmitted. All the physicians will be pressed into service to aid in the examinations. The school buildings already have been thoroughly disinfected.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Say Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.

This Is the Heart of TOYLAND

Our Toy Section never held such a wealth of Toys from the Toy centers of the world as is shown this season.

Readers of this advertisement have, no doubt, seen from time to time statements to the effect hat there would be few toys for American children this Christmas. However true that statement may be in the majority of instances, it is totally disproved in OUR TOY SECTION. So far in advance do we order, and in such great quantities, that the Toys for The People's Store are among the first made and the first shipped. We repeat, THERE IS NO SHORTAGE OF TOYS HERE.

The children, and the fathers and mothers of children are invited to visit the Toy Section any day, whether to purchase or merely to examine at leisure the multitude of interesting things pertaining to the holiday season.

In its much enlarged and improved surroundings the Toy Section this year offers facilities for enjoyment never equaled in the history of the store. Third Floor.

1 Peter 1:1-11.

1 Peter, an apostle of Jesus Christ, to the strangers scattered throughout Pontus, Galatia, Cappadocia, Asia and Bithynia,

2 Elect according to the foreknowledge of God the Father, through sanctification of the Spirit, unto obedience and sprinkling of the blood of Jesus Christ: Grace unto you, and peace, be multiplied.

3 Blessed be the God and Father of our Lord Jesus Christ, which according to his abundant mercy hath begotten us again unto a lively hope by the resurrection of Jesus Christ from the dead,

4 To an inheritance incorruptible, and undefiled, and that fadeth not away, reserved in heaven for you,

5 Who are kept by the power of God through faith unto salvation ready to be revealed in the last time.

6 Wherein ye greatly rejoice, though now for a season, if need be, ye are in heaviness through manifold temptations:

7 That the trial of your faith, being much more precious than of gold that perisheth, though it be tried with fire, might be found unto praise and honour and glory at the appearing of Jesus Christ:

8 Whom having not seen, ye love; in whom, though now ye see him not, yet believing, ye rejoice with joy unspeakable and full of glory:

9 Receiving the end of your faith, even the salvation of your souls.

10 Of which salvation the prophets have inquired and searched diligently, who prophesied of the grace that should come unto you:

Developing a Big Idea.

It is announced in Washington that the bureau of immigration will ask the help of congress in the work of establishing a national labor exchange—or a series of exchanges—which will assist in connecting the jobless man with the manless job. The bureau has been working on the exchange idea a good while. Under the law it is empowered to promote a "beneficial distribution" of aliens admitted to the United States. Should congress amend the laws so as to make an express inclusion of American wage earners in the "beneficial distribution," the bureau would, it points out, be fully empowered to handle the question of unemployment.

That the idea is a big one will not be questioned, and its development will be watched with uncommon interest. Two instances of recent date give one an insight into its possibilities. Last summer the state labor commissioner of Oklahoma telegraphed Washington for from 10,000 to 15,000 men to aid in harvesting the state crops. Announcement of the fact from Washington brought instant response. After the fire at Salem, Mass., the relief committee asked the federal labor department to help it place in boot and shoe factories and textile industries some 3,500 persons who had been thrown out of employment. Records show that places for more than half this number were found by the bureau of labor at Washington.

Development of the plan on a still larger scale would seem to be a valuable and important governmental service that should not be overlooked. The terrific influx of immigration which may be reasonably expected when the European war is finally brought to a close will make it still more necessary and still more useful than at present. It will be a splendid thing if the federal government can engage to keep in close touch with the labor needs and the labor opportunities of every section of the country, and to equalize the supply and the demand to fit conditions as they may develop.

If the claims of those who for many years have been preaching the advantages of an American merchant marine are well-founded, their fondest dreams promise to be realized by the operation of the new law which permits the registration of foreign-built vessels under the American flag. In three months the total tonnage of vessels so placed under American registry has amounted to 308,390 tons, eighty-seven vessels being included in the list. The American bureau of navigation is making the confident prediction that with the restoration of normal conditions following the war the United States will outstrip Germany, now in second place as to merchant marine.

It is said that Fort Wayne restaurant keepers who had been planning to get together on an advance in prices have been unable to reach an agreement and that the old schedules for the menu will remain in force. While news of the failure of the combination on Thanksgiving day did not reach the public in time to be incorporated in the list of things for which the Fort Wayne public might be thankful, those who dine at the restaurants are privileged to go right ahead and be grateful, just the same.

The Allen county marriage license market enjoyed its usual pre-Thanksgiving boom on Wednesday, somewhat more than a score of couples selecting the holiday season in which to wed. Come to think of it, the business in marriage licenses needs the stimulation of the occasional holiday in order to enable it to keep a respectable distance ahead of the divorce complaint record in these modern days of ours.

The killing of one Terre Haue man by another as the outcome of a quarrel over a dog will, of course, very naturally raise the question of whether, after all, the dog was worth it.

"One Fact Stands Out."

Atlanta Constitution: — "Whatever other interpretation one reads in the welter of circumstance in Mexico, one fact stands out in indisputable relief: The one strong man admittedly needed for the pacification of the country has not yet put in his appearance."

"Shortest Way to Peace."

Washington Post: —"Since the great majority of the military chieftains of Mexico stand behind Villa and Gutierrez, the shortest way to peace and order is to place Gutierrez in control of civil affairs, and make his control effective by military force."

"It Is Well."

Detroit Free Press:—"It is well that the American government is getting out from a place it ought never to have entered. We hope it will not go into Mexico again. We hope it will not be obliged to do what it once did without necessity."

"The Omens"

Philadelphia Evening Ledger: "Good fortune may prevent the translation of this event into a great catastrophe, for all the omens are the other way. The average citizen cannot share the optimism of the administration. He fears the outcome."

THE PRESIDENT IN THE SENATE.

(Kansas City Star.)

It is suggested that President Wilson may sit with the senate in certain executive sessions, when the senate is considering appointments or treaties.

That was what the framers of the constitution had in mind when they proposed that the president make treaties and appointments "by and with the advice and consent of the senate." The senate was to be a sort of council for the executive. So when Washington was president he naturally undertook to obtain its advice and consent in person.

One of the most interesting accounts of early congressional procedure is found in the "journal" of Senator William Maclay of Pennsylvania, an original senator from that state. He tells how Washington came to the senate with Knox, his secretary of war, to obtain its advice and consent on an Indian treaty.

The treaty was read and explained, and an embarrassing silence followed. Washington evidently expected that the treaty would thereupon be ratified, and the presiding officer, Vice President Adams, was just about to put the question when Maclay objected. The matter, he said, was one that deserved further consideration and he suggested that it go over till another day. Washington arose, wrathfully muttering that that would defeat the very object of his coming to the senate. But the other senators were with Maclay. As he says, they didn't enjoy the idea of having their consent forcibly taken from them under the overawing presence of Washington. They preferred to discuss the matter when the great man was not present. So there was nothing for Washington and Knox to do but withdraw.

Perhaps the senators of the present day will feel freer. But it may be guessed that many of them won't feel altogether enthusiastic over the prospect of discussing presidential policies in the presence of the man who is in charge of the disposition of the patronage.

RILEY LAUDS WORK OF EVANGELISTS

Hoosier Poet, Wintering in Florida, Sends Verses to Revivalist.

Greenfield Ind. Nov. 26.—The union tabernacle meetings in this city conducted by the Rev. Dr. W. W. Hall of Pittsburgh and assistants are attracting interest throughout Hancock county. The tabernacle seats 2,500 persons and overflow meetings are held in the Christian church, across the street. A number of persons have announced their desire to unite with a church organization. There is no "excitement," loud prayers or shouting, the only demonstration when persons go forward upon the invitation, being applause or the chautauqua salute. A blank card is given the convert and he fills it out, expressing his church preference.

Music is a feature of the services. One night a large chorus of men conduct the singing and another night boys and girls sing. Soloists also are heard. Last night a special service was given by "The Sunshine Booster Choir" of boys and girls. Wednesday night the evangelist will speak on "Home, Sweet Home."

The Rev. Mr. Hall, the evangelist, has received the following from James Whitcomb Riley, who is in Florida:

"Dear Mr. Hall—These lines are a greeting to you and an epitome of your first sermon in Greenfield. You are at liberty with them. With love,

"THE BARD OF BRANDYWINE."

"The Evangelist."

Hail, Harbinger of God's good news!
"Good news" to pulpits and to pews—
Oh, hear His voice in "Peace Be Still,"
And dwell entwined in His sweet will.

"The Purpose?" Ah, with glad accord,
Put on the armor of the Lord,
And forth to battle! All as one
The fight! the fight! is now begun.

"The Plan?"—'Tis writ with pencil pure
Line and dimension straight and sure;
Inquire of Him—"Lord, what to do?"
Then let Him have His way in you.

"The Motive?"—That all tongues confess,
To Him our hope and righteousness!
Tho' now the view be darkly dim—
Through faith we'll win the world to Him!

"And Victory?" It will be won!
God's promise—through His Promised Son!
We'll sing it in the realms above—
Enraptured by Enraptured Love!

DO NOT FAVOR A RADICAL CHANGE

American Naval Officers Say European War is Not Indicating It.

Washington, Nov. 27.—While American navy officers have watched with critical eyes the deadly work of torpedoes fired from submarines and of contact mines in the European war, nothing has developed as yet which indicates any radical change in battleship construction to offer greater defense against underwater attacks.

The problems presented are not new. They have been studied by naval constructors of every power since the Russian-Japanese war when many fine ships fell victims to mines and torpedoes. Proposals of many sorts have been discussed. Some have been adopted; but the theory of warship building still clings to concentration of offensive power in terms of larger guns, bigger and swifter ships and wider cruising radius, even at the expense of defensive armor.

The heavy losses sustained by the British navy by submarine attacks has brought up for renewed discussion the subject of armoring the bottoms of warcraft. Recent issues of English service journals have noted a plan to cover the entire bottom of a battleship with four inches of armor plating. It was urged that the experiment be tried with an old ship which should be subjected to actual test with the explosion against her hull of the most powerful modern torpedoes. The ship also would be driven into contact mines of various types to determine their effect, it was said.

American naval experts believe there it little doubt of the result. They say four inches of armor would resist any known torpedo or mine successfully. To equip a ship in that way, however, the enormous weight of the armor would require a reduction in weight elsewhere and the only way it could be accomplished would be to reduce the size and number of guns, the thickness of surface armor, the weight of engines and coal capacity and because of this last, the size of the ships themselves. With armored bottoms battleships would become slow, heavy vessels of small cruising radius and their usefulness as instruments with which to strike swift, terrible blows at distant points before word of their coming had gone out, would vanish. Cruisers and swift merchant vessels would take care only to keep out of range of their guns. The terrific power of the modern dreadnaught would be a thing of the past.

It is not impossible, however, that some degree of protection for the bottoms of battle craft will be considered in future. Heretofore constructors have relied almost wholly upon increasing numbers of watertight compartments to keep torpedoed ships afloat. The loss of the British battleship Audacious, one of the most modern fighting machines in the world, has shed new light on the subject. Details of that disaster are lacking, but many believe the Audacious ran into a mine which sent her to the bottom. Her compartments kept her afloat until her crew was rescued; but one by one they gave way under the increasing pressure of the water and finally she went down.

Navy officers are unwilling as yet to predict what effect on naval construction that will have. They say it is a question of balance between offense and defense in battleship construction and the old axiom that the greatest defense lies in the highest capacity for offensive work still holds good. It appears certain, however, that in planning new ships, the subject of armored bottom, or at least partial armor for the midships sections of the bottom, will be carefully weighed.

GET RID OF THAT MISERABLE FEELING.

You may learn something from the experience of Mrs. William Troute, Ilion, N. Y., who was sick for a long time from a badly disordered stomach. "I felt miserable all of the time," she writes. "I was tired and had no appetite. A friend advised me to take Chamberlain's Tablets. I did so and my appetite improved and I gained rapidly in health." For sale by all dealers.—Adv.

MODEL VAGRANT SHOWS IN COURT

Young Colored Gentleman on Way to Church When He Was Pinched.

The model vag made his debut in the city court Thursday morning and whether it was the alliterative euphony of his blue-blooded name or the exalted moral and religious character he gave himself that won him release is not determined, but he was turned loose. Arlington Armstrong, a young gentleman of color, neither uses tobacco, profanity or strong drink, neither steals nor begs and was on his way to church when he was pinched Thursday evening by Officer Ernest Paul. Armstrong blew in last Saturday, spent his nights in the bum room at police headquarters until Wednesday evening, when the municipal lodgings were so crowded he would not venture in, so he put in the night walking the streets. Thursday evening Officer Paul picked him up on a loitering charge and sent him in. Armstrong had been on his feet without sleep for twenty-four hours. He promised to find a job or quit the city.

Both Were Ailing.

Tom Smith, a floater, knew Wednesday evening he was going to have a headache Thursday and he bought a quart bottle of red liquor and held it hostage for the oncoming pain. His comrade, Parry Pain, had lamed his wrist husking corn near Zanesville and he took a partnership interest in the crystal jug of ready relief. Then they went to bed at the Salvation Army quarters on West Main street, taking their medicine flask with them. Thursday they were attacked by miseries and distresses as fully expected and they ministered themselves copiously from the bottle. When they had touched bottom all their agony had not been routed, but it being Thanksgiving and the lid down they resorted to cider. Both were happily stewed when Officer Paul picked them off Thursday evening. They went over for fifteen days on drunk charges and will have a chance for complete recovery.

Other City Court Cases.

John Crawford and Joseph Knox, two young men who had been lodging for several nights in a barn on Hayden street premises, were complained of by the owner and were arrested. They agreed to find work or leave town.

Gust Summers, who drives a popcorn and confectionery wagon, was found guilty of obstructing the streets and was fined $5 and costs. He had stopped with his wagon for half an hour Thursday evening in front of the federal building on East Berry street. He has been repeatedly warned by officers for violating the law.

Judge Kerr bound Albert Bashara, a Syrian youth aged 17, over to the circuit court on a charge of petit larceny. His bond was fixed at $500. Bashara, who has been out of the reform school two years, stole $25.40 from the cash register in the Fredericks meat market on Wells street Wednesday afternoon.

John Slattery and Pat Keefe, two drunks kept over from Thursday, were turned loose.

The child neglect charge against Clayton Shuster was continued until December 3 and he was allowed to go on his own recognizance.

SHE HATED HER BABIES, BUT KISSED HER DOGS AND HORSES, SO HUBBY GOT A DIVORCE.

(By Nixola Greeley-Smith.)

New York, Nov. 27.—A divorce for William Elder Marcus, Jr., wealthy jeweler of New York and a resident of Montclair, N. J., has just been recommended by Herbert W. Knight, special referee in the proceedings, on the ground that Mrs. Marcus "wilfully deserted her husband and children after declaring that she had no love for them and greatly preferred the society of her horses and dogs."

Testimony before the referee established the fact that the young wife and mother kept two puppies in her bedroom and bathed them herself, while her two little daughters, Jane and Linda, slept in an adjoining room under the care of a nurse.

"Her affection for her horses was so extreme," testified her husband's father, "that she actually spent hours in the stalls cleaning the animals and trimming their fetlocks. She also used to kiss the horses and the dogs, showing every sign of affection for animals that women usually show towards human beings."

SHE SHOWED EVERY SIGN OF AFFECTION FOR ANIMALS THAT WOMEN USUALLY SHOW TOWARD BABIES.

Before her marriage Mrs. Marcus was Dorothy Cooksey, daughter of George A. Cooksey, of Pasadena, Cal., who, when he heard of his daughter's extraordinary predilection for animals, exclaimed despairingly, "Dorothy should never have been born! Pre-natal influences are responsible for her conduct!"

The two fathers-in-law made many efforts to reconcile their warring children and in 1912 induced them to sign the following agreement:

"We acknowledge that our duty as father and mother should overrule all considerations of a personal nature so long as we have health and strength sufficient therefor.

"I, Dorothy, disclaim any moral obligation to my children, but with this exception, I promise to do my best to carry out this agreement because my father asks me to and I believe it is my duty to abide by his advice in this."

Two months later, however, Mrs. Marcus bade her husband a final farewell, telling him that she did not love him and had never loved him, that her children were nothing to her, never had been, and that she resigned all claim in them to him. Marcus' divorce suit was the result and his wife did not contest it.

If Mrs. Marcus' father is right in believing that pre-natal influence is responsible for her state of mind we should not criticise her too severely. But if he is wrong we must accept her abnormal conduct as merely the ultimate development of the possibilities in any loveless marriage. The fact that women have been able to love children born in loathing or in the stale tepidity of a marriage of indifference, is the greatest miracle of motherhood. And Mrs. Marcus may be merely one of those to whom the miracle didn't happen. Even miracles miss fire sometimes.

Love for little helpless animals, for puppies and kittens is just an extension of the maternal instinct. No woman is to be censured for loving them. Mrs. Marcus' queerness lay in not loving more tenderly and profoundly the little helpless things that were peculiarly her own. She should not have loved her dogs and horses less, merely her children more. And, undoubtedly, she would have loved them if she had been able to love their father.

CANDIDATE FOR SPEAKER.

William Habermel, of Harrison County, to Make Race, It Is Said.

Indianapolis, Ind., Nov. 27.—Word from Corydon says that William Habermel, who was elected representative from Harrison county, is a candidate for speaker of the house of representatives. He is a member of the Harrison county bar and served as assistant clerk of the house at the 1909 session of the legislature. He spent most of the recent campaign in making democratic speeches in the southern part of the state.

THE MYSTERY OF THE SHELLS.

The police have no solution of the mystery of the several thousand exploded shotgun shells found in and about the dying embers of a campfire near the Stellhorn bridge, south of the city, Thursday, by Detective Sergeant Junk and Officer Dan Kintz. The attention of the police was directed to the place by Chester Assler, 302 West Jefferson street, and Jule Darnell, 2212 John street, who reported that when they crossed the bridge Wednesday night, en route to Decatur with two young ladies in an auto they noticed puffs of smoke at rapid intervals as there were a succession of explosions. They said also that they had been shot at. When they returned to Fort Wayne they reported to the police.

FORD DRIVER LIED.

Willett S. Clayton, 635 Prospect avenue, was run into from the rear on the New Haven road Thursday and his car was damaged. The car that ran into him was a Ford bearing license No. 64,756, Indiana, and the driver of it gave his name as Williams and his address as 516 Webster street. There is no such address on Webster street and no man named Williams residing in that vicinity. The person to whom the number was issued by the secretary of state will be procured and the owner of the auto identified by the police.

RELATION OF JAPAN TO WEST

Prime Minister Says Some Forceful Things in Magazine.

Tokio, Nov. 27.—(Correspondence of the Associated Press.)—In an article entitled, "Japan and the European Armageddon," Count Shigenobu Okuma, the prime minister, writing in the Japan Magazine, about the war, says some forceful things about Japan's relation to the west.

"It will be our one ambition at this time," he writes, "to show the west what it is slow to believe, that we can work harmoniously with great Occidental powers to support and protect the highest ideals of civilization, even to the extent of dying for them. Not only in the far west, but anywhere else that may be necessary, Japan is ready to lay down her life for the principles that the foremost nations will die for. It is to be in line with these nations that she is at this time opposing and fighting what she believes to be opposed to these principles."

The premier continues: "She entered the alliance with Great Britain to stand for and die for what Anglo-Saxons are everywhere ready to defend even unto death. It is Japan's aim and ambition to participate in all world-movements toward noble diplomacy, international relations and the principle of equal opportunity and peace, and to prevent by one proper means the outbreak or continuance of bloodshed between nations. Japan's relation to the present conflict is as a defender of the things that make for higher civilization and a more permanent peace."

Count Okuma devotes a considerable space to an historical resume of the causes of the present international war. Speaking generally, he thinks that war is always due to an uneveness of advancement in the progress of civilization, which like water, must find its level. When its force is obstructed there will be violence and bloodshed. War also is a result of the pressure offered in resistence to the growth of civilization.

Speaking in particular, the premier is inclined to find the root of the present war in the weakness of the Balkan peninsula. "Like China," he affirms, "it is a seething crater in the world's diplomacy. From conditions apparently insignificant in themselves, half the world can be set on fire and plunged into distress and decimated."

* * *

The occupation of the South Sea islands has greatly pleased the Japanese. One historian claims that Ualan or Kusaie island in the East Carolines was inhabited by the Japanese in ancient days. In the heart of the island forest, he says, may be seen the ruins of an old castle resembling closely those seen in the more ancient parts of Japan. The remnants of the system of fortifications shows it to be an exact copy of the type constructed in the early Tokugawa period. It was at this epoch that many Japanese warriors and publicists went to the South Seas having been expelled from the empire on account of their adoption of Christianity.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent a mistake by taking a little occasionally to keep the kidneys clean and active. lithia-water drink, and nobody can make —adv.

OVER HALF THE WORLD AT WAR

Area of the Gigantic Conflict is Most Staggering.

London, Nov. 27.—(Correspondence of the Associated Press.)—With the addition of Turkey and Portugal to the ranks of the belligerents, the area of hostilities has been extended to approximately 58 per cent. of the land surface of the globe, and about 56 per cent. of the total population of the earth must be classed as technically belligerent, says the London Daily Chronicle.

In round numbers, out of a total land surface of 51,500,000 square miles (excluding the uninhabitable regions in the Arctic and Antarctic), 30,000,000 square miles are occupied by the eleven belligerents powers and about 1,000,000,000 of the 1,800,000,000 human beings on earth are directly involved in the great war.

Apportioning the area and population between the two opposing groups, it will be found that there is a vast preponderance of both on the side of Britain and her allies, which own 27,500,000 square miles and have about 840,000,000 people under their rule, against the 2,000,000 square miles and 160,000,000 people to the credit of Germany, Austria-Hungary and Turkey.

If the affected areas are analysed by continents, it will be found that in Europe 3,040,000 square miles out of a total area of 3,850,000 and 380,000,000 people out of 475,000,000—or nearly 80 per cent. in both cases—are at war.

In Asia the belligerent area amounts to 9,500,000 square miles (leaving out of account the interior of Arabia—a political no man's land, of about a million square miles), the total area of the continent being about 16,500,000 square miles. Hence over 56 per cent. is at war. Of the population of Asia 475,000,000 out of 980,000,000—say 49½ per cent.—must be classed as belligerent.

Africa is, proportionately, even more affected than Europe. About 10,500,000 square miles out of 11,700,000—nearly 90 per cent.—and 125,000,000 of the 137,000,000 inhabitants—over 90 per cent.—are at war. The only neutral regions are the Italian and Spanish colonies, and the native states of Abyssinia and Liberia.

Curiously enough Australasia and Oceania, although the most remote from the primary zone of hostilities, have the highest percentage of belligerency of any of the continental divisions of the earth, over 95 per cent. in area, and 94 per cent. in population.

South America occupies the happiest position of all. Out of an area of over 7,500,000 square miles and a population of about 52,500,000 only 128,500 square miles of territory and 350,000 human beings are subject to any of the combatants.

The percentage of area is less than 2 and of population less than 1.

Thus the continent whose very name was formerly regarded as denoting the most favorable soil on earth for the germination of wars has, strangely enough, the distinction of being almost entirely at peace, while more than half of the world is at war.

RADIUM FOUND IN COLORADO.

Streak of Valuable Ore Uncovered Near Idaho Springs.

Idaho Springs, Colo., Nov. 27.—A streak of radium ore running up into spectacular values was uncovered in the Jo Reynolds mine near Idaho Springs recently. The payrock is pitchblende, the highest grade ore from which radium is extracted, and is altogether different from the carnotite deposits of western Colorado and Utah. Pitchblende is found in considerable quantities only in Austria and in Colorado—in Gilpin county and near Idaho Springs.

The Jo Reynolds vein is about eighteen inches wide and samples brought to Idaho Springs assay very high in radium values. This mine was opened up many years ago by "Diamond Jo" Reynolds, a Mississippi steamboat captain, who made it one of the most profitable gold-producing properties in Colorado. It has always remained in the Reynolds family and now is being worked by a nephew, Roscoe B. Morton, a Denver clubman.

HUSBAND WANTED HER TO BE GAY—SHE PREFERRED HOME—DIVORCE.

MRS. MYRTLE LILLIAN JONES, MOVIE STAR.

Los Angeles, Nov. 27.—James Jones, matinee idol of the movies, owes the wreck of his marital life to the fact that he didn't understand that some feminine movie stars care more for a home than the plaudits of the public.

At least that's the way his wife explains it. She ought to know. She's a movie queen herself.

"Our troubles," said Mrs. Myrtle Lillian Gonzales Jones, "were the outcome of my husband not understanding that we movie stars are very domestic when not acting before the camera. We are not gaiety seekers. I at least am not. We are home bodies."

Mrs. Jones was recently granted a divorce on charges of desertion and non-support.

"We have," she continued, "a fine little son, and when my work was over I wanted to get home as quick as I could to pick up the baby and have a real comfy, homey sort of time. But not for Mr. Jones. We hadn't been married very long before he began to think the women of different types from me were more attractive than I, and he began associating with them.

"I didn't like the gaiety he liked, so I stayed home with the baby, and he came home when there wasn't any other place to go. Of course there was only one logical termination—the divorce court."

LOWER COURT IS GIVEN SCORING

Judge Anderson Frees Terre Haute Editor Under $1,000 Bond.

Indianapolis, Nov. 27.—The United States court took a hand yesterday in the contempt proceedings of Judge Redman, of the Vigo circuit court, with the result that Charles Clogston, managing editor of the Terre Haute Post, who was arrested for contempt Tuesday, was released on an order of Judge A. B. Anderson. Friends of Clogston in the court room at the federal building signed bond in the sum of $1,000. The hearing was set by Judge Anderson for Dec. 16.

The action of the federal court came after attorneys for the Terre Haute newspaper obtained a writ of habeas corpus directed against Dennis Shea, sheriff of Vigo county, who had Clogston in jail under an order from the Vigo circuit court. The writ was served on William Corbin, a deputy sheriff at Terre Haute, after midnight Wednesday by Merrill Wilson, chief deputy United States marshal, the writ directing Shea to appear in the United States court here at 3 o'clock this afternoon.

Federal Judge Warns.

On admitting Clogston to bail Judge Anderson pointed out to Sheriff Shea and Frank Foley, a deputy prosecuting attorney for Vigo county, that any attempt at interference with witnesses before the federal grand jury will be severely punished. The court also warned Shea and Foley that Clogston is now in the custody of the United States court and that any annoyance of him will be dealt with severely. He also told Clogston to report to the court any annoyance he may experience while under bond.

The $1,000 bond was signed by David W. Henry, Earl E. Hoark, Felix F. Blankenbaker, James A. Cooper, jr., and Everett Sanders, all of Terre Haute. After his release Clogston returned to Terre Haute, where a Thanksgiving dinner prepared by Mrs. Clogston awaited him. It was the first meal he had had outside the Vigo county jail since Tuesday.

Clogston was sent to jail after the publication of an article in the Terre Haute Post concerning the selection of members of the Vigo county grand jury. This article was regarded by Judge Redman, who was elected judge of the Vigo circuit court at the recent election, to be in contempt of the court. Clogston was cited to appear last Tuesday, and it was only a few hours after the writ first was served that he was remanded to jail.

Admitted to Bail.

The petitioners seeking the release of the newspaper man set forth that Clogston had not been given an opportunity to answer the charges or to attempt to purge himself of the allegation. After denying a motion to quash the writ, filed by James W. Noel, attorney for Sheriff Shea, Judge Anderson held that the newspaper man should be admitted to bail.

Attorney Noel for the sheriff contended that the proceeding was one in which the Vigo county court had authority to act and declared that while there was a contention that the record was not complete in the sentencing of Clogston, courts are given a wide latitude in fixing their own rule. He contended the offense charged was one within the jurisdiction of the Vigo circuit court. Mr. Noel said the petitioner should have sought relief before the supreme court of Indiana and that the court could admit him to bail pending the appeal.

Answer for Clogston.

That argument was answered by James W. Cooper, of counsel for the Terre Haute Post, who said an appeal was asked from the decision of Judge Redman, but the latter did not fix an appeal bond. Noel contended that the action of Redman was justified as the continuation of the publication of stories of the sort referred to might result in the public losing its respect for the court.

Before overruling the motion to quash the writ, Judge Anderson put some pointd questions to Deputy Prosecuting Attorney Foley regarding the summoning of witnesses before the Vigo county grand jury.

"The Vigo county grand jury was impaneled on Monday?" Judge Anderson asked.

"Yes, your honor," Foley answered.

"And witnesses were subpoenaed who had already been subpoenaed to testify before the federal grand jury, isn't that true?"

Foley said he did not known that that was the case.

"You know that the federal grand jury had been impaneled to investigate this very Terre Haute business, didn't you?" the court asked.

"Yes."

Court Grows Emphatic.

"I want to serve notice on you right now that if you interfere with any witnesses before the federal grand jury this court will proceed against you. You are the deputy prosecuting attorney and you may take that information back to your chief."

The same warning was given to Sheriff Shea and each was asked if he thoroughly understood the instruction. Each declared he understood.

Judge Anderson then reviewed briefly the circumstances leading up to the arrest of Clogston and his incarceration, declaring that the newspaper man had not been given an opportunity to answer the charges and that he was remanded to jail without the courts having heard any evidence whatever.

Heard No Evidence.

"The court adjudged this petitioner guilty of contempt without hearing any evidence whatever. Is that due process?" Judge Anderson asked of Attorney Noel, and the latter replied that it would not be due process without the hearing of any evidence.

"Mr. Clogston, you are at liberty to go," the court said, addressing the newspaper man, after the bond had been signed and the signers sworn. "You will render a public service if you will notify me of any attempt to embarrass you in the least."

It was declared that the failure of the Terre Haute court to permit Clogston to offer testimony was not "due process of law."

The application sets forth that no commitment papers were issued for Clogston's incarceration and that he was hurried to jail without having been given an opportunity to make a defense.

TO WARD OFF WINTER COMPLEXION ILLS.

To keep the face smooth, white and beautiful all winter, there's nothing quite so good as ordinary mercolized wax. Rough, chapped or discolored skin, inevitable in this weather is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, the latter being applied at bedtime and washed off morning. Creams, powders and rouges, on the other hand, are apt to appear conspicuous at this season, because of alternating expansion and contraction of the skin, due to changing temperatures. I advise you to try this simple treatment. Get an ounce of mercolized wax at any druggstore and use like cold cream. This will help any skin at once, and in a week or so the complexion will look remarkably youthful and healthy.

Winds and flying dust often cause squinting and other contortions which make wrinkles. You can quickly get rid of every wrinkle, however produced, by using a harmless face bath made by dissolving 1 oz. powdered saxolite in ½ pt. witch hazel.

ATTACKS OREGON WAGE LAW.

Briefs Are Filed in United States Supreme Court.

Washington, Nov. 27.—Briefs in the case brought by Frank C. Stettler, a Portland, Ore., manufacturer, to have declared unconstitutional the Oregon compulsory minimum wage law for women were filed today in the supreme court. The brief urges that such action is beyond the power of a state: is unsupported by public opinion, would be destructive of business and increase the cost of living.

Non-compulsory legislation in Massachusetts and Nebraska is approved in the briefs, but the compulsory legislation in Oregon, Washington, Colorado, Wisconsin, Minnesota, California and Utah is condemned.

HIS CONDITION ALARMING.

Aged Head of Church of Latter Day Saints Very Near Death.

Independence, Mo., Nov. 27.—There was no change today in the condition of Joseph Smith, president of the reorganized church of Latter Day Saints, who is near death at his home here from heart disease. The aged head of the church was stricken several days ago, but news of his illness was withheld. Today, however, members of the family admitted his condition was alarming.

President Smith is 82 years old and for several months has been in ill health. Recently he became blind and was forced to abandon many of his duties as editor of the Saints' Herald, the official publication of the church.

PLANS HAVE BEEN REVISED.

Wider Range of Trading on New York Stock Exchange.

New York, Nov. 27.—The stock exchange announced that the plans for restricted trading in bonds, which will be resumed tomorrow, had been revised to permit actual transactions being printed upon the tickers. It had previously been the plan of the exchange to have prices and transactions distributed to brokers upon printed slips. The committee of five, it was expected, would make some announcement regarding minimum prices during the course of the day.

NINE HUNDRED CONVICTED.

Mann White Slave Act Has Punished Large Number of Offenders.

Chicago, Nov. 27.—Nine hundred and one persons have been convicted under the Mann white slave act since its passage, according to statistics received today by Arthur Burrage Farwell, president of the Chicago law and order league, from A. Bruce Bielaski, chief of the bureau of investigation of the department of justice. One hundred and thirty-six persons were acquitted and the cases of 133 nolle prossed. In all 4,434 persons have been indicted under the act.

The sentences up to June 30, 1914, aggregate 1,557 years, 6 months and 24 days. The fines imposed amount to $138,656.50.

FIRE AT ANNEX HOTEL.

Mattress Burns Filling Entire Building With Smoke.

Considerable excitement prevailed Thursday night as the result of a mattress in a room that has not been occupied for several days, catching fire at the Annex hotel, 122 West Main street.

When Ward Williams, of Lima, Ohio, a roomer, came in shortly after 9 o'clock he found the building filled with smoke. He immediately gave an alarm. The smouldering mattress was found by firemen, who threw it out of doors. The guests sleeping on the third floor of the building were not aware of their danger until after all the excitement was over.

OLD LAWYER FAST PASSING

Wickersham Sees Menace in New Relations With Client.

Chicago, Nov. 27.—A plea for the maintenance of the highest ethical standing of the legal profession was made here by former Attorney General George W. Wickersham, president of the association of the bar of New York, at a dinner given by the Chicago Bar association. He suggested that the American method of examination by the courts or boards for admission to the bar is a memory test rather than a trial to determine the thoroughness of the candidate's qualifications. Bar associations, he said, might do much to amend this situation.

The speaker professed a liking for and a belief in the old family lawyer who was a friend of his client, whose training was at the disposal of the latter, who drew the last will and who faithfully became its executor, and who in his friendship was often interposed to prevent domestic injustice. The old order had changed to a degree, it appeared in the address when the guest of the evening said:

"What is to become of the old time relation of mutual confidence and esteem between counsel and client, if the most sacred and solemn facts of life shall be dealt in as merchandise and formulated by the employes of incorporated commercial companies, instead of by the trusted adviser and friend of a lifetime, the repositor of family secrets, the moderator of asperities, the harmonizer of difficulties, the wise guide who restrains the angry parent or the jealous husband from irreparable acts of injustice, and from testamentary declarations which may constitute legacies of hate. Only the bar itself can prevent the immeasurable loss to civilization which would follow the debasement of its true functions to a merely mercantile basis."

Pointers for Women.

Almost every woman who has raised a family will remember instances where she has prevented serious sickness by having the right medicine at hand ready for instant use when needed. A common cold can be cured much more quickly when properly treated as soon as the cold has been contracted instead of waiting until it has become settled in the system. You will find Chamberlain's Cough Remedy especially efficient in cases of colds and croup in children. When given as soon as the child becomes hoarse, which is the first symptom of croup, it will prevent the attack. For sale by all dealers.—Adv.

Portion of Bank Block Purchased by Home Telephone Company.

The Home Telephone and Telegraph company has closed a deal with Charles S. Bash, owner of the Bank block, for the purchase of forty-five feet immediately west of its present location on East Main street at a price said to be in the neighborhood of $45,000 or $1,000 a front foot.

Officials say that the company's business has reached such proportions that more switchboard and office room will be needed in the very near future and while the telephone company does not expect to erect a new building at the present time eventually a modern fireproof building will be constructed to be used in conjunction with their present building.

MARION LAYMEN TO SPEAK SUNDAY

George D. Lindsay and "Tony" George Will Address Lyon Meeting

Two laymen of Marion, George D. Lindsay, editor of the Marion Chronicle, and "Tony" George, former sheriff of Ittician, will address the second Lyon Ittician, will address the second Lyon preparatory meeting to be held Sunday afternoon at 3 o'clock at the First Presbyterian church.

Dr. Lyon conducted revival meetings at Marion the first part of this year and these two laymen will tell of the work that was accomplished there during the evangelist's stay. This will be the second preparatory meeting, the first being held last Sunday when two residents of Muncie were present.

Rev. Charles Manchester was in communication with Mr. Lindsay Friday morning and he was told that undoubtedly "Tony" George would accompany Mr. Lindsay here. It was also stated that Mr. George is a very interesting speaker as well as forceful. He is not only noted for his speaking but also for his large size. It is hoped that a large attendance will be present.

NINETY NEWSIES ENJOY DINNER.

Were Thanksgiving Guests of A. C. W. at Weinand's Restaurant.

Ninety newsboys of the city arose from the tables Thursday afternoon at Weinand's restaurant on Court street where they were the guests of the Associated Christian Workers, with joyful hearts after storing away the greatest portion of a Thanksgiving turkey dinner.

So great was the joy of all that all efforts on the parts of the waiters and the two chaperons, Glenn A. Smiley and Joseph Fitch to keep them quiet was of no avail. However it is reported that the boys all acted as gentlemen should as they all kept in their seats and did not throw bits of victuals at each other as is usually the case in a large crowd of boys.

The little fellows were given all they desired to eat provided it was asked for and which none hesitated in doing. Following the dinner which consisted of turkey, sweet potatoes, Irish potatoes, celery, cranberry sauce, pumpkin pie and all other things that go with a Thanksgiving dinner, large, big red apples were passed to all. This seemed to cause the greatest excitement as every one was afraid they would be missed and consequently they made a good deal of noise.

The proceeds from the play "Her Gloves," given at the St. Paul's auditorium October 29 and 30, were used in defraying the expenses of this feed. This is the first time the A. C. W. has done this kind of work but all feel that a great work has been started.

Draws Another Crowd.

"On Plymouth Rock," which was repeated Thursday evening at the Plymouth Congregational church at the request of many people who were unable to attend the night before, drew another large crowd and the receipts were nearly as large as the previous evening.

• • •

Will Repeat "What's Next?"

"What's Next?" the three-act comedy given with great success Thursday evening by the Emmaus Young People, will be repeated Friday evening at the school hall. The play was given without a hitch and most liberal applause was given at the close of each act.

• • •

Give Pleasant Entertainment.

Mrs. Almedia B. Waltz, who gave readings of Victor Hugo's "Les Miserables," and Miss Ethel Doud, who rendered several vocal selections, gave a very clever entertainment at the Wayne Street M. E. church Thursday evening in place of the regular Thanksgiving services.

ELKS' MEMORIAL.

Services Will Be Held the First Sunday in December.

The annual Elks' memorial services will be held in the newly decorated lodge room on Sunday afternoon, Dec. 6. During the past year there have been twelve deaths in the order.

The general eulogy will be delivered by Harry Hilgemann, prosecuting attorney, while the eulogy in memory of the departed brothers who have passed away during the year will be delivered by Harry Hogan.

REPRODUCE HIGHWAY.

Lincoln Thoroughfare Will Be Shown at Panama Exposition.

A reproduction of the Lincoln highway as it runs through the northern part of Indiana will be made as an exhibit of the state's natural resources for the Panama-Pacific exposition. This will be done by means of a cyclorama about fifty feet long, built in relief, showing farms, cities, etc. The larger factories and other institutions along the highway also will be shown.

TURK SHOTS NOT AIMED AT LAUNCH

Washington, D. C., Nov. 27.—The launch from the American cruiser Tennessee which attempted to enter the closed harbor of Smyrna, was signaled that it was approaching a mine field before shots were fired as a warning to the little craft, according to the explanation of the Turkish minister of war to American Ambassador Morgenthau. This was announced by Secretary of State Bryan last night.

Mr. Bryan said he had received from Mr. Morgenthau a note addressed to the envoy by the Turkish minister of war, recording a previous conversation with reference to the Tennessee incident.

"The note," Mr. Bryan said, "contains the statement from governmental officials that the shots were fired after a signal had been given to prevent the launch from approaching mines, and they were not fired in the direction of the launch."

Mr. Bryan said he could not tell from the message whether the Turkish minister of war made the formal explanation in response to the representations which Mr. Morgenthau had been instructed to make, but he believed further dispatches would clarify this point.

SERVICES AT HEBREW TEMPLE.

The usual services tonight at 7:45 will be conducted at the temple, corner of Wayne and Harrison streets, by Rabbi Meyer Lovitch. The subject of the discourse will be "A Grateful Heart." At the services on Sunday morning at 11:15 in the Sunday school rooms Rabbi Lovitch will talk on "Puritan Ideals."

CITY BREVITIES

Charles L. Biederwolf, secretary of the Commercial club, is in receipt of a number of letters from contractors and architects inquiring regarding the proposed convention hall.

Any Fort Wayne manufacturer who desires to arrange for space at the Panama-Pacific exposition can do so by consulting with Charles L. Biederwolf, secretary of the Commercial club.

The Commercial club is in receipt of a communication from the United Five and Ten Cent stores, who are contemplating the establishment of a store in this city. The headquarters of the company is at Philadelphia.

Frank Scholes, W. D. Ebbinghaus and Wayne Bell, government surveyors, working on the proposed Lake Erie to Lake Michigan canal, will leave Friday evening for New Paris, where they will work for several days.

Crossed wires caused a small blaze at the Nickel Plate buffet at 1022 Calhoun street, shortly before noon Thursday. The damage was slight.

H. J. Golden has returned from Chicago, where he went to buy spring hats from the Dunlap company.

C. M. Best, formerly of Seattle, Wash., who represents the National Life association, is in the city looking over the ground with the purpose in view of locating here if conditions look favorable. Mr. Best is the company's representative in northern Indiana, and expects to take up residence either in Fort Wayne or South Bend.

The Opportunity circle of King's Daughters will meet Saturday afternoon at the home of Miss Bessie Devilbiss, of East Pontiac street.

URGES BUSINESS MEN TO ACTION

Adjutant General Writes Concerning the National Guard.

Various labor organizations of Fort Wayne are in receipt of a letter from F. L. Bridges, adjutant general of the state, urging them to support the Nation Guard of the state.

In part the letter says: "The National Guard is entitled to your respect as a law enforcing body, your help to keep it built up with the best of men and your moral support."

The adjutant general has also written a letter to the Commercial club. The letter says: "It seems strange that so few of the business men of our state take an interest in the affairs of one of the largest institutions of the state, having nearly 2,500 men in its organization and having local companies in more than thirty cities and towns in this state. It would seem that men interested in seeing that money collected for taxes is properly spent would investigate this organization. Do you know whether this money is judiciously expended and whether the organization is being kept up to a proper standard of efficiency? In cases where you business men believe the standard of efficiency is low it would seem that you should take an interest in effecting a reorganization so that when the use of the National Guard becomes necessary you might be confident that these services will be rendered properly and effectively."

In view of Governor Ralston's recent order in mustering out of service battery B these letters are particularly interesting at this time.

A steamship wreck in Scotland was traced to the battery in a sailor's pocket electric lamp, which was said to have affected the compass.

THE DEATHS.

PATTEE.

Mrs. Lora A. Pattee, aged 70 years, died at the home of her niece, Mrs. Charles O. Troxell, Thursday afternoon at 1:30 o'clock, following an illness of four weeks. Death was due to apoplexy. She was born in Reading, Pa., but years ago moved to Lafayette where she was united in marriage to Mr. Pattee, who preceded her in death eleven years ago. Since the death of her husband she had lived with her niece in this city.

She is survived by one grandson, F. Daniels, of Indianapolis; one niece, Mrs. C. O. Troxell; two nephews, William Light, of Fort Wayne, and E. Light, of Lima, O.

Funeral services Friday afternoon at 4 o'clock at the residence on Pfeiffer avenue, Rev. T. M. Hill officiating. Saturday morning the remains will be sent to Lafayette for burial.

CONRAD.

Clarence Conrad, a graduate of the International Business college, son of Mrs. William Conrad, of 1006 East Jefferson street, died at the St. Joseph hospital Thursday evening at the age of eighteen years. Death was due to peritonitis and followed an operation which the young man underwent a few days ago.

His father preceded him in death by a year. The young man was a member of the St. Mary's Catholic church and of the Young Men's sodality of the same congregation. He is survived by his mother and two brothers, Lester and Robert Conrad.

Funeral services Monday morning at 8:30 o'clock at the residence and at 9 o'clock at the St. Mary's Catholic church. Interment in the Catholic cemetery.

TROWBRIDGE.

Mrs. Frances L. Trowbridge, aged 56 years, wife of George Trowbridge, of 211 West Superior street, died at 5:40 o'clock Friday morning at the Hope hospital, where she had been confined since last Monday. Death was due to complications from which she had suffered for the past year.

Funeral services Monday morning at 10 o'clock from the Peltier undertaking parlors; interment at Lindenwood.

FUNERAL NOTICES.

Wagner—Funeral services for Clifford T. Wagner will be held Saturday afternoon at 2 o'clock at the residence, 1118 Hurd street, Rev. G. F. Byrer officiating.

Ensch—Funeral services for Mrs. Margaret Ensch will be held Saturday morning at 8:30 o'clock at the residence, 452 East Suttenfield street, and at 9 o'clock at St. Peter's Catholic church. Burial at the Catholic cemetery.

Broadcloths

So fashionably in demand—so beautiful—are here in all their loveliness. All the wanted blue shades, the dark rich browns, the hunter's and Russian greens—not a color that's not represented—not a quality that is missing from this showing.

And every piece of broadcloth in stock is sponged and shrunk—ready to send to the tailor and dressmaker. Splendid grades at $1.50, $2.00 and $2.50—the finest we have ever shown at the prices.

Fur Fabrics

—used for making coats and capes, as well as for trimmings—these fashionable fabrics are in great demand. We have an especially fine showing of them—the finest in town, our customers tell us. They come in clever imitations of baby lamb broadtail, caracul and seal—so closely resembling the genuine that a close inspection is necessary to tell them from genuine fur. Priced at $1.50 to $5.00 a yard.

We also direct attention to the line of Scotch mixtures, tweeds and plaid coatings we are now showing—wonderful fabrics and wonderful values.

These Four New Styles in Wirthmor Waists On Sale Tomorrow And All at $1.00

No. 16. An exceedingly pretty style, the body of Waist being of voile, the front panels, collar of organdie exquisitely embroidered, cuffs of organdie. The pretty glass buttons, the corded seams, the use of hemstitching to define the organdie panels all unite to add distinctiveness to this very desirable Waist.

No. 13. A simple but altogether pleasing style. Front, back and sleeves trimmed with cluster tucks, the front and collar prettily ornamented with a very dainty lace in unconventional design, and added attractiveness gained through the use of hemstitching and novelty crystal buttons.

No. 14. A semi-tailored model, made of soft gray Texon flannel, collar and cuffs effectively trimmed with fine plaid taffeta (dark green and red combinations, with either color predominating), the same material used to cover large ornamental buttons on front and cuffs.

No. 15. A decidedly smart semi-tailored model of a very good quality of madras, with collar and vest of organdie. Linen and large novelty buttons on front and cuffs. So very carefully and dependably tailored that long and satisfactory wear is absolutely assured.

As always in the past, these Waists will likely meet with a very ready response, and if you want to provide yourself with one or more for your own use, or perhaps to lay away for a Christmas gift, better come in tomorrow.

Furs of Beauty and Quality

And, of course, of fashionable kind and effect. The most economical purchaser will find that her money for furs goes farthest and safest at this store. The purse that need not figure on expenditure, with just beauty in view, will fairly revel in these glorious furs.

A stock of twenty-six thousand dollars' worth of gorgeous furs, with no two pieces alike, must mean necessarily a wonderful selection, and that is what this store offers. See the separate furs and sets of

HEAD OF POLICE FORCE 21 YEARS

Captain Stoll the Recipient of Congratulatory Greetings.

Twenty-one years ago today Captain Henry Stoll resigned a position on the city police department to take a position as detective for the Pennsylvania, with jurisdiction between and including Chicago and Crestline. That was the first step in the organization of the magnificent police system now in existence on the Western division, much of the credit for which belongs to Captain Stoll.

He remained in that position alone eighteen months, when he was instructed to get two men. A year later it was decided to organize a department and Captain Stoll was appointed lieutenant and instructed to take on another man. February 2, 1896, he was appointed captain, with jurisdiction over the Western system, which then extended to and included Chicago and Crestline. Then there were fifty-eight watchmen or officers on the division who were supposed to be out over the line looking after the interest of the company and its patrons. They did not always perform their duties faithfully, however, and it is even hinted that some were in the habit of spending hours in groceries, saloons and elsewhere, playing cards. From these watchmen Captain Stoll selected his patrolmen and put in force the police system now declared to be one of the very best of the many railway police departments of the country. Captain Stoll's present force includes two lieutenants, E. A. Clark and U. H. Strnaser, and sixteen patrolmen and they not only look after the interests of the company, but of the entire territory adjacent to the Pennsylvania tracks. Captain Stoll also has supervision over eighty-two street crossing watchmen between Crestline and Clark Junction.

Captain Stoll's department has been a great school for men in police work, for some of the best detectives, police inspectors, captains and lieutenants took their first lesson there. Among them are G. C. Baker, police inspector Pennsylvania Northwest system; F. M. Bucher, in similar office on Southwest system; Seymour Harrod, police inspector at Buffalo; George Coling, inspector at Pittsburg; Edward Distel, captain of police, Philadelphia division; W. E. Redman, chief Erie police, Youngstown; J. M. Neufer and W. G. Bates, captains on the Southern railway, and numerous others now prominent in railway police circles of the country.

The anniversary is passing quietly at Pennsylvania police headquarters, where Captain Stoll spent the greater portion of the day. On his desk was an open box of cigars for those who called to congratulate him, and the callers included many who are not connected with the Pennsylvania railway. Captain Stoll is a Scottish Rite Mason, an Elk and a member of the Royal Arcanum and ranks high in the regards of members of those societies.

HAD BIG FEAST.

Locomotive Firemen and Auxiliary Enjoy Turkey Dinner.

A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen and Engineers, and Hyacinth lodge, No. 38, Ladies' Society to the B. L. F. & E., had an all day social, which included a feast at noon, at which turkey figured prominently in the bill of fare. The affair took place at Unity hall and it is estimated that fully 300 people were there during the day to participate in the festivities at some hour at least, and the greater portion was there all day. Following the feast at noon, came cards, music and other amusements, and then another turkey feast, this time served alone by the ladies of Hyacinth lodge. In the evening, after the banquet, came more cards and dancing, thus fittingly closing one of the most enjoyable days the brotherhood and the Ladies' Society ever had. The personnel of the committee is as follows: Ladies' Society—Mrs. William Grayless, Mrs. G. Ludwig, Mrs. D. Janness, Mrs. M. A. Coleman. Brotherhood—D. Janness, chairman; William Grayless, Bert Young, A. H. Hartwig, W. M. Smith and Mr. Sheckler.

FELL BENEATH A CAR.

Yard Conductor J. W. McKenzie Has Leg Crushed Off.

J. W. McKenzie, for twelve years employed in the yards of the Pennsylvania as a switchman and later yard conductor, fell at 11:42 o'clock Thursday, while running at the side of some moving cars and rolled over so that his right leg was caught by the wheels and crushed between the knee and the ankle. The unfortunate man was picked up and hurried to St. Joseph hospital, where Dr. C. B. Stemen amputated the limb three inches below the knee. The patient passed through the operation in good shape and will recover.

Mr. McKenzie was the conductor in charge of shifting engine 7195 and crew and the accident happened near Lafayette street.

He is married and has five children, the family home being at 1814 Lafayette street. He has been employed by the company over twelve years, his first service being in the capacity of crossing watchman at Calhoun street, commencing that work August 11, 1902. In November of that year he was transferred to the yards, where he has worked ever since.

DERAILMENT AT BERNE.

MOTHER AND SISTER THERE WHEN BOY FACES MURDER CHARGE.

Mrs. John Tugwell, mother of accused murderer, and her daughter, Phavie Tugwell, as they appeared in court.

Los Angeles, Nov. 26.—While his mother collapsed in a faint and was carried from the room and his father was arrested in the court room on an embezzlement charge, nineteen-year-old Percy Tugwell, charged with the murder of Mrs. Maud B. Kennedy, a wealthy widow of this city, was given his preliminary hearing here recently before Justice Summerfield.

The proceedings were marked by a series of dramatic sensations. Mrs. Tugwell, the young prisoner's mother, sat white faced and weeping, through two grilling hours of nervous strain and then fell fainting into her husband's arms shortly after he was arrested, and had to be carried from the room.

One of the most sensational moments of the hearing was when Henry Kellor, a new witness introduced by the prosecution to testify that he had seen a man and woman struggling in the vacant lot where Mrs. Kennedy met her death.

FIGHTS HIS WAY INTO POLITICS

J. G. Blaine 3rd. Following in Steps of Noted Grandsire.

Providence, R. I., Nov. 27.—"Like father like son" adage does not follow in the case of Councilman James G. Blaine, 3d, whose entrance into politics was like a cloud from a clear sky to the ward committee who decreed that "they didn't want Blaine as a candidate."

"He's only lived here since 1911," the committee opined.

"That's no argument," fired back young Blaine.

He made it plain that if he lacked the necessary qualifications to represent the people in the common council, that surely was debatable, but to sidetrack in him order to consummate a trade with the opposition party was "not good politics," and he would fight it out in caucus, and fight it he did to the tune of winning the nomination and subsequent election by a vote of 690 to 444.

"College men are apathetic toward holding office, and it is a mistake," said the athletic Blaine when found by the American reporter lunching with United States Senator Henry F. Lippitt at the Turks Head club. "We hear criticism from college men about things political, but to my mind they should devote time to this great problem whereby the people would directly get the benefit by their service."

Graduating from Harvard in 1911 and having the world before him, with no legacies other than his name, he started "selling insurance" in this city, and now holds the position of agency director.

"Are you going to follow in the footsteps of your grandfather?" asked the reporter.

"I cannot answer that question," was the reply with a smile. "I have at least made a start and am willing to leave my continuance in office to the discretion of the citizens."

With his wife, formerly Miss Marion Dow, of Bangor, Me., and daughter, Elizabeth, Blaine lives at No. 133 Power street, in the fashionable "east side," contented with his lot and determined to improve his condition as the years roll on.

Why Let a Terrible Cough Hang On and Wear You Out?

Loosen Its Grip with that Wonderful Throat and Lung Medicine, Foley's Honey and Tar Compound.

Coughs that "hang on" mostly settle on the lungs, and they fairly eat the life out of you. They use up your strength, lower your vitality, and pave the way for serious lung and bronchial diseases.

FOLEY'S HONEY AND TAR COMPOUND leaves healing behind it as it glides down your throat. It covers raw, inflamed, irritated surfaces with a soothing healing coating. It stops the racking, tearing cough, and eases stuffy wheezy breathing.

WILL G. RICHMOND, Inglewood, Cal., says: "FOLEY'S HONEY AND TAR acts so well in harmony with nature, it is more like a food than a medicine."

E. J. SARGENT, Dallas, TEXAS, writes: "I had a terrible cough which words will not describe. I spent much money and tried many kinds of treatment, but found nothing which would cure me. At last I tried FOLEY'S HONEY AND TAR and it completely relieved me of all bad symptoms and my cough entirely disappeared."

For all coughs, colds, croup, bronchial affections, la grippe coughs, throat and lung trouble, you will find it a medicine without a peer. Every good druggist is glad to sell it, for it gives satisfaction to his customers and contains no opiates. You cannot get a substitute to do for you what FOLEY'S HONEY AND TAR will do. 25c, 50c, $1.00 sizes.

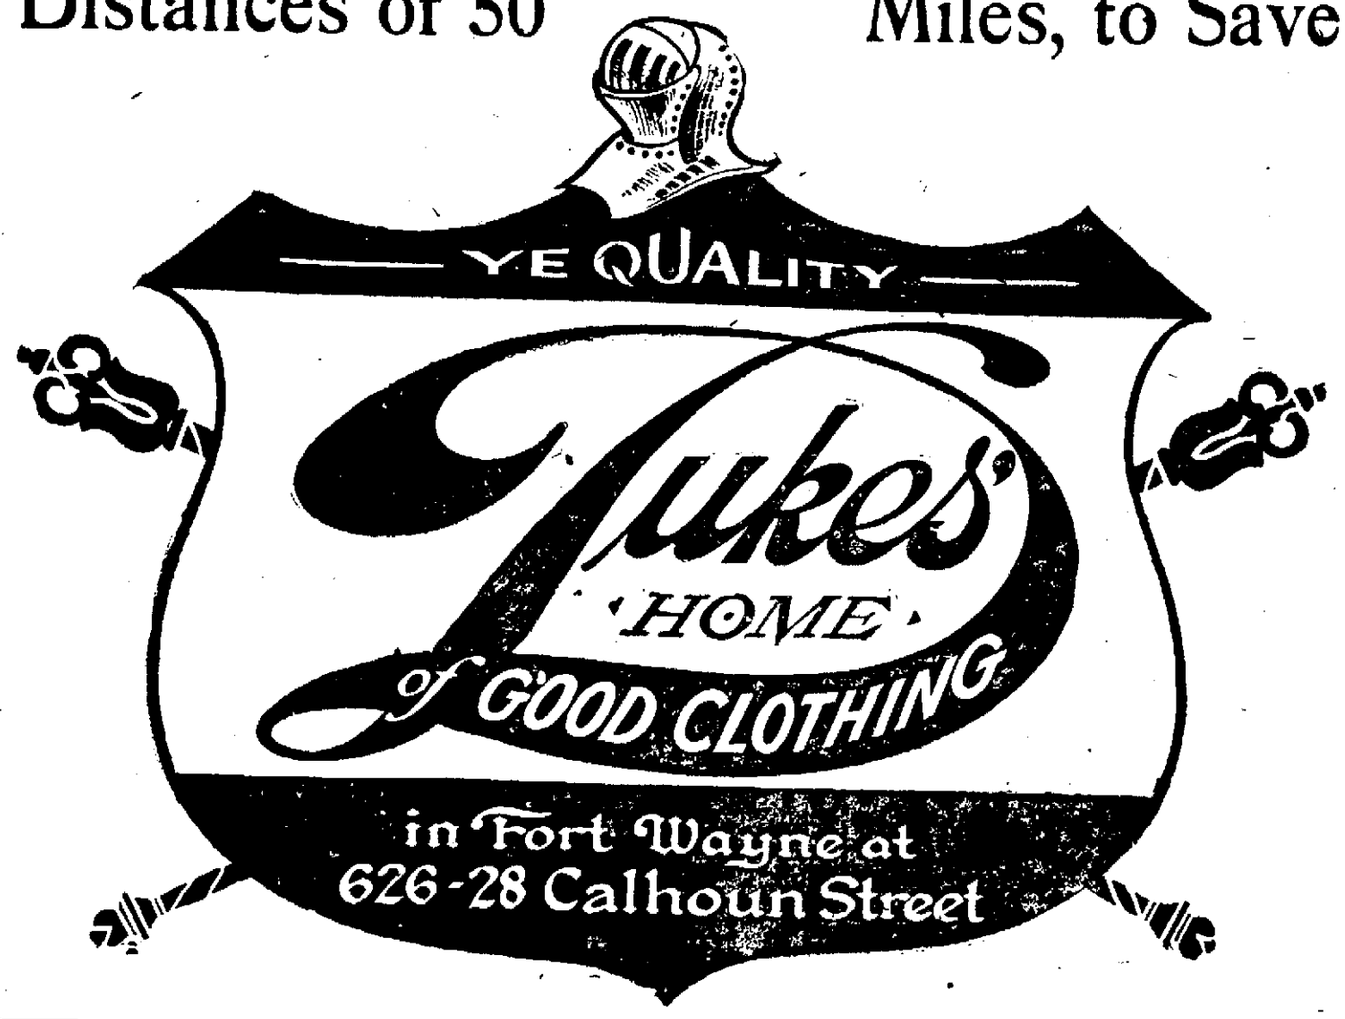
The Public Verdict Proven By Our Business

Our Forced-to-Vacate Sale

The Greatest Sale Ever Held in November—Buyers Pour in From Distances of 50 Miles, to Save

We thank the public, most heartily, for this proof of their confidence in our word and the quality of our goods.

We sell only reliable goods. You cannot buy a shoddy or skimped garment from us, and every article in our store is a very real bargain.



This Saturday we will have a much larger sales force to take care of business, than here-to-fore. The volume of our business, the last two Saturdays, was so much beyond our expectations that we regret we were unable to give to all, proper attention.

MERCHANT MARINE PROBLEM RETURNS

President is Preparing to Back Up His Original recommendations.

(By Gilson Gardner.)

Washington, Nov. 27.—The bill providing for a government-owned merchant marine promises to absorb a large share of interest at the coming session. The president is preparing to back up his original recommendation and to urge that prompt action be taken on this measure. All the reasons originally suggesting this policy remain, and have been reinforced. The transfer of foreign ships to the American flag has failed to supply the need for an American merchant marine, and today practically all of our commerce with foreign countries is being carried in English bottoms. Should anything interfere with the British control of the highways of the ocean, our neutral commerce would be cut off.

* * *

That the impartial distribution of relief to people in foreign countries merely prolongs the agony of the present war, is the statement of Bolton Hall the eminent publicist.

"We frown," says he, "on supplying goods for the use of the unwounded soldiers, but we seem to think it a virtue to send money and goods for the wounded soldiers. That Americans should send money to do for the belligerents what their governments would have to do for them if we did not do it, is on a par with supplying food for the exhausted men or ammunition for those who have to defend themselves. It is helping to prolong the war. This idea will not be popular with those who are guided by sensibility rather than by sense. But we have at our own very doors ample and harrowing distress and misery to occupy all our time and attention. Every charity is compelled to cut down its budget and hundreds are suffering who might be helped, whilst, at great expense, we are sending aid and merchandise for 'the poor soldiers,' whose past support of government bent on warfare is mainly responsible for this present evil. 'See America first' and you will find enough to do without lending aid and comfort to the gunmen who are on the murder job. If, however, we decide to help along the war, let us at least decide first on which side we are."

The first report of the federal industrial relations commission will be made to congress when it meets Monday, December 7. This is not a final report with the final recommendations of the commission, but is a report of progress and a summary of the hearings which have been held. The final report will be made next August when the commission is by law required to end its work. The preliminary report promises to be one of the most interesting documents ever contributed on our industrial problems. It is to be quite unlike previous reports in that it is not merely to set out endless unsifted and undigested "testimony," nor yet a lot of vague glittering generalities. It will deal with facts in a frank and perfectly courageous way and whether or not one agrees eventually with the recommendations as to remedies, it will be hard for anyone to get behind the facts set forth. One important accomplishment will be the statement by the commission of what the industrial problems are. This much at least will have been done. The report will furnish excellent reading for any person interested in poverty. Persons interested may secure copies of the report by writing to their congressman or senator, as undoubtedly it will be printed as a public document as soon as received by congress.

* * *

The silliest thing done by the present or any other congress was the refusal by the democratic caucus to permit a vote in the house of representatives on the constitutional amendment giving women the right to vote. This was silly because it was unnecessary and poor politics. There are votes enough in the house on both sides without doubt to defeat the amendment. It could, therefore, safely have been brought in, debated and disposed of by a record roll call. This would have removed from the shoulders of the democratic party, as such, the stigma of party hostility to woman's grievance. It would have enabled individual democrats to go on record for or against it, and would have allowed others opposing it to state their [illegible] at length. It would also have saved the president the embarrassment of continuous delegations waiting on his doorstep for a chance to interview him as to whether he has again changed his mind on the subject, or the light of some new excuse for putting off a vote on it.

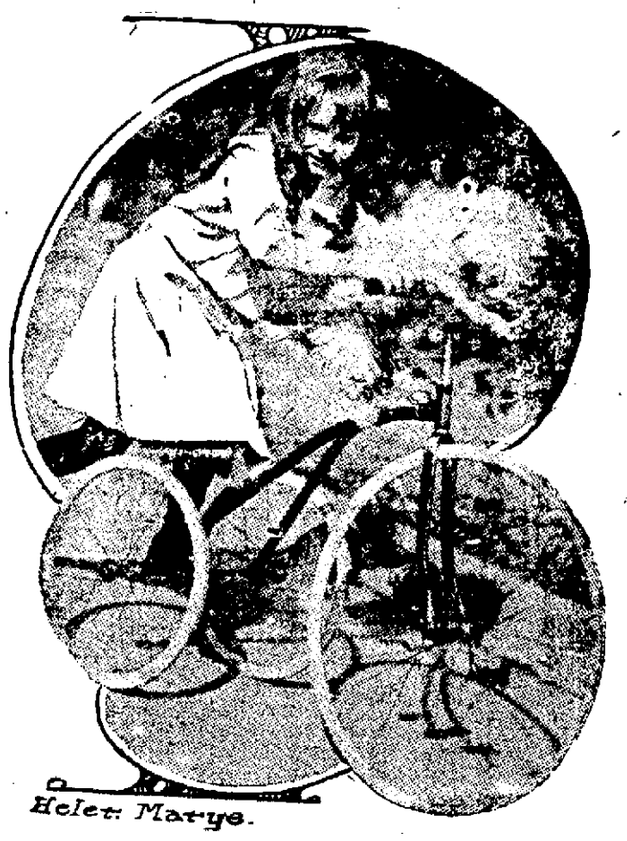
PIGEONS MUST DIE.

Officers of Humane Society Agree They They Are a Nuisance.

All arrangements have been made for the killing of the pigeons now making their home around the court house. Officers of the humane society were consulted and they agreed that the pigeons are a nuisance and should be gotten rid of. Rodney Fleming, state game warden, has agreed to kill them.

RUSSIA NO PLACE FOR LITTLE GIRLS, SO HELEN STAYS IN WASHINGTON.



HELEN MARYE TEACHING HER DOG, "FUZZY," TO RIDE A VELOCIPEDE.

Washington, Nov. 27.—Petrograd is no place just now for small children—no place for fun-loving, little American girls who like to ride velocipedes in the parks. That's what Mr. and Mrs. George T. Marye decided when the latter was sent to Russia as American ambassador a few months ago.

So little Helen Marye, her fuzzy little dog and her velocipede were left behind in Washington in charge of a relative when her parents went away to the czar's country.

CREMATION PROMISE KEPT.

Widow Has Body of Soldier Disinterred at Marion Home.

Marion, Ind., Nov. 27.—Mrs. Florence Brown, of New York, widow of Frederick E. Brown, who died at the Marion soldiers' home, November 4, came to this city last week to carry out a promise she had made her husband several years ago to have his body cremated.

Frederick E. Brown was formerly a well-to-do business man of Dayton, O., but had reverses. He decided to enter the soldiers' home here, and his wife took up work in stenography in New York. Her former home was at Winchester, Va., and at her husband's death a telegram was sent there. She first learned of her husband's death after a letter she had written him was returned to her with the word "deceased" written across the envelope.

The body of Frederick E. Brown was disinterred at the soldiers' home cemetery under direction of Mrs. Brown and was shipped to Indianapolis for cremation. The ashes will be sent to Winchester, Va., and buried in the family lot, beside the body of his first wife, who was a sister of the present Mrs. Brown.

SAYS WIFE IS EXTRAVAGANT.

Former Millionaire, Sued for Divorce, Says He's Worth Only $18,000.

Muncie, Ind., Nov. 27.—Louis Friedman, known in the days of the famous oil boom as "the millionaire oil operator," now is worth only $18,000, according to his cross-complaint in a suit for divorce brought against him by Mrs. Lena Friedman. The husband asserts that the wife spends $75 a week for food for the family; that she spends $2,000 a year for clothing, and that she is otherwise extravagant.

The two were divorced in Madison county in 1911, but remarried six months later. Mrs. Friedman once filed a suit for divorce in the Grant county circuit court at Marion, but this did not come to trial. Friedman says his wife caused their young son to practice music lessons to such an extent that the boy's health was seriously endangered because of a nervous breakdown.

New Treatment for Bronchitis Asthma, Catarrh and Head Colds

Vick's Vap-O-Rub Croup and Pneumonia Salve Relieves by Inhalation and Absorption. No Dosing.

When Vick's "Vap-O-Rub" Croup and Pneumonia Salve is applied externally, the body warmth releases vapors of Pine Tar, Camphor, Thymol, Menthol, and Eucalyptol. These vapors are inhaled direct to the lungs and air passages where internal medicines can not go. They loosen the phlegm, open the air passages and stimulate the mucous membrane to throw off the disease germs. For catarrh and head colds melt a little in a spoon and inhale the vapors, also apply well up the nostrils. For asthma and hay fever follow the instructions given above and also rub Vick's well over the spinal column, thus relaxing the nervous tension. Vick's is not a "cure" for these diseases, but it has at least the merit of containing no harmful habit-forming drugs, and it is sold by all druggists on thirty days' trial. If it fails to relieve in your case, the purchase price will be immediately refunded.

For sore throat, tonsilitis, deep colds, and bronchial troubles, apply hot wet towels over the chest and throat to open the pores of the skin. Then rub Vick's well in and cover with a warm flannel cloth. The next morning the phlegm is loosened, head is clear, and, in addition, the absorption of Vick's through the skin has taken out that tightness and soreness. Three sizes—from 25c. up.

NEW EQUIPMENT IS IN OPERATION

Big Turbo-Generator at the City Power Station Is Getting Test.

The new 3,000-kilowatt turbo-generator just installed in the city light and power works plant, was hooked up at 3 o'clock Friday afternoon and was started on the first real test that has been given it. The current was sent to the mammoth new switchboard, but was not put on the distribution lines. It will not be placed in operation for that purpose for two or three days. The switchboard adjustments will need further attention and that will take some time. When everything is shipshape the new switchboard will carry all the current of the plant save that on the municipal lighting circuits. It is purposed to give the new generating unit a thirty-day test before it is finally accepted by the board. The new equipment puts the city plant in condition to meet all possible needs.

WASTE PAPER NUISANCE GROWS.

Street Superintendent Strodel Will File Affidavits.

Recent warnings by the board of works that the nuisance of waste paper in downtown streets must be abated appear to have been without effect for Street Superintendent Herman Strodel avers that on Thanksgiving day conditions were worse than previously. In several places downtown, notably along the broad sidewalk on the Court street side of the court house, there were vast accumulations of waste paper, mostly newspapers, that the winds scattered wildly. Superintendent Strodel says he has personally warned a number of owners of downtown buildings that they must see to it that their tenants are provided with a place to store waste paper or those who throw paper into the streets will be prosecuted. He says also that it is a common practice for men to throw away on the streets empty tobacco bags and pouches, both of paper and cloth, and that one who has not given this nuisance close observation will scarcely believe how great that nuisance is. The board of works and the superintendent of streets declare that prosecutions will surely be consequence of such violations of the law.

TENTATIVE ROLL COMPLETED.

Miss Lillian Rusch, chief of the bureau of assessments in the park board office, has just completed the first compilation of the tentative assessment roll for the proposed enlargement of Weisser park, and will now revise the figures to be presented to the board. It has been a tedious labor of several months. Nearly eight thousand pieces of property had to be separately considered to get the $25,000 necessary to carry out the plans for the improvements. Miss Rusch had just $20 in excess of the necessary amount when she completed the first task, which proves her estimates on the thousands of pieces of property in that park district were extremely accurate.

FIND BIG SEWER MUCH FOULED.

The work of cleaning the intercepting sewer is now proceeding more rapidly since a badly befouled section of it just east of Hanna street has been passed. For a considerable distance conditions were found very good and then the cleaning gang ran into a portion that was greatly cumbered with heavy debris and a large accumulation of silt that could not get past the blockade. It will require several weeks of labor to get the big sewer cleared to its beginning at the St. Mary's river.

MAY ISSUE MONTHLY BULLETIN.

Dr. J. H. Gilpin, secretary of the board of health, is considering the publication of a monthly health bulletin, such as is published by similar municipal departments in many other cities. Secretary Gilpin believes it would accomplish some good to issue a similar publication furnishing statistics relating to contagious diseases, and giving information concerning sanitary subjects and public health in general.

WANT STEPS PUT IN NOW.

The board of works and city engineer went out to the Thompson avenue subway under the Wabash track Friday afternoon to consult with Contractor John Brooks, who will be told that the steps leading through the retaining walls to private property abutting upon them must be put in this fall. There are seventeen sets of steps on both sides of Thompson avenue south of the tracks and on Scott avenue. The property owners affected want the steps at once and the board agrees that the work should be done now.

ARMY AVIATORS TO GET NEW TEST

Warlike Conditions Will Be Simulated as Far as Possible.

Washington, Nov. 27.—Aerial reconnoisance work in which actual warlike conditions will be stimulated as far as possible, is to be the test for army aviators this year who enter the contest for the Mackay trophy, presented several years ago by Clarence H. Mackay through the Aero Club of America. It is awarded annually for the best record in carrying out certain prescribed conditions.

It was announced at the war department today that marines, artillery and cavalry will be moving about the territory over which the aviators must fly. The contest will be held near San Diego, Cal., about December 18, and will be participated in by the Fourth regiment of marines, the artillery garrison from Fort Rosecrans and a squadron of cavalry from San Ysedro, Cal.

The reconnoissance is to start from a point about 100 miles away from San Diego. The goal of each flight is to be North island at San Diego, on which is located the aviation school. The cup is to be competed for by teams, each composed of a pilot and observer. Accuracy of locations of the troops below, with their composition and strength, also the time required to make the flight will be counted in the judging. As complete a report as possible with a map must be submitted at the terminus. Fifteen minutes before starting each team will be given a copy of the instructions. The fliers will be disqualified if they get below 2,500 feet, and for every minute they are below 3,000 feet points will be deducted. There will be five judges, three representing the war department and two the Aero Club of America.

MERRITT SPEAKS.

BODY IS IDENTIFIED.

Man Burned Beneath Auto Was Harry Doughty, of Virginia.

Wilmington, Del., Nov. 27.—The body of an automobile driver found last night burned to death under his car at Newcastle, near here, was identified today as that of Harry Doughty, of Franklin City, Va. The body was found by the crew of a trolley car. It is believed Doughty was on his way from Wilmington to his home alone when the car turned turtle and penned him beneath it.

Misses Esther and Katherine Golden have returned to Sacred Heart academy after spending yesterday with their parents, Mr. and Mrs. E. J. Golden.

ENJOIN SHERIFF IN MAKING SALE

Error in Publication for Selling Cressler Lands Postpones Action.

An error in the legal publication giving notice of the sale of the Cressler real estate to satisfy judgments and liens in the case of the Kerr Murray Manufacturing company compelled a postponement of the sale that was to have been held at the door of the Allen county court house Monday afternoon. Because the legal publications stated that the sale would be held at the door of the Wells county court house in Bluffton, Thomas E. Elison, attorney for Alfred D. Cressler, filed a complaint in the circuit court Monday morning for an injunction to restrain Sheriff A. C. Gladieux from making the sale of the $100,000 worth of property, included in which is the Cressler home at Wayne street and Fairfield avenue, and the large tract of land lying north of the Pennsylvania right of way between the St. Mary's river and the Grand Rapids and Indiana railroad. The sale is based on judgments obtained in the Wells circuit court last September by John W. Brewer and the First, Old and Hamilton National banks of Fort Wayne against the Cresslers. The Wells circuit court ordered the sale and in drawing up the legal notice of sale, which was published in a Fort Wayne newspaper, the advertisement was made inadvertently to read that the sale would take place at the court house in Bluffton. The plaintiff in the injunction suit says he would be greatly inconvenienced and made to suffer damage to the extent of $1,000 should the sale be held as advertised. He therefore asked for an injunction against Sheriff Gladieux and demanded $500 damages. The effect will be to postpone the sale three weeks to permit a valid notice of the sale to be published.

Asks for Divorce and $1,000.

Gladys Shaw has begun action in the superior court for divorce from Alfred Shaw and asks the custody of two children aged 18 and 4 months and also for $1,000 alimony. The couple were married February 28, 1912, and separated November 27, 1914. The wife complains of cruel and inhuman treatment, charging that her husband has repeatedly struck and beaten her with his fists, used profane language toward her, applied vile epithets to her and has been quarrelsome and abusive since their marriage. She says also that he has falsely accused her of infidelity.

Change of Venue in Hanna Cases.

Samuel D. Hanna and John H. Immel filed affidavits in the circuit court Friday for change of venue from Judge Eggeman in the trial of the joint case against them for forgery and Judge Edward O'Rourke was appointed to try the case. Samuel D. Hanna also asked a similar change of venue in the trial of the case against him for perjury. These criminal cases grew out of the failure of the Hanna-Brackenridge company in this city over a year ago.

Leniency for Wayward Lad.

Albert Bashara, 17 years old, was given a suspended sentence of from one to eight years in the Jeffersonville reformatory Friday afternoon, after he had pleaded guilty to petit larceny. He promised to steer his course by safer charts than heretofore. His brother, Allen Bashara, has promised to look after him. Young Bashara stole $25 from the cash register in the John Fredericks meat market on Wells street Wednesday evening.

Notes of the Courts.

It was expected that the hearing of Mrs. Velma Myers and Misses Naomi and Millicent Myers, on charges of larceny, would take place in the circuit court Friday afternoon, and the young shoplifters were brought in, but Judge Eggeman postponed the hearing until 10 o'clock Saturday morning. He desires to make some inquiries about the circumstances of the young women.

William G. Dickmeyer was given judgment for $211 in the circuit court against Christ Siebold.

The suit of Babcock vs. Wilson for conversion of property is on trial before a jury in the circuit court.

MANY TOOK OUT LICENSES.

From the time County Clerk Gerding's office was opened Wednesday morning until it closed Wednesday evening 130 persons took out licenses to hunt and fish. More than fifty were issued the day preceding. The licenses all had a notion of spending Thanksgiving in sport, but it is reported from the country that few hunters were abroad, most of them finding that farmers had posted notices forbidding the trespassing of hunters on their lands.

Society

A dancing party entirely informal and consequently as merry and delightful as a crowd of young folks still in their teens could enjoy was the one for which Willard Shambaugh was host at the Anthony hotel last evening. Miss Elizabeth Lloyd, of Detroit, cousin of Mr. Shambaugh, and her friend, Miss Ruth Stone, also of Detroit, were the honor guests. Mr. and Mrs. W. H. Shambaugh assisted in receiving the guests and introduced the young girls visiting them. Mr. and Mrs. Theodore Thieme, Mr. and Mrs. Theodore Wentz, Mr. and Mrs. Walter Seavey and Mr. and Mrs. W. S. Morris were the chaperons. An orchestra furnished music and the souvenir programs were exceedingly pretty. A fruit punch that was tempting in flavor and small cakes were served all during the evening at the pleasure of the guests.

Voelker—Lange.

Miss Frieda Lange, daughter of Mrs. Hannah Lange, of Putman street, was quietly married yesterday afternoon at the parsonage of the Concordia church to Mr. Louis C. Voelker. The Rev. Lange performed the ceremony. The bride was attended by Miss Bertha Imbody and the groom by Mr. Arthur Lange, a brother of the bride. The bride wore a handsome gown of dark blue satin and a corsage of pink roses. After the ceremony a Thanksgiving dinner was served to about fifty relatives. Mr. and Mrs. Voelker have gone to housekeeping in their new home, 729 Huffman street. Mr. Voelker is foreman at the Wayne Knitting mills.

Fred Hulburd came home from Valparaiso university to spend yesterday and the week-end with his parents, Mr. and Mrs. L. P. Hulburd.

Mrs. John Eickenbary and daughters Hazel and Dorothy, of Grover Hill, O., are guests of Miss Gladys Eickenbary, of Masterson avenue.

Mrs. D. E. Young, of Cleveland, is visiting her parents, Mr. and Mrs. George Franz, of 124 West Leith street. Mrs. Young was Miss Elsie Franz before her marriage and she will remain over the Christmas holidays on this visit. A number of parties have already been planned in her honor. Mr. Young is coming for Christmas and Mrs. Young will accompany him home.

Miss Hulda Irmscher has returned from Lafayette where she attended the Sigma Nu and Tanthonon dances.

Lemuel Kilby, of Chicago, who was the guest of friends in the city yesterday, sang to a few guests at Miss Spencer's music studio in the evening. Mr. Kilby has a beautiful quality of voice and his songs gave much pleasure to those who heard him.

Miss Cora Clark, of Woodburn, was the guest of Mr. and Mrs. W. H. Ingham yesterday and today.

FRIARS PLAY IN EXCELLENT FORM

Take Walsh Hall Down the Line and Show Some Real Foot Ball.

(By Morton B. Williams.)

It takes a big team to beat Walsh Hall of Notre Dame, but the Friar aggregation turned the trick yesterday at Lakeside park. The visitors came down here with the expectation of repeating what Walsh has been doing successively and successfully each Thanksgiving day. Father Farley's bunch of footballers did not play the sort of game that was generally expected, but confined themselves to straight football and attempted no trick plays that are so much used by universities.

Themost probable reason for the local's trimming them was that in the first quarter Laird successfully drop kicked fifty-two yards, excelling his kick of Sunday by seven yards, and getting into the clinch with Brickley. This kick disheartened the visitors and they played with less snap and vigor than before. The playing was fast on both sides and the Friars have shown the result of the week's practice.

Walsh kicked off and the first crack out of the box Birtschi made thirty yards on a forward pass. This looked good for the locals but in three downs they were unable to make any marked gain and they punted. When the Friars next gained possession of the ball another pass got them within striking distance of the goal but the ball went over. The locals next got the ball on their own twenty-eight and Laird on a fake punt gained twenty yards. One would not have supposed that he would try for a field goal from that distance but he made the attempt and for the second time within a week it was successful. Laird made the Friars three points by himself. Walsh elected to kick and the Friars seemed unable to hold the ball and Walsh worked its way to within two yards of the locals' goal line. Things looked dark for the Friars at this time but their line held four times and they punted out of danger. The locals got their next score when Streider made a touchdown after a thirty-five yard run. Laird kicked goal. Nothing more of note was done in this quarter, which ended with the Friars in possession of the ball on the forty-five yard line and the score 10 to 0 in the locals' favor.

Almost at the outset of the second period Carmody grabbed a long forward pass out of the air and scored the visitors' first and only touchdown. Bush kicked the goal. The ball then went fro mone end of the field to the other for a couple of times until Grady, who had been making large gains on a certain kind of fake pass, held the ball too long and Chambers grabbed it and ran about twenty yards for a touchdown. Laird, as usual, kicked goal. There was nothing more of interest during the remainder of the period. When the whistle blew the Friars were leading by a ten point margin and had the ball on Walsh's thirty.

The third quarter almost saw a Notre Dame rally, for the visitors made three first downs but when the Friars were being beaten back so close to their own goal posts as to be uncomfortable they broke up the rally. No score was made by either side in this period although each side came close. During the last part of the quarter the locals worked the ball down to Walsh's seven yard line when time was called.

The first minute of the last period saw the Friars make their last touchdown. Laird carried it through after attempts had been made by the other backs. Walsh was on her way to a touchdown about the middle of the game but she stopped in the center of the field and the rest of the play was around the visitor's goal. When thegame ended the ball was in Walsh's possession in her own territory and the score 24 to 7.

Laird played the game of his life. His kick showed practice and precision, his runs were fine and his work on the defensive excellent. He scored just an even half of the locals' points and his drop kick probably started things going for the Friars. Running him a close second was Streider, without whose remarkable plunges through the line made touchdowns possible. The two big men of the Notre Dame team were Bush, who seems to have got dodging down to a science.

The line-up and score:

Walsh Hall, 7.	Pos.	Friars, 24.
Carmody	L.E.	Birchi
Welsh	L.T.	Robbins
Fiegs	L.G.	Ellenwood-Junard

Goals on touchdown—Laird, 3.

Officials — Erehart, Indiana, referee; Kenfiedy, Chicago, umpire; Dr. Leach, head linesman.

The Preliminary.

The West Ends made good their claim to the city championship in the curtain raiser for the big game by defeating the Bachelors. There is no other amateur team in the city that has a claim to that honor now. The game was slow at times, but the winners had no clinch making their touchdowns owing to the playing of the Bachelor backfield on the defensive. Centilvre scored the lone touchdown of the defeated side.

OUTLAWS CLAIM TO HAVE GRABBED TWO COAST BASEBALL STARS.

Left to Right: Justin Fitzgerald and Walter Schmidt, star coast players said to have been grabbed by the Federals.

San Francisco, Cal., Nov. 27.—According to the most recent "inside stuff" Justin Fitzgerald and Walter Schmidt, the two fastest base runners in the San Francisco club of the Pacific Coast league, have been "hooked" by the outlaws. President Madison, of the Kansas City Federals, claims to have purchased the services of these two players for the coming season. Fitzgerald was regarded as the best hitter on the Frisco line up last year, he played in the outfield.

Walter Schmidt was one of the best catchers in the Pacific Coast league. If organized base ball loses the services of these two players it will be felt keenly as both are young and promising men. Schmidt is of big league caliber and would have gone into the big brush long ago had it not been for the fact that local magnates were unwilling to weaken their team by releasing him. At present the doughty catcher is playing with the Imperial Valley Winter league, but if it is true that he has jumped to the Federals he will be forced to quit the Valley league and will be forever blacklisted by organized base ball.

Fitzgerald has already seen big league service with the New York Americans, where he played a couple of years. He later played with Portland and was secured from that club by the Frisco team. At present Fitzgerald is on a barn-storming tour with Happy Hogan's team in the Hawaiian islands.

NEXT GAME HERE IS RUBBER EVENT

Friars and Congerville Have Each Won a Football Game.

When the Friars and the Congerville team, of Muncie, meet Sunday afternoon in the closing foot ball battle of the season, the affair will be a rubber event, as each has won a victory over the other.

Frank Rinehart, business manager and publicity promoter of the Friar Athletic board, made an effort early in the season to get hold of this club as a substitute for the Alexandria eleven, which was not considered strong enough for a local booking.

He went so far in the matter as to offer the club a flat payment of $200 for the game, but it had already booked for the day and, as every real foot ball club should do, it declined to cancel and lost some money by doing so.

Flushed with the success of its two last undertakings the Friar club is full of fight and ready to get into the Congerville struggle with a vim that spells defeat for the opposition and all of the men feel sure they can close their season with a win in spite of the fact that they will have but two days to recover from the Walsh hall game.

The announcement that the season would close with the Walsh hall game was an error, as Congerville had already been scheduled and in securing the game a club is being brought here that would gladly have been welcomed at any stage of the year's gridiron activities.

Some high class foot fall has been put on by the Friars this year and the patrons have shown their appreciation by paying the advanced prices that were adopted this fall. There was some doubt in the minds of the athletic board members as to the probable outcome of such a radical change, but the public has responded cheerfully and the attendance has been fully as good as it was when only two hits was charged at the gate.

Clothing for the poor of Fort Wayne will be received at the Sentinel office, on West Wayne street, and distributed to worthy people through the Fort Wayne Mother's club and the various charitable organizations. 11-21-tf

HOSTS GATHER FOR BIG GAME

Army and Navy Forces Take Philadelphia in Advance of Contest.

Philadelphia, Nov. 27.—The advance forces of the army and navy began to arrive in Philadelphia today for the annual football battle between the West-point cadets and the Annapolis midshipmen on Franklin field tomorrow. The movement will become general late today and by tomorrow the central part of the city will be in complete possession of the arms of the government. Extra seats have been erected at Franklin field and the largest crowd that ever saw an army-navy football game in this city will be on hand to cheer their favorites. As a whole the army-navy game is the most spectacular on the football schedule of the year. The uniforms of officers, the parading across the field of the battalions of gray clad cadets and the regiment of blue uniformed midshipmen, the martial music of the big brass bands and the commingling of the colors of the American flag and the blue and gold of the navy, black, gold and gray of the army and red and blue of the University of Pennsylvania, give a picturesque setting that is inspiring. President Wilson, who saw last year's game, will not be here but several members of his cabinet, including the secretaries of war and the navy, will be on hand to root for the gridiron warriors.

A tea of beautiful appointment was given by Miss Irene Comparet at her home in Lake avenue, this afternoon, from 3 to 5 o'clock, in honor of her guest, Miss Mildred Van Horn, of Evanston, Ill. During the tea Miss Comparet announced that the date of her approaching wedding to City Forester Carl J. Getz will be December 31. The guests were ushered to the dining room for refreshments and as they left the room each was given a favor of a yellow chrysanthemum by little Louise Walker. In the chrysanthemum was a tiny card bearing the names of Miss Comparet and Mr. Getz and the day set for their marriage. The house was very attractive with its decoration of foliage ferns and chrysanthemums. Assisting Miss Comparet in meeting the callers were Miss Elizabeth O'Rourke and Miss Larene Travers. Mrs. Herbert Zur-Muehlen presided at the tea table and Misses Marjorie Dailey, Louise Tyger and Ada Gumpper served in the dining room.

Beyer—Hockemeyer.

Miss Anna Hockemeyer, daughter of Mr. and Mrs. Henry Hockemeyer, of 1217 Summit street, and Mr. Edwin Beyer, a son of Rev. and Mrs. John Beyer, of Car Creek, took place on Thanksgiving day at 4 o'clock at the home of the bride. The marriage ceremony was performed by the groom's father in the presence of relatives and intimate friends. Miss Leona Hockemeyer, sister of the bride, and Mr. Gerald Beyer, the groom's brother, were bridesmaid and groomsman. The bride wore a beautiful gown of white crepe de chine and carried a bouquet of bride roses. The bridesmaid's gown was cream color and her flowers were yellow chrysanthemums. Rev. Mr. Byrer played the wedding march as well as officiating at the marriage service for his son and new daughter. After congratulations had been extended to the bride and groom an elaborate wedding dinner and Thanksgiving feast was served to the seventy-five guests present. The table where the bridal party sat was decorated with a big cake and bouquets of flowers. The bride and groom will not take a wedding trip, but will be at home for the present with the bride's parents. After their own home in South Harrison street is finished the bride and groom will begin housekeeping. The groom is a carpenter and is employed by the bride's father.

Bostick—Kover.

Miss Ruth Kover, daughter of Mr. and Mrs. E. W. Kover, of Howell street; and Mr. William E. Bostick, a son of Mrs. Louise Bostick, of 426 East Wayne street, were married on Wednesday evening at 8:30 o'clock at the home of the bride by Rev. C. O. Shirey, assisted by Rev. Samuel Wagenhals, with whose congregation the groom is a member. Mrs. Arthur Kover played the wedding music and also sang before the bride and groom entered the room, "I Love You Truly." There were no attendants. The bride wore a gown of white crepe de meteor, trimmed handsomely with princess lace and held a bouquet of bride and sunburst roses mingled with stevia, with a shower of embroidered tulle ribbon and swansonia. The rooms were decorated with palms, clusters of yellow and white chrysanthemums and russet oak leaves. The bride's table at the elegant supper suitable for Thanksgiving eve, was decorated with tall yellow candles and roses, both white and yellow, arranged in small bouquets. Each supper table had an ornamentation of the flowers and candles. The effect was lovely throughout. About fifty guests were present, including relatives. The bride made a beautiful appearance, her wedding costume enhancing her blonde beauty and the sweetness of her face. The bride is an especially lovely young woman in every way. Mr. Bostick is a young man of fine character and enjoys a wide circle of friends. He is a meter tester in the employ of the Traction company. After they return from their wedding trip Mr. and Mrs. Bostick will go to housekeeping at 1806 Howell street, in a home already furnished and ready for occupancy. Miss Esther Kover, who is studying in Toledo, and who is a sister to the bride, came home for the wedding.

LULU FADO—NEWEST OF DANCES.

Miss Neill posing for third step position. Smaller picture (above) shows same position lady with partner; lower picture shows fourth step position.

(Taught by Edna Neill, formerly with Pavlowa in imperial Russian ballet.)

Can you dance the lulu fado?

If you can, you are not only up to the procession, but ahead of the band, for the lulu fado has just arrived!

If you can't, here's your chance to learn to whirl and glide and dip, and tap your toes and snap your fingers in this fantastic and picturesque new Spanish dance.

The new dance is practically unknown in America, but it leads off the list of society dances that Miss Edna Neill, formerly with Pavlowa's imperial Russian ballet, brought over from Paris this fall. Miss Neill is introducing the modernized fandango to American dancers.

Directions for the Dance.

The first step in the lulu fado is two slow walking steps and four fast walking steps. The lady going backward and gentleman forward in a regular one-step position. This is continued four times. The count is 1, 2,—1, 2, 3, 4,—1, 2,—1, 2, 3, 4.

Second step—lady polkas backward—the gentleman forward, keeping the same position with the arm as in first step.

Third step—This is the characteristic step of the lulu fado which shows its Spanish origin. The couple separate—the gentleman making a circle to the right—the lady a circle to the left. They continue the same step as in the first step only they are each going around a circle away from each other. Now step 1—2, 1—2—3—4—snapping the fingers on 4 and 1 and clapping the hands on 1 when the lady and gentleman complete the circle and meet. Continue this twice then come together face to face, gentleman steps forward with left—lady back with right foot and continue the first step.

Fourth step—The turn is now made which may be called the pivot turn and is unlike any other turn used in the other dances.

The right foot is used as a pivot, the left foot moving or used to make the turn. The left foot touching the floor turn on a complete turn. The pivot is done two or three turns with a great deal of swing.

Now begin with the first step again and repeat the whole series.

If there are several couples dancing together the lady may change partners on the third step. That is instead of returning to her original partner at the end of the circle she may go forward to the next man, who is next to the left of her original partner.

This is the way the lulu fado is danced in the rural districts of Spain.

AT THE TEMPLE.

A pair of hard-headed ruralites in the back woods of Maine bickering, arguing and quarreling every minute they are awake and still occupying the same storeroom and the intervention of a sweet-faced girl as mediator furnishes the theme for the Temple's sterling head-line act on the week-end bill of vaudeville. This sketch, "The Chalk Line," is the famous success in which Harlan E. Knight and company are appearing and which is a headline act that would grace any bill. Mr. Knight introduces a couple of bass solos that are musical gems.

Bensee and Baird's singing and talking act is one of the best ever seen even at the Temple. Both the young people have excellent voices and Miss Baird's dancing is exceptionally good. They close with a Highland dance number that gets over big. A comedy magical act as done by Ziska and company is always a welcome diversion and the applause that greets their efforts indicates how thoroughly they are enjoyed.

THE ORPHEUM.

MARY FULLER.

Bewitching Little Star in "The Heart of the Night Wind."

How many admirers of Mary Fuller would have guessed that her histrionic repertoire included the ability to play an Indian maid? Few, indeed—or then again there are no few enthusiasts who believe the scope of this clever artist practically unlimited. "In the Heart of the Night Wind," however, Miss Fuller has created and acted a role for us that reveals her in an entirely new light.

The story tells of Night Wind, an Indian maid, who is a slavey in one of the northern lumber camps. She falls in love with Walter Sandry, the foreman, who is somewhat puzzled as to her attitude after he has kissed her impulsively. Dolly Ordway, a New York society girl, comes to the camp and she, too, falls in love with Sandry, and the two, the white girl and the Indian maid, begin to vie with each other to see who will win the affection of the foreman. One day a raft of logs is blown up in mid-river by a jealous competitor of Sandry's, and Sandry is seriously hurt in the log-jam that follows. Dolly and Night Wind both claim the privilege of nursing him, but how they succeed and who eventually wins him for her betrothed makes a story of appealing interest and one that is too good to tell here.

The balance of the program will be taken up with a Sterling comedy and some special musical numbers arranged by the orchestra, the principal selections being the "Respasz Band March" and a pretty little bit entitled "You for Me." Miss Lyons will sing as usual.

AT THE JEFFERSON.

MILLION DOLLAR MYSTERY Heads Jefferson List of Attractions,

Followed by "The Barefoot Boy."

With only one more week of suspense, today's installment of the Million Dollar Mystery marks the last milestone in the remarkable race which has been in progress for the last few months, and one that will end with the bestowal of $10,000 on several lucky persons throughout the United States. To say that today's batch of thrills are more exciting than the last would be but reiterating a statement made each time a new episode of this brilliant serial appeared. The resources of the directors of this picture for developing thrilling climaxes and exciting action seem well-nigh inexhaustible and each succeeding episode has proved stronger, more interesting and productive of greater situations than the last, and today's installment reaches the high water mark of them all.

Together with this excellent feature we have the phenomenal Kalem actress, Marguerite Courtot, starring in a sweet pastoral drama, "The Barefoot Boy." Miss Courtot was practically unknown six months ago and her sudden rise to fame was one of the seven wonders of the moving picture world.

Last, but by no means least on the roster, we have another consignment of Pathe War News, with visualized incidents of the present conflict.

AT THE EMPRESS.

People who want to laugh and laugh heartily cannot afford to miss the new show at the Empress. This bill, which opened at the Empress yesterday afternoon for the last half of the week, contains laughs of all sorts and variety and of various lengths and intensity. There is scarcely a moment during the course of the whole show when the audiences are not howling with merriment.

The big laugh act of the bill is contributed by Bach Brothers, gymnasts exceptional and comedians extraordinary. Their acrobatic work is performed on a trampoline and alone would make this act a headliner. Their comedy is mighty amusing and when the smaller innember of the team ejects about a half bushel or so of beans from his mouth as the other member of the team hits him, the fun gets intense.

Jones and Johnson, two colored comedians, have another one of the big laugh acts.

Quaint Fashions of '60 in This Gown

With its square bodice and skirt falling in stiff straight folds this evening gown is reminiful of the quaint fashions of 1860, which is often called "the period of good taste in American fashions."

The gown, which is of the "made in America" brand is white faille brocaded with silver, and a stiff band of white faille makes a prim, old-fashioned trimming for the bodice.

NOSTRILS AND HEAD STUFFY FROM A COLD OR CATARRH?

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear. -Adv.

TINY DRINK FROM SPRING IS FATAL

Water in Texas Spring is Filled With Acid and Arsenic.

Guadalupe, Texas, Nov. 27.—One small drink of the water of "Stinking Seep," a small spring that is situated in Culberson county, about fifteen miles southwest of here, means certain death to whatever living thing that imbibes it. The spring is in the heart of a desert region and countless numbers of cattle, wild animals and birds have come across it and in a half-famished condition drank from the little pool of water. Within a few minutes they fell to the ground in the throes of death.

For many yards surrounding the spring the ground is strewn with the bones of the victims of the deadly water. It is said that in the early days before the fatal properties of the spring were generally known many wayfaring men who happened along the dim trail that runs nearby welcomed the sight of the small hole of water and brought quick end to their lives by drinking of it. Its dangerous qualities are now so well known that human beings avoid it, and the cattle of the ranch are protected from it. It is only birds and wild animals that now fall victims to its death-dealing effects.

Dr. William B. Phillips, of Austin, director of the bureau of economic geology and technology of the University of Texas, visited the "Stinking Seep" not long ago and took from it a sample of the water, which he analyzed. This analysis shows 79 grains of free sulphuric acid per gallon and a trace of arsenic. Some of the water which Dr. Phillips placed in a galvanized iron bucket ate a hole through the bottom within thirty hours.

ENJOYED DAY TOGETHER.

A most delightful afternoon and evening was spent by about 200 members of the Turnverein and their families at the Turner hall Thanksgiving day. Such a good time was enjoyed that similar affairs will be held each year.

The afternoon was spent in a general good time and at 6 o'clock a sumptuous dinner was served. In the evening a program of music and comical acts was rendered on the auditorium stage.

CALLS DIVORCE GREATEST EVIL

Kansas City Bishop Puts Blame for Increase on Lawmakers.

Kansas City, Mo., Nov. 27. The alarming growth of the divorce evil and the futile attempts to reduce it are attributable largely to the class of citizens the people choose to enact their laws, according to Bishop Thomas F. Lillis, of the Roman Catholic diocese of Kansas City.

Bishop Lillis returned yesterday from Washington, where he went to attend the meeting of the board of trustees of the Catholic university. "I was shocked," he said, "when upon reaching home I read in the newspapers that in Jackson county there were 180 applicants for divorce and of this number 175 were granted.

Is the Greatest Evil.

"Those figures are shocking to our boasted civilization and our ideas of Christianity. The marriage bond was instituted ages ago and in matrimony we have the foundation of all human society. If one blight is greater than another surely the divorce is the greatest we have in the United States today.

"Because of divorce and the ease with which married couples can be separated, disorder and chaos reign in the family and decadence of morals is the consequence. Christ defined the relations of the marriage state and His apostles wrote of this union. At no time did He or they teach that this union could be dissolved and the parties free to enter into another marriage.

Forget Divine Teaching.

"The principal cause I believe to be the utter forgetfulness of divine teaching and disregard for the practices of the Christian ages. No law is plainer than that the bond of unity between man and woman in wedlock should not be interfered with by man.

"Every year we try to legislate with a view to reducing divorce to a minimum. But with each year the divorce evil grows. The attempts are futile because in many instances we send men to our legislatures who would rather aid divorce than prevent it. Occasionally it is better for a couple to be separated, but it is never good to have their difficulties aired before the public. It gives young people a bad impression."

DEMOCRATS MAY ALSO URGE IT

Republicans Plan Campaign to Secure Tariff Commission.

Washington, Nov. 27.—The executive committee of the republican national committee has decided to begin immediately a campaign in favor of the creation by the congress of a permanent tariff commission. The publicity bureau of the national organization will carry on the propaganda. The idea is that the demand for a commission shall be made prominent in the national campaign in 1916.

Numerous quiet conferences of influential men in the republican party have been held since the recent election, some of them here and some of them in New York city, and the decision was reached that the best way to approach the tariff question is through the advocacy of the establishment of a permanent commission to deal with the subject. It seems to be agreed that the public could probably not be interested in a movement looking to a revision of the tariff in the old way.

During the Taft administration a tariff board was created, composed of three members at the beginning, and later increased to five members, but it was legislated out of office by the democrats when they came into control of the house of representatives. Under the new proposal a tariff commission with a wide range of powers would be provided. The present thought of the republican leaders is to carry on the campaign in favor of an independent commission of at least seven members—a commission that would take its place alongside the interstate commerce commission and the trade commission.

Since the democrats came into control of the government they have from time to time given some consideration to the question of establishing a tariff commission, but the subject has not been presented to the congress in a formal way. One influential democratic senator said today that he would not be surprised to see the democrats take up the subject within the next two years and enact a tariff commission law. "If the republicans count on making an issue out of it, we may be forced to provide for a commission," said he.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Nov. 27.—Unexpected sharp declines at Liverpool caused a heavy setback today in wheat prices here. Much selling resulted in Chicago and there was no solid support until the break amounted to 2½c a bushel. Opening prices, which were ¾@⅞c to 2¼c lower, were followed by a further drop, and then a rally of about 1c from the low point that preceded.

The close was weak, 2¾c to 3⅛c net lower.

Corn fell with wheat. After starting ⅝@½c to 1⅝@1¾c down, quotations recovered nearly all of the loss.

The close, however, was weak at ⅜c to ⅝c net decline.

Notwithstanding the oats reflected the weakness of other cereals, there was no general unloading.

Provisions eased off a little, influenced by the course of grain.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair tonight and Saturday; colder tonight, with lowest temperature about 28 degrees.
For Indiana: Fair in north portion, rain in south portion tonight and probably Saturday; colder tonight.
For Ohio: Unsettled tonight and Saturday, with probably rain; colder tonight.
For Lower Michigan: Cloudy tonight and Saturday; slightly colder tonight in southeast portion.

WEATHER CONDITIONS.

A storm which has been central over the west gulf coast for nearly the whole week, and which has been giving continued and heavy rains in that section, is spreading slowly northeastward, the rainfall extending northward this morning over Arkansas and western Tennessee. The storm has given nearly seven inches of rain at Galveston this week.

Another storm has appeared over British Columbia and is giving some rains over western Washington.

While somewhat cooler weather is reported this morning from the northwest and the Lake Superior region, warm weather for the season continues general over the central and eastern states.

While the southwestern storm may spread far enough northward to give rains over the southern part of Indiana, fair weather will continue in this section tonight and Saturday. It will be colder tonight, with lowest temperature slightly below freezing.

GERMANY DETERMINED TO MAKE CLEAN SCORE

(Continued from Page 1.)

the rest of the front of Belgium and as far as the Oise, nor was there any action on the Aisne or in Champagne. Nevertheless Rheims was rather violently bombarded during the time that a number of journalists from neutral countries were making a visit to the city.

"In the Argonne some infantry attacks resulted in the loss and then the recapture of certain trenches. The men engaged in this fighting never exceeded a battalion. The ground lost and then retaken was never more than 25 yards.

"Along the heights of the Meuse and in the Vosges there is nothing to report."

CLERGYMEN WOULD FIGHT.

Resent Recent German Military Decree Exempting Them.

Berlin, Nov. 27.—The Evangelical clergymen of Berlin and its suburbs have signed a declaration protesting against the military decree which says that student clergymen, clergymen ordained or clergymen who have been pensioned may not be called to arms. In their protest the clergymen declare that this decree cannot be justified and is an insult to them. All other classes and professions have the honor of being able to fight for their country with arms, and they would do likewise. They are going to petition the reichstag to abolish this decree.

In her recent engagement with the Russian black sea fleet the Turkish cruiser Goeben lost eleven men killed. It is said that only one shot, and that above the water line, struck the Goeben.

STILL HOPES FOR FRIENDSHIP.

Emperor William Would See Germany and France Firmly United.

Paris, Nov. 27.—Emperor William is described in a letter received by one of the editors of Patrie, from a certain captain "M.," undergoing treatment at a hospital in the German fortress of Metz, as having visited the French wounded, saying:

"I give my imperial homage, gentleman, to your valor and notwithstanding the cruel circumstances of the present war I do not despair of seeing one day Germany and France united by ties of sincere friendship."

Telegraphing from Petrogard regarding the fighting around Lodz in Russian Poland yesterday, the correspondent of the Matin says: One German army corps which was surrounded by Russian troops, surrendered in a body. This represents nearly fifty thousand prisoners. Another corps, which also had been cut off, has now been completely put to rout.

"The Russians are attacking along the Czenotochowa-Cracow line with redoubled intensity."

GIRLS.

Who Can Learn Dressmaking?

Never fear that because you may now be unskilled you cannot learn dressmaking. If you can read plain English and thread a needle we can teach you by the S. T. TAYLOR SYSTEM of dressmaking to turn out the most elegant gowns imaginable. With average industry, application and care our STUDENTS cannot help becoming first-class dressmakers. There are ABSOLUTELY NO SERIOUS DIFFICULTIES to overcome. Everything is made so clear, plain, simple and easy to understand that the pupil, however unskilled at the start, is led step by step to a full understanding of each detail of dressmaking and ladies' tailoring from foundation to finish. EACH PUPIL is instructed separately and not in classes. Call, write or phone for further information regarding terms, etc. S. T. ACTION TWO MONTHS AGO

(Continued from Page 1.)

sence of the president declined to discuss the subject. It is believed here, however, that the president called attention to the article in The Hague convention of 1907, to which all the principal belligerents are signatory, which provides for notice of twenty-four hours before bombardment or attack, in order that non-combatants may remove themselves from the danger zone.

Whether there have been any unofficial responses from the belligerents was not known here today, but American diplomats were instructed by the president, it is understood, to handle the matter with such discretion and delicacy as would tend to end at once aerial attacks without notice and at the same time preserve the friendship which the United States feels toward all the belligerents involved.

Mentioned No Violation.

It is not believed that the president mentioned any specific violation, but expressed his views on the general subject of aerial attacks. Through unofficial character of the communication it was intended by the president to bring about a better understanding about aerial warfare without perhaps even mentioning the fact that they were doing so at the request of the president, as such methods of obtaining a desired end are not unusual in diplomacy.

SALES INCREASING.

Total of 101,000 Red Cross Seals Have Been Sold.

While no big sales were made Friday a total of 101,000 Red Cross seals have been sold since the campaign started. This is much better than at this time last year and the prospects are most favorable that many more seals will be disposed of than ever before.

Mrs. Anna Wise was a visitor at the headquarters of the Anti-Tuberculosis society Friday morning with the information that on about January 1 a bazar would be given by the Woman's Mutual Benefit club, of Washington township, the entire proceeds to be turned over to the Anti-Tuberculosis society.

HAD OVER 200 GUESTS.

Queen Esther Lodge Hostess at a 6 O'Clock Dinner.

Queen Esther lodge No. 324, Daughters of Rebekah, gave a dinner and dance Thursday evening at I. O. O. F. hall, corner of Calhoun and Wayne streets, the participants being members of that order and of Fort Wayne lodge No. 14, I. O. O. F. It was one of the best attended dinners ever given in that hall, there being 210 seats at the long tables and each with an occupant, while a number awaited an opportunity to get there. Ten turkeys, each weighing fourteen pounds dressed, were consumed, together with a lot of very palatable trimmings. Mrs. F. T. Benoy, assisted by twenty other members of Queen Esther lodge, prepared and served the viands. After the dinner the tables and chairs were removed from the floor and a dance program was given.

in another location of this issue of the Sentinel, tell of sales amounting to over $200,000, and they will offer within a few days 15 lots at "Fairfield View Place" addition, our most exclusive residential district. Much money is being spent in improvements, yet the price of lots in this addition will be right and will sell when offered. Your financial adviser may advise you not to buy at this time, but often that same adviser desires to use your money, and he may buy the bargain you had intended picking up. This bargain you can afford to buy quick, three houses, eight blocks from Court House, new pavements and sidewalks paid; these are five-room houses, both waters, electric light, lots alone are worth $900 each. Our price today $1,175.00.

This property will be sold as early as Monday. Phone or see Eugene M. Fitch, Mgr. Earth Department.

WAR LOAN IS FAR OVERSUBSCRIBED

London, Nov. 27.—(2:45 p. m.)—Chancellor of the Exchequer Lloyd George announced in the house of commons today that the war loan of £350,000,000 ($1,750,000,000) had been greatly oversubscribed.

In the course of a statement concerning financial conditions in the country the chancellor stated that the financial deadlock which followed the outbreak of war was due to inability to collect outstanding debts abroad.

As an instance Mr. Lloyd George referred to the United States which, he said, owed Great Britain about a thousand million sterling ($5,000,000,000), "but we could do no business," he added.

LOCKRIDGE IS ON THE PROGRAM

Fort Wayne Man Speaker at Council of English Teachers.

Chicago, Nov. 27.—President Wilson's practice of reading his message to congress was approved here today in a paper read at the fourth annual meeting of the Council of Teachers of English and in another paper his injunction to preserve strict neutrality with reference to the European war was scrupulously observed.

Commendation came from Orton Lowe, assistant superintendent of schools of Allegheny county, Pennsylvania.

"Not all pupils can be taught to write or even to speak well, but almost anyone of average intelligence may be taught to read," he said. "Reading is the most vital branch of English. Especially is this true of orating. President Wilson recognized this when he returned to the practice of delivering state papers by word of mouth."

Among the other speakers was Ross F. Lockridge, of Indiana university, who advocated free and frank discussions of civic problems among students, rather than the old-fashioned two-sided debate where the aim is to best a rival rather than to elucidate the subject.

WARMEST IN 42 YEARS.

Chicago Thanksgiving Weather of the Unusual Sort.

Chicago, Nov. 27.—Yesterday was the warmest Thanksgiving day Chicagoans have enjoyed in forty-two years, according to officials of the weather bureau today. The thermometer registered 64 degrees between 3 and 4 o'clock yesterday afternoon. Overcoats were discarded and base ball games were played throughout the entire city. The cold wave, however, is predicted by the weather bureau officials by tomorrow night.

CROKER WEDS INDIAN MAID.

Former Tammany Leader Takes Miss Edmondson as Bride.

New York, Nov. 27.—Richard Croker, one time leader of Tammany hall, was married in the home of Nathan Straus here yesterday to Miss Bulah Benton Edmondson, the granddaughter of a Cherokee Indian chieftain. Mr. Croker is 73 years old and his bride, who is a singer, is 28 years old. A large crowd assembled in front of the Straus home when it became known that the announced plan of a church wedding had been changed at the last moment.

Mr. and Mrs. Croker left this afternoon for Palm Beach, Fla., to spend their honeymoon at Mr. Croker's winter home. In April they will go to Mr Croker's estate in Ireland.

MANY HORSES FOR EUROPE.

Big Shipment for the French and English Governments.

Newport News, Va., Nov. 27.—With a cargo of one thousand horses for use by the British and French governments, the British steamer Raeburn was to sail early today for French ports.

The steamer Shenandoah is now here being fitted with stalls to carry about 1,000 horses and the steamer Raphael, it was announced, is expected to reach here today for a cargo of horses. All are British vessels.

SECOND VICTIM IS DEAD.

Z. D. Kelley, Hurt in Motorcycle Race, Succumbs to Injuries.

Savannah, Ga., Nov. 27.—Z. D. Kelley, of Savannah, one of the participants in the 300-mile motorcycle race over the grand prize race course here yesterday, died here today from injuries received when his machine struck a tree. This was the second fatality. Gray Sloop, of Mooresville, N. C., was instantly killed yesterday during the race.

At the end of last year the total membership of the 1,135 registered and unregistered unions known to the British board of trade was 3,993,769, an increase of 21.5 per cent., compared with the aggregate of 1912.

GERMAN CHILDREN USE RAILWAY COACH FOR SCHOOLROOM, FOR THEIR SCHOOLS ARE NOW HOSPITALS.

To accommodate the wounded Germans, the schools of Germany have been converted into hospitals. In order to accommodate the school children who would otherwise be kept from their studies, railway coaches have been converted into class rooms. The youngsters, no doubt, are a happier lot in this novel school than if they were shut in a stuffy class room. The photo shows one of the converted school rooms with its pupils and their schoolmaster.
